GERMAN "HAMLET" SCORED

Seldom has a great man of letters been so severely criticized as Gerhart Hauptmann, Germany's most famous poet and playwright, following the recent production in Dresden of his version of "Hamlet." Hauptmann's theory is that the fourth act of Hamlet, as it is today, contains only the mutilated remains of what Shakespeare wrote, and that the first actors who played Laertes, dissatisfied with the part, fished lines and scenes which Shakespeare had given to Hamlet. Hauptmann gives back to the Dane the lines he thinks he should have, and therefore plays Laertes at the head of the rebellion against King Claudius. He has written six new lines, and interpolated new lines, and has moved the "To be or not to be" monologue from the third to the fifth act.

—DEBATING KEEN.—The Debating Club recently organized, is affording at their weekly meetings keen pleasure and much entertainment of educational value, as well as practise in public speaking. They meet in the new hall, Elmira.

—DEPARTURE REGRETTED.—Mr. George B. McEachern, retired civil servant, who has been residing on the old homestead for the past three years, held an auction sale recently, sold off all his movables, live stock, etc., and left for Ottawa, to reside with his son and daughter at the capital, his sister, who was living with him, and his housekeeper having died this fall, probably was the reason for the change of residence.

—WILL REMAIN IN KINGS.—The Hon. Lauchlin McDonald, who held a clearing-out auction sale a few weeks ago with the intention to go to live in Charlottetown, has finally decided to remain on the old homestead. He still holds the big "Prospect Hill Farm", but is selling his timber lands to the rear, and adjoining the Elmira farms, in lots to suit customers. Mr. McDonald of Hermanville, surveyed out a number of these lots for the buyers, and there are now several recent sales, and more to follow.

—PROPERTY CHANGES.—With the really good year for potatoes in this district several farms and realties are being purchased by the successful growers. Mr. Daniel Murphy and Gerard Campbell, of Lakeville, have between them purchased the John P. Campbell farm at North Lake and have the Land Surveyor dividing up the property. This is a splendid buy, not only for the large area of good, dry, cleared land, but more important perhaps, for the splendid heavy, spruce timber on the rear. Heavy spruce timber is now quite rare, but much of the virgin growth yet remains in this property. They purchased from the widow now residing in Gloucester, Mass. Mr. Willie Fraser has acquired a 50-acre lot of woodsland at Munn's Road.

—ELMIRA.—There is no dissatisfaction among the good growers at Elmira. All with few exceptions, are fairly well satisfied with the year's transactions in the potato line. The reason of this is that here there was a general good crop of Certified Seed, and, on account of the soundness and fine, healthy growth few fields had fire, healthy growth, few fields were turned down by the inspectors. There was practically no rot or disease of any kind in the potatoes grown in this district. All, or nearly so were saleable, with a big crop of sound potatoes, the farmer-growers made good money, even if the prices were low. Over thirty thousand bushels of Certified Seed, also were shipped from Elmira Station, not to mention table stock, which probably equalled the seed-stock in quantity.

—REPORT OF GASPHEREAUX WOMEN'S INSTITUTE.—The monthly meeting of the Gaspereaux Women's Institute, took place at the home of Mrs. Lawrence McHerron on the evening of Jan. 16th, the meeting opened by singing "It's a good time to get acquainted". Roll call was answered by twenty-three members. Two more members were added to the membership list. Eight visitors were also present. The discussion regarding rugs, cushion covers and other articles for the National Exhibition was finished. Several members decided to send those articles. All members of this Institute were in favor of a monthly Institute paper. A committee was appointed to visit the sick in this district. It was voted that the secretary buy clothes hooks for the accommodation of the children's coats at the school. The entertainment committee gave a splendid half hour program. The meeting closed by singing the National Anthem. A dainty supper was then served by the hostess of the evening. The Gaspereaux Institute wishes to tender their thanks to Mrs. McHerron and Mrs. Graham for their hospitality.

—Mr. Joe Bailey who has been managing the Hughes Co. Store at Elmira Station, for some time, is now succeeded by Mr. O'Keefe, who by the way, is rapidly ingratiating himself into the good grace of the district.

Abney And Vicinity

Each day brings new events! And so on January 18th, an aeroplane was seen passing over Abney. Before it came in sight, the roar of the engine was heard, some thinking it was a boat in the Northumberland Strait and others, that a car was stalled in the snow. But at 10:45 A. M. the plane was seen quite plainly by the teacher and pupils at the school, as the school had been just dismissed for recess. It was also seen by quite a number of others in the district. When seen, it was going in a north-east direction. Excitement ran high for a few moments among the school children, at it was the

first aeroplane they had ever seen.

Miss Sadie McInnis, and the Misses Muriel and Helen Reynolds has been visiting at Abney the guests of Mrs. Everett H. Buell.

Mrs. Benjamin Reynolds and little son, George, spent January 15th with her sister at Abney.

Miss Annie Laura Beck, who is working at Montague, visits her parents quite often, thus showing how closely the ties of home, bind. Miss Beck is greatly missed in the Sunday School here, as a teacher and Secretary.

Miss Blanche Buell is at present employed in Moncton.

Miss Miretta Buell has returned to Charlottetown, after visiting her parents and relatives.

Miss Anna May Haberin, teacher at Point Pleasant, spent her Christmas holidays with her brother, Arthur, at Bayfield, N. B. She was accompanied on her return home by her sister, Margaret.

His many friends were glad to see Mr. John Gormley, Postmaster, able to be about his duties again, after being confined to his home for some time.

Mr. Alex. Buell, mail courier on Abney Rural Route, continues to give satisfactory service and makes the trip in quick time with his young speeder. It is quite safe to say that Alex. is the proud possessor of one of the finest driving mares in this part of the country.

Mr. Morris Atwood who has been working at Marshfield, P. E. I., has returned home and is now engaged in the smelt industry. —J.

"CYRANO" FIRST NIGHT BUSY

To all the troubles of the usual "first night" of a play, many more were added for Mrs. Robert Loraine, wife of the famous actor, at her recent debut as "Roxanne" at the opening of the revival of "Cyrano" in London. At the end of the first act the curtain refused to while to come down, and she had to hold her position until it did. Later in the evening, when she was acknowledging applause, the descending curtain fell on her arm and gave her a shock and a slight injury. Still later on the stage alone, and he was "dying," a stage tree fell on him. He arose, pushed the tree back, and then resumed his "dying." The audience took the mishaps kindly, and declared Mrs. Loraine a good actress and a good sport.
