THEY'RE ALL RIGHT Say, those Star Laundry people certainly do know how to get a soiled shirt into such shape that a fellow doesn't feel like thirty cents when he puts it on. Collars and cuffs the same. It's a pleasure to wear linen done up by them. Just a little solicitude of a man who has found out how they do things at the Star Steam Laundry. Have YOU ever tried them?

IN ALBERTON AND VICINITY

Interesting Items Gathered by The Guardian.

James E. Mallett of P. W. College, returned home on Saturday.

Miss Beale Guard of P. W. College, home for the Easter holidays.

Willie Dyer paid a visit to Ellerslie on Monday, returning home by the night train.

J. Wilkinson returned home on Monday evening after spending a few days in Charlottetown.

Fred Mallett, in the employ of F. McKenzie, Summerside, spent Sunday at his home in Alberton.

Miss Carrie Pridham spent Easter at her home in Summerside. She returned to Alberton on Monday evening.

W.R. McKie, of the Merchants' Bank of P. E. Island, was a passenger to Alberton by the express on Monday evening.

T. B. and Mrs. Woodman and Misses Grace Matthews and Evelyn McLeod returned home on Tuesday from visiting friends in Summerside.

The streets are rapidly drying up, but along the country roads there is still a large amount of snow. In some places, in fact, the roads are almost impassible.

The wrecked mill at Coleman presents a scene of very great interest to passing travellers. The building itself is completely demolished, and scattered all about is a confused mass of broken pipe and other debris. A large piece of the boiler lies beside the railroad track at a distance of about one hundred feet from the mill. The report of the explosion was heard at O'Leary, a distance of between three and four miles.

THE EDITOR'S MAIL. R. B. NORTON TO THE EDITOR OF THE EXAMINER.

DEAR SIR.—From the savage manner in which you attack me it looks as if I had stepped on your pet corn and also that there might be "something in it." The columns of both Guardian and Examiner are heavily taxed just now, so I must be brief. I also know that a layman has a poor show in a fight with an experienced writer, particularly when that writer controls the paper.

I am going to carry the case to your own office for trial, calling you as witness and also make you judge, and am satisfied that your decision after cool, sober, consideration will be in my favor. First let me say, as I have always said, that I am strongly in favor of granting exemption from taxes, and in some cases giving free water, and in still more important cases even go so far as to advocate a cash bonus to induce new enterprises or new industries to come here, provided the rights of our people are safe-guarded and that the enterprise or industry is under the control (if a City affair) of the citizens through the City Council, or if a Provincial one, then, under the control of the Provincial Government. I am not, nor are the citizens in favor of the bill as it is now before the Legislature, nor were you a short time ago. Are you now? For evidence take your own paper of the last two weeks and of last summer and fall when the question became a live one, then answer. Come straight to the point and fight fair. Don't hedge as you have been trying for the last few days. You know me well enough to know that I hit straight and fight fair win or lose; then do you please do the same.

In your article of Thursday last there is as much equivocation as there used to be in some of the evidence given at the old time Scott Act trials in the Police Court.

Have you always tried to welcome a new concern to our city? For instance, what did you do to help along the Dunlop, Cooke people, only a few months ago? You would not publish one word about them paid, or otherwise. Was that helping to bring more business to the city?

In the present case you try to force the bill on the citizens as it is, in spite of them. When the people want anything, from a lamp at a certain point or more, they petition the Council for it. If a radical measure such as this they ask for it by plebiscite. Give them that chance now.

Have you asked Mr. Rogers if he was in favor of the bill as it now stands? If so, what was his answer? In this trial that I suggest, with you as judge and evidence, please take your own columns and read your different articles on the question, and then answer squarely.

R. B. NORTON.

BUY HAZARD'S BRAHMIN TEA.

ANNOUNCEMENTS.

—Go to the Kirk Bazaar today. —Any person having a house of six to eight rooms to rent in a desirable locality should apply at this office at once.

