

LAST TRIP FOR YEAR.

The Boston Floating Hospital on Wednesday made its last trip down the harbor for this year. This great charity that cares for helpless little ones regardless of creed, color or nationality has found a warm spot in the public heart, and it would seem that funds for carrying on its good work must always be forthcoming. A few days ago it received an endowment of \$5,000 from a woman who prefers to remain unknown in the matter, and other sums of smaller amounts have been contributed.

Nature Study in Rural Schools.

Professor Robertson while in England this summer did not wholly confine his effort for Canada's good, to telling the people of the British Isles what good butter and excellent cheese, fine beef and appetizing bacon were being produced in this country, and the best way to transport them across the Atlantic. He tried to learn all he could in educational methods along the lines he is following in the McDonald seed grain competition and the manual training now in operation in Canada. As a result of these observations it is proposed by Sir William McDonald to start a number of schools, about twenty, we believe, in the different provinces where special effort will be made to train the faculties of the children in the sort of life they will mostly lead when they grow up, instead of leading them into the realm of knowledge only through books. The aim will be not to follow too closely the methods adopted in the English schools visited, but try to embody in our curriculum what in their seems best adapted to this country. Professor Robertson visited a school in Bunsbury, Cheshire, and says: "The teachers there had been giving lessons on plants, insects, and other objects in the locality, for over thirty years, and about seventy per cent. of the boys from that school have settled in the neighboring country." "I would not say that what I observed was attributable to the instruction given at the school, but taking the farm teachings and the appearance of the country, its neatness and the excellent condition of the pastures and cattle, as I drove through it would characterize it as one of the most thrifty and prosperous districts in England." The Professor goes on to say: "I think I would be warranted in saying that a good deal of this excellence was owing to the training of the faculties of observation and thinking on matters that concern the daily life of the people. One seemed to find a more intelligent look in the faces of the children in that school than in the faces of the children in most of the rural schools in England, showing that the result is really the culture and development of the intelligence far more than any special aptitude of the land or even knowledge of agriculture. We sometimes complain that wealthy Canadians are not so ready as others to give their money to advance the public good. This charge cannot be against Sir William McDonald.

Itching, Burning Skin, Cracked Hands, Sore Ear.

Two Illustrations of How Dr. Chase's Ointment Cures Itching Skin Diseases and Eruptions.

Mr. James McIsaac, 25 Elgin St. Ottawa, Ont., writes:—"I suffered with salt rheum for upwards of ten years, the skin on my hands cracking and breaking so as to make them useless. After trying all sorts of remedies in vain, I became discouraged and thought my sufferings would never end. Last spring I used Dr. Chase's Ointment and in a short time was perfectly cured."

Mr. B. Nicholson, Manor House, Winnipeg, Man., states:—"For several months I had been troubled with eczema on my ears, and for weeks I doctored with a prominent Winnipeg physician, but to no avail. I was induced by a fellow sufferer to try Dr. Chase's Ointment, and am happy to say that the first application gave instant relief. I am completely cured, and have had no return of this troublesome disease."

There is no limit to the healing qualities of Dr. Chase's Ointment. It is remarkably quick to relieve and positively cures each and every form of itching skin disease. 60 cts a box, all Dealers or Edmondson Bates & Co., Toronto.

Desirable Farm FOR SALE

The very desirable farm and residence owned by the late Senator Arsenault at Abram's Village. This farm consists of 110 acres of good land, well fenced and in a high state of cultivation. The building consists of a nice residence, two barns, a granary, dairy and icehouse, coach house, sheep pen, pigery, hen house, machinery shed, harness shed etc. The house is surrounded by ornamental trees and a good orchard and commands a good view of the Signon Bay, from which it is distant half a mile. This is a good opportunity for anyone desiring to go in for dairying as the Abram's Village Cheese Factory is within half a mile of the farm. For further particulars apply at the office of Arsenault & McKenzie, Solicitors, Summerside, or to the undersigned at the farm.
