SERMON ON DESCENT TO HELL

New York, April 24.—That Christ descended into hell, one of the clauses of the apostles' creed, was declared to be a doubtful scriptural foundation by the Rev. Robert S. MacArthur, pastor of the Calvary Baptist Church, in his Easter sermon.

"The clause reciting that Christ descended into hell ought never to have been in the creed," said Dr. MacArthur. "This doctrine was smuggled into the creed. It rests upon doubtful scripture, and it is better far that the clause should be omitted than the creed be recited. 'The apostles' creed in its present form,' he said, 'was not found until the early part of the eighth century. None of the apostles ever heard of it. The first teaching is that Christ was really dead. This was no case of swooning or syncope. The surprising thing to the Roman soldiers was that he died so soon. He lived only six hours, while it was not uncommon for a man to live two or three days upon the cross. 'Christ rose the third day, according to the scriptures. In the majesty of august silence he arose. God's greatest works are often done in silence. Jesus stepped out of that tomb, the conqueror of death and Hades. This is the unique fact of history. To disprove this is to disprove all. The resurrection implies the divine life and the divine birth. 'We are entering a new phase of New Testament criticism. Before ten years the virgin birth of Christ will be fiercely disputed. Nay, it is even now disputed. This week an Episcopal clergyman is to be tried for denying the virgin birth of Christ. While we are entering this fierce conflict let us hold fast to the blessed fact of Christ's resurrection.'"

OAKLAND, Cal., April 24.—The San Francisco daily newspapers, all of which were burned out, are gradually getting into shape. On Thursday morning the least showing the morning journals could make was a small combination sheet bearing the heading: "Call, Chronicle, Examiner." It was set up and printed in the office of the Oakland Tribune, and gave a brief account of the great disaster and took an optimistic view of the future of the stricken city.

Yesterday and today the papers, though still printed in Oakland, have appeared under their headings, and with a few illustrations showing scenes in the streets of San Francisco. It is expected that within a short time they will be able to replace their plants and present their former appearance.

RAILWAYS AND MINE MEN OPPOSED TO SUNDAY BILL

The Evidence Now Concluded—Public Accounts Committee Investigating Intercolonial Railway Accounts, Including a Supply Company and an Oil Company—An Agent Declines to State Amount of His Commission on Purchases.

OTTAWA, April 24—(Special)—The committee on the Lord's Day Bill today finished hearing evidence. The Superintendent of the Canadian Pacific west of Lake Superior stated that if the running of trains on Sunday were stopped it would reduce the volume of moving grain fifteen per cent. The Hull Cement Co., the oil well interests and the British Columbia mining interests opposed the provisions of the Bill. Matthew Lodge, Secretary of the Eastern Railway and Supply Co. of Moncton was examined before the Public Accounts Committee as to the relations of that Company with the Intercolonial.

He said they had contracts for oil, for steel and for belting. The oil was obtained from the Imperial Oil Co. He declined to state the amount of his commission. The transactions of the Supply Company with the Intercolonial last year amounted to forty-one thousand dollars. The Company had been incorporated in Newfoundland. The President was A. M. Lordly, clerk in the office of Pearson & Pearson, Halifax. G. F. Pearson had been Secretary. Mr. Lodge said he was also Secretary of the N. B. Petroleum Co., which supplied oil, to the Intercolonial. The directors were F. H. Sumner, President; B. F. Pearson, A. D. Richard, Chas. S. Hickman, A. R. McLellan, Jos. Allison, Daniel Currie and F. H. Deacon. Hon. Mr. Emmerson ordered this bill to be purchased for the Intercolonial. Mr. Emmerson had been President of the Company. In Parliament today W. H. Bennett moved a resolution declaring the recommendation of the Transportation Committee should be carried out involving the nationalization of the principal Canadian ports, constructing the Georgian Bay Canal and other expensive enterprises. The debate was adjourned and little business was done.

HE SAYS GORKY DOES NOT COUNT

New York, April 24.—Gregory Maxime, the recently arrived agent of the Russian revolutionary fund, and who made his first public appearance last night, at the Grand Central Palace, said later, according to to-day's World, that Maxim Gorky was unimportant. "I do not believe he has harmed the cause of the revolution in this country," was the way he answered a question as to the character of Gorky. "He is an idealist and romanticist," said the young fighter. "Nobody sent him here. He came of his own free will in hopes that his great name might inspire the Russians in this country to aid their brethren on the other side." Maxime said last night that he was called by the Revolutionary committee and told to go to New York. He said that since he started from Russia he had been given several hundred thousand dollars for the revolutionary fund.

MUST WAIT FOR NEWS FROM FRISCO

SAN FRANCISCO, April 24.—People need have little solicitude for their friends who were here as tourists at the time of the earthquake. It may safely be asserted that few, if any, such persons have been killed or injured. The casualties, with few exceptions, were confined to the occupants of cheap lodging houses. As the people are scattered far and wide and the destruction of telegraph facilities renders it impossible to find them, and to communicate with them. A great many strangers do not know where the temporary offices of the telegraph companies are located, and these offices have been necessarily shifted from time to time.

He first accuses certain individuals of trying to get some officials of the association dismissed from their employment as miners, on a pretence that they persuaded other miners not to sign the equal rights petition. ST. JOHN, April 24.—Before the full bench at 2.30 Saturday afternoon, Miss Mabel French was sworn in attorney of the supreme court. There was a large attendance of spectators, including many ladies. The barristers were present in large numbers. The chief justice, in opening the court, said he had received from the Barristers' Society a petition recommending the appointment of Miss French, as the legislature had removed all impediments. He would ask Miss French to step forward. Dr. Earle, president of the Barristers' Society, moved that she be made an attorney, and the oath was administered by Clerk of Pleas Allen.
