## Eminent Physician Explains Cause of Gout, Rheumatism, &c.

The real cause of gout is due to the excessive use of certain articles of food and drink, which in a man leads to a disturbance of the functions of the liver. As a result harmful products such as uric acid are thrown into the blood, causing the condition known as gout. Consequently it follows that, having proper diet and maintaining liver activity, a cure can be effected. Probably no physician has achieved such success in liver disease as Dr. Hamilton. His pills of Mandrake and Butter-nut are everywhere acknowledged to be a specific for slow, weak or sluggish liver; they give tone and vitality to this organ that enables it to perform its duties with ease and certainty. Once the liver is corrected, Dr. Hamilton's Pills apply their peculiar

merit to the kidneys and eliminating organs. This cleanses the blood and sends it back through the system, full of nourishment and strength. Rheumatic tendencies are no longer noticed, for pure blood kills the poison that causes rheumatic aches. Dull, aching twinges, stiff joints, and difficulty of exertion become things of the past. Of course by rheumatism such complaints as sciatica, lumbago and neuralgia must be included, for after all, what are they but manifestations of rheumatic poison? Thus it is easily seen that a world of good is accomplished by Dr. Hamilton's Pills. Acting as a blood tonic for the system their benefit is incalculable. 25c. per box or five boxes for \$1.00, at all dealers, and be sure you get the genuine Dr. Hamilton's Pills.

### "A FREE PRESCRIPTION."

It is a well known fact as spring approaches, it becomes absolutely necessary if health is to be maintained to make a complete change of diet, or more strictly speaking something must be added to our bill-of-fare to nullify and counteract the tendency to biliousness accruing from a meat diet.

It is a significant fact that the doctors are advising their patients to use celery largely, but it must be remembered Doctors like Lawyers do not give advice free. We expect a large consignment of celery to arrive this week and advise not only the sick but the well to use celery if obtainable, the old adage. "Preventive is better than cure" come in here.

### SCRAPS.

If we sit down at set of sun,  
And count the things that we have done,  
And, counting, find  
One self-denying act, one word  
That eased the heart of him that heard,  
One glance most kind  
That fell like sunshine where it went,  
Then we can count the day well spent.

"The ideal life of full completion haunts us all, we feel the thing we ought to be, beating beneath the thing we are."  
—Phillips Brooks.

...It was 11 p. m. and the conversation had begun to lag. Finally the spirit moved young Staylate and he said:  
"Those Kentucky night riders are a bad lot, aren't they?"  
"Oh! I don't know, rejoined Miss Wearium, as she tried in vain to strangle a yawn. "They might be worse."

"Why, how could they?" he asked.  
"They might be night sitters," she replied.  
Whereupon the young man in the parlor scene suddenly remembered that his mother might be away about him and proceeded to leave away.

### CHOICE OF TWO EVILS.

When Charles Dudley Warner was the editor of the Hartford (Conn.) Press back in the sixties, arousing the patriotism of the State by his vigorous appeals, one of the typesetters came in from the composing-room, and planting himself before the editor, said: "Well, Mr. Warner, I've decided to enlist in the army."  
With mingled sensations of pride and responsibility, Mr. Warner replied encouragingly that he was glad to see that the man felt the call of duty.  
"Oh, it isn't that," said the truthful compositor, "but I'd rather be shot than to try to set any more of your copy."

Easter signifies something more than a new hat, or a costly garment. It should mean an honest self-examination, forgiveness to the friend whom you thought was untrue, and above all a sincere determination to make those whom Heaven has placed in your path of life, a little happier and a little better by some kindly word or act.

### TO AVOID THE RUSH.

To avoid the rush incident to Saturday Easter market, we would advise all who can to do their marketing for meat and vegetables on Thursday, on account of Good Friday being a holiday we will be open for business Thursday and Saturday. Celery, lettuce and parsley will be some of our leaders.

Pure maple syrup and maple sugar will taste good, some of our naval oranges and lemons will also be a necessity.

A fat wild goose goes without saying.  
In the vegetable department we have everything seasonable. A dozen cans of our own growth and pack of ripe tomatoes at 75c should be irresistible. Just 6 1/2 cents per can and you know and we know that they are a scrupulously clean pack.  
Our vegetable department include celery, lettuce, parsley, parsnips, carrots, beets, onions, turnips, potatoes, etc.
