—TRANSFERRED TO PRINCE COUNTY—Miss Jean Townsend who has been on the Red Cross staff at Montague has been transferred to Summerside to look after the Red Cross work in East Prince. Miss Townsend is a daughter of Mr. and Mrs. Major Townsend of Sherbrooke.—S.

—FIRE ALARM—The Summerside Fire Department were called out about 11:15 on Tuesday morning for an alarm of fire on the premises of Mr. T. H. E. Inman on Beaver Street. The fire originated in the car when it was being started. It did not amount to much and was put out before the firemen arrived. There was no damage to speak of.—S.

—THE KENSINGTON STUDY Group held their monthly meeting in Kensington School on Friday, Nov. 23rd. Methods in teaching Nature Study were discussed and Inspector Williams gave the teachers assembled many suggestions with regard to this subject. The next meeting of the group will take place at 3 P. M., January 9th, when the subject of history will be taken up for discussion.

—WINTER SPORTS COMMENCING—With the cold weather of the last few days those who enjoy winter sports are beginning to think of the winter program. The Crystal rink has been flooded and Mr. Harris who has charge of it this year is preparing for the opening and arranging a good program for this season. The curlers are also getting ready for a good winter's curling. The harbour is now frozen over and one or two people have been seen to cross the ice to the Bedoune shore, but it is a little risky and not yet safe for teams. The smart fishermen have put out their small huts and are making fairly good catches.—S.

—W. A. ANNUAL MEETING—Owing to the temporary indisposition of the President, Mrs. Alden Moore, Mrs. Henry Mill, 1st Vice President, presided at the annual meeting of the New London parish W. A. in St. Mark's Hall, Kensington, Dec. 5th. After the devotional period led by Mrs. Mill and prayer by the Rev. Mr. Fream reports from the different branches were read and approved very satisfactorily. The reader then took the chair and installed the officers for the new year: President, Mrs. John Townsend; 1st Vice President, Mrs. Henry Mill; 2nd Vice President, Mrs. George Proffit; Secretary, Miss Lillian Pidgeon; Treasurer, Mrs. Edwin Paynter; Thank offering, Mrs. W. Paynter; Dorcas Secretary, Mrs. A. Henry; Living Message Secretary, Mrs. B. Moore; Little Helpers, Miss Jessie Murphy; Corresponding Secretary, Mrs. I. Howard; Prayer Partner, Miss Bertha Millman. The meeting closed with an address and prayer by the Rev. Mr. Fream. The next W. A. meeting to be held Jan. 2, 1935, at the Rectory. Tea was served by the Kensington branch.

—Mr. Benj. Arsenault of Summerside has entered the Prince County Hospital for treatment.—S

—Mr. James Bernard of Richmond is a patient in the Prince County Hospital.—S.

—ADDRESS AND PRESENTATION A very pleasant evening was spent at the home of Mr. and Mrs. Freeman Bowley, Middell, Thursday, Nov. 22nd, when the neighbors and friends of Mr. Daniel Long gathered to bid him farewell on the eve of his departure to reside with his sister in Randolph, Mass.

Mr. E. Webster was chairman in a brief speech he disclosed the purpose of the gathering and called on Mr. Thomas Cullen, who read the following address:

Mr. Daniel Long, Middell, P. E. I. Dear Friend: We, your neighbors and friends, have gathered here tonight to bid you farewell on your departure for the United States. Being so many years that you have lived amongst us, you have always been an obliging neighbor and a true friend and your cheerful helpfulness, even in time of depression, was an inspiration to us all to carry on and we shall certainly miss you. We shall not forget you Dan, and we hope to see you often when you visit your friends on "the Island". That you may have many happy years, filled with the best that life can give is the wish that accompanies these tokens of our regard.

From your friends, Marie, McGill, Milburn, Morell East, Banzer and Morell.

The presentation of a beautiful leather coat with fur collar was made by Mr. Patrick Mullins, a pair of leather gloves by Mr. Fulton Dingwell, and two chambray flannel shirts by Mr. Wilber Webster. Mr. Long in his usual genial manner thanked his many friends and assured them that he would never forget their kindness. All then joined in singing "For he's a jolly good fellow". Brief speeches were made by Messrs R. E. Webster, William Robbins and Freeman Bowley and Mrs. Freeman Bowley, who complimented Mr. Long on his many good qualities as a neighbor and friend. Lunch was served by the ladies. All joined hands and sang "Auld Lang Syne". A pleasant evening was brought to a close by singing the National Anthem.

