James Callaghan sells the best \$20 College Overcoat in the city, made with reversible collars. This coat is good value at \$24.00, but as an advertisement he will sell a limited number at the above price. It will never pay you to buy ready-made clothing in Charlottetown, where you can buy made to order clothing so cheap. There is no other city in the Provinces where you can buy made to order clothing at anywhere near the price that they can be bought for in Charlottetown. In New York city the centre of fashion, they consider a made to order garment is worth twice the price of a ready made one, in fact there is no comparison between them. ttdrft.

Attention is called to the change of address in another column of Cameron's Home-made bread. The name of Joseph Crabbe, corner Euston and Weymouth Sts. are now added to the list of those who handle the "Home-made Loaf." Patrons will also take note that a trade mark or small label has been adopted. This is in line with the progressive spirit of larger cities and towns where all bread is labelled with the name of the maker. 10-291dl.

ANOTHER LETTER TO MESSRS PROWSE BROS

Dear Sirs I was very pleased to read of the progressive step you have taken to adopt in your large and ever increasing business I refer to the cash or one price system. First it treats every person alike for I have always detested having to barter with a salesman in order to get a better price. Second it allows the merchant to sell at a much lower figure as there is no bad debts and no waiting for the money which may never come. Third it makes the consumer deal on a surer basis giving him more self respect and self control. Fourth it removes the temptation to buy things which one cannot quite afford but who would nevertheless buy hoping to be able to pay in 3, 6, 9, or 12 months as the case may be and fifth it saves the dealer a lot of unnecessary expense, annoyance, vexation, and worry, and puts business on a firm and sure foundation also helping to build up a healthy moral atmosphere throughout the community. AT THE KING'S CORONATION. OTTAWA, Oct. 28—It is the intention of the Government to provide Officially for the representation of the Parliamentary Opposition at the Coronation of King George. The question will come up immediately after the opening of Parliament. Canada will be represented by twenty Liberal members and twelve Conservatives. Sir Charles Fitzpatrick, and the Premiers of the various Provinces. MARITIME SECURITIES. Oct. 27, 1910. Quotations furnished by J. C. Mackintosh & Co., Exchange Building, Halifax, N. S.

A GOOD POSITION

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay between \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute operates six official institutions in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., Philadelphia, Pa., Memphis, Tenn., Denverport, Ia., Columbia, S.