—100 scenes, chiefly the work of our Island amateur photographers, will be shown and explained, by Rev. T. F. Fullerton at the Opera House Thursday evening, April 23rd. Tickets may be had at usual prices and from members of the Y. M. C. A. See advertisements for particulars.

—Notice to the Public.—For more than 20 years Carter's Seed Catalogue has been published without missing a year. This spring, no doubt, thousands of people throughout the Province have been looking forward to receiving a copy of the Catalogue for 1903. The Publishers very much regret that owing to our winter seasons being caught in the ice for many weeks, the Printers were unable to procure enough paper suitable in the city to print even half of the regular edition of 12,000 copies, and it was not till nearly the last of March that a supply of paper was received. It was then too late to publish the Catalogue as it usually takes fully three weeks to print it. We trust the public will except this explanation for the non appearance of Carter's Annual Seed Catalogue for 1903. The business of the late firm of Geo. Carter & Co. will be continued by the new firm of Carter & Co Limited, who are forming a Joint Stock Co and will carry on the business both wholesale and retail in all its branches. Business has been resumed and the firm are busy filling their customers' spring orders of seeds. Mail orders will receive prompt attention. The patronage so long extended to the old firm is kindly asked for by the new company who will endeavor to merit the same.

J. Wilkinson returned home on Monday evening after spending a few days in Charlottetown.

Fred Mallett, in the employ of F. McKenzie, Summerside, spent Sunday at his home in Alberton.

A large piece of the boiler lies beside the railroad track at a distance of about one hundred feet from the mill. The report of the explosion was heard at O'Leary, a distance of between three and four miles.

DEATH FROM POISON. Medical Record Shows that Uric Acid in the Blood is a Swift Agent of Death.

Paine's Celery Compound The Wonder-Working Spring Medicine is the Only Reliable Blood Purifier.

In the springtime deaths from poison-uric acid in the blood—are common. This malignant poison which should be expelled by the kidneys, is diffused through the blood, and when allowed to remain in the system, proves fatal. Thousands of men and women around us are now suffering from kidney-poisoned blood. Lys of nerve force, failure of appetite, nausea, constipation, pains in the back and side and depression of spirits, indicate that uric acid is doing its terrible work.

For such a condition in springtime there is but one sure, tried and unfailing remedy; it is Paine's Celery Compound, which promptly restores the kidneys to health and enables them to perform their functions. With the kidneys in proper condition, there cannot remain the slightest trace of uric acid in the blood. Mr. Frank Balmer, Winnipeg, Man., writes about his wonderful cure as follows:

"Last year I was so ill that my family almost gave up all hope of my recovery. Kidney complaint, constipation and general weakness had almost wrecked my life. My blood was full of uric acid, and medical men told me my condition was such that they could not give me any decided hope. My wife finally decided to have me use Paine's Celery Compound. The first bottle produced such encouraging results that I continued the use of the compound. After the fourth bottle was used I was almost myself again. Six bottles completely cured me and raised me up again to attend to my daily work. I am satisfied that Paine's Celery Compound saved my life. It is better medicine than the regular doctor can give us in times of sickness. I always recommended it."

COMING EVENTS.

City Council meets on the second Monday in each month. Dr. James Warburton, Mayor; H. M. Davison, City Clerk.

The B. L. S. meets on the first Monday of each month.

sons of TEMPERANCE. Victoria Division, No. 4, meets in Wright's Hall every Monday evening at 8 o'clock.—John P. Tanton, Deputy G.W.P.

A FAMILY NECESSITY "Owing to the artificial modern life, all most everybody suffers more or less from constipation, torrid liver and sluggish kidneys, and as Dr. Casses and Dr. Phillips are the most prompt and thorough cure in this derangement, they have come to be considered a family necessity. Hosts of families would not think of being without them. One pill a dose, 25 cents a box."