—SOURIS WEST SCHOOL Honor roll for November— Grade X—1, Joseph Cairns. Grade VIII—1, Irene Kichham. 2, Thomas Flynn. Grade VII—1, Frances Kichham; 2, Harry Lammigan; 3, Marguerite Mullaly. Grade IV Sr.—1, Eugene White; 2, Hubert Lammigan; 3, Maud Dugan. Grade IV Jr.—1, Ellen Douglas MacDonald; 2, Isobell MacDonald; 3, Claire MacDonald. Grade II—1, Alice Dugas; 2, James Kichham; 3, Mary Kichham and Helen B. MacDonald, equal; 2, Ruth Finnan. Perfect attendance: Irene Kichham, Mae Dugas, Floris Lammigan, Francis Kichham, Marguerite Mullaly, Edward Gauthier, Claire MacDonald, Isobell MacDonald, Alice Dugas, Mary Kichham, James Kichham, Ruth Finnan, Eugene White, William A. MacKinnon, teacher

—Dear Old Island home of mine, Off away from thee I pine For the waving fields of corn, For your smiling summer morn, For your Autumn's colored flare, Ringed, dethroned, and bare, For the hospitable roof, Straggled costly aloof— When the wintry winds may blow, Shrieking racing lulled or low; Till the whisper of the spring Gladdens every living thing, Dear Old Island home of mine.

Dear Old Island home of mine, Dear old proven ways of life, Safe, secure beyond the strife; Safe from strain to phantom ends That can never make amends To the children lost to thee; Cradled garden of the sea; Where the gently sloping hills Rise away from purling rills; Where the borders of your farms Undulate by woodland charms Where those stately trees compare So to people standing there; Dear Old Island home of mine.

Dear Old Island Friends O mine: Greetings each to thee and thine: Greetings of the Christmas Tide— Greetings to thee blessing bride, Greetings to whom years adorn, Greetings to you newly born, Greetings to you led to play, Gallant swains and maidens gay, Men of duty's grave affairs, Matrons faithful to your cause— Greetings, love and cheer to all, Humble home and mansioned hall, Love and greetings friends o mine: Greetings to you, and thine. —James Matthew MacLean 2149 Nelson Ave. New Westminister.

The total production of potatoes in Canada in 1934, according to the preliminary estimate, will be 47,241,000 cwt. from 568,000 acres. This represents 83 cwt. per acre compared with 81 cwt. per acre from 527,700 acres in 1933.

Alberton

Farmers about Alberton and vicinity are taking advantage of the good weather and are collecting real nice piles of fire wood at their doors.

The usual brisk December trade is in full swing at Alberton these days and the store keepers are to be commended on their window displays.

Mr. and Mrs. A. L. Rennie, of Elmsdale, who have been in Boston on a two weeks trip, returned home on Dec. 8th.

The marriage took place at the United Church Manse, Vernon River, Wednesday afternoon, Nov. 25th, of Mr. Charles A. Gordon, son of Mr. and Mrs. Murray Gordon, of Caspuc, and Miss Maria H. Wilkie, daughter of Mr. and Mrs. James Wilkie of Alberton. The bride was becomingly gowned in brown flat crepe and was attended by her sister, Miss Laura Wilkie. The groom was supported by Mr. Heber Proffit of Bloomfield. Rev. A. S. Weir officiated. The young couple are well known and highly esteemed in Alberton and vicinity and are to reside in Caspuc.

The young couple are providing wonderful recreation for the young or old people that enjoy a good skate. However, they all should be careful, as there are liable to be some thin places in the ice at this early season.

Mr. James Hunter, of Summerside, was a visitor to Alberton Sunday. He came by car and reports the roads very good.—A.

On the evening of Tuesday the 27th, a large group of neighbors and friends, headed by a delegation of local fishermen gathered at the home of Mr. and Mrs. Neil S. McPhee, North Lake, the occasion being an address and presentation to Mr. McPhee.

After the guests had assembled, Mr. John J. Campbell of Elmira, was unanimously chosen to preside and called upon Mr. F. D. Bennett, who read the following address:

Dear Mr. McPhee—We, a few of your patrons and friends have assembled here tonight to show in a tangible way our appreciation of valuable services rendered. As manager of the Big Gloucester Fish Company (better known as the Gorton Peewee or the Big Four), we patrons have found you honest and upright in your dealings with us. Of a very cheerful disposition, you, sir, have trusted us in many ways showing that you were no more distrustful and had confidence in your patrons. When we learn that other managers along the coast were much more stringent in their methods of handling fish, we feel we "got away easy" under your hand. As competition in the world is very keen amongst the producers of all commodities, fish included, we must understand that if we are to be competitive we must not be disappointed if the lid is closed a little tighter. It therefore behooves us, as fishermen to fall in line with any methods that may be put forth and we feel you have both the ability and "crust" to put them forth.

In conclusion may we ask you to accept this small token, not for its material value, but as a token of our appreciation of valuable services rendered.

Signed on behalf of your fishermen, friends and neighbors, F. D. Bennett.

Mr. McPhee was then presented with a handsome walking cane. Though completely surprised, Mr. McPhee replied in a few well-chosen words and with characteristic modesty explained his connection with the fishing industry. He gave an interesting description of the requirements of the markets of today, and stressed the need of fishermen producing only the best product. He condemned the careless methods of fish-curing and insisted that it was in the interest of everybody to promote modern ideas.

Speeches followed by Mr. Chairman, Mr. S. J. Rose, of Montague, Geo. McDonald, D. J. Campbell and others in which the complete gratitude of the entire community was tendered Mr. McPhee for his work for the fishermen.

It was recalled by Mr. McPhee that when Mr. McPhee first embraced the fishermen's cause, that the outlook was very dark. But Mr. McPhee persevered in spite of setbacks and often of bitter opposition, and finally triumphed when he induced the Gorton-Peew Fish Company of Gloucester, Mass., to buy fish on our shores and thus open the great American market to our fishermen. As a result of his industry, some eight thousand dollars had been circulated in the district.

—CANCER CELLS ARE KILLED BY NEWLY-FOUNDED SERUM LONDON, Dec. 10.—Discovery of a serum which kills cancer cells after they have been removed from the human body, and does no injury to healthy human tissue so removed, was announced here today by Dr. Thomas Lumsden, director of the London Cancer Research Laboratories.

Lumsden, one of the best known among conservative cancer scientists, said the serum cannot be reported as a discovery to the court of governors of the London hospital.

The scientist, emphasizing strongly that the serum "is only in the experimental stage and has not reached the point where it can be tried on human beings, nevertheless said a stage had been reached in which the serum will kill cancer cells removed from the human body without damage to normal cells similarly treated.

The serum, Dr. Lumsden reported, was obtained from the blood of

an animal after cancerous cells from the animal of a different species had been implanted. (Human cancer cells live and grow indefinitely in laboratory test tubes and healthy tissues do the same. These furnish the material for experiments outside the body.)

As a further step in his investigation, the scientist said that the serum will kill cancer cells implanted from one animal to another animal of the same species, and so raises the possibility that once animals are cured it is impossible to infect them with cancer again.

The report, stating that Lumsden and his co-workers are engaged in refining the serum, concludes: "The most that can be said is that this line of research offers distinct encouragement. It might be mentioned that there is no evidence that cancer is due to a germ or is infectious in the general sense."

ALL SHOULD DO PART MONTREAL, Dec. 11.—(CP)—Women who did not really need the money they earned, were advised by Mrs. Pierre Casgrain, president of the League for Women's Rights, to give up their jobs to make room for more needy men or women, out of a spirit of sportsmanship. But men whose incomes were larger than their needs called for should do their part too in this regard.

Pacifists Object To Haig Memorial

(By The Canadian Press) ALDERSHOT, England, Dec. 10.—In pacifist quarters some objection has been raised to certain details in the window to the memory of Earl Haig, which has been placed in St. Andrews Garrison Church here and recently unveiled by the Duke of York. The window is the work of W. J. R. Cook of Edinburgh, and was subscribed for by officers and men of the Scottish regiments.

On the left are depicted Royal Engineers repairing a bridge over a river, infantry preparing to charge the enemy lines, the war as fought in the air and tanks advancing over "no man's land." On the right the medical staff is represented by a base hospital. There is also the representation of a cavalry skirmish, the men who manned the trenches in the Channel during the submarine peril, and a camouflaged gun in action.

Along The Waterfront

Island Fertilizer Co's Wharf

The S. S. Don, Captain Jacobson which arrived in port Friday afternoon with a cargo of 2000 tons of fertilizer from Riene, Belgium for the Island Fertilizer Company, will finish discharging her cargo this evening.

The tug Anis, Captain Burnham, paid off all her crew Saturday, but the chief engineer Roebuck who will remain to overhaul the engines and boiler so as to have her in readiness for next season.

The Government tug Fredericton, Captain Dicks is now laid up.

The tug Bally, Captain Genge is laid up in Rustico for the winter months along with P. W. D. Dredge No. 2, Captain Murchison.

C. G. S. Brant, Captain Basil Kelly is busy engaged in lifting the harbour buoys and placing them on the Marine Wharf.

C. G. S. Arammore, Captain MacDonald has sailed, she will complete the picking up of the buoys in the Straits on this trip, after which she will sail for Halifax.

Ferry Wharf

S. S. Hillsboro, making daily trips between Charlottetown and Rocky Point, but for how much longer remains to be seen as the ice is making quickly in the docks and rivers.

Pickards Wharf

S. S. Harland, Captain Hughes in port.

Railway Wharf

S. S. Tuml, Captain Hansen now in port loading a cargo of potatoes and turnips for New York shipped by the Potato Growers Association.

Lyons Wharf

Sch. Eliza Coreham, Captain MacLeod, laid up.

FAIL TO FIND BODY

(C.P. By Guardian's Special Wire) MONCTON, N. B., Dec. 11.—Further search of the Bouctouche River in Kent County by fishermen and others failed to reveal the body of Adelaar LeBlanc, twelve year old orphan boy, who fell through the thin ice on the river while attempting to skate across the ice-covered stream on Sunday. The search will resume tomorrow morning at daylight.

Business Girls Get Relief

If overwork saps your strength... If weak spells, allow cheeks, sick headaches, restless nights and peevish days take the joy out of life, start rebuilding your health with Milburn's Health and Nerve Pills, just as thousands of business girls and older people all over Canada are doing every day. A remedy tried and proven for 40 years. At drug and general stores.
