## FURTHER INCREASE IN EMPIRE TRADE

### HUNGARY HARBORING TERRORISTS, CLAIM

### MARSEILLE MURDERS REVIVED

League of Nations Is Asked to Conduct Investigation Into Late King's Death.

(By Melvin K. Whiteleather, Associated Press Foreign Staff)

GENEVA, Nov. 22—A formal charge of Hungarian "complicity" in the Marseille murders, which Yugoslavia lodged with the League of Nations today, drew vigorous protests from Tibor Eckhardt, Hungarian delegate, who reached Geneva tonight.

"I protest against these felonies, which I characterize as an act of international terrorism," he said.

"The revolting Yugoslav allegations surprise me. The object of the note is clear: It tries to turn opinion from

### Active Year For Children's Aid Society

Orphanage Vote Increased To \$200 Each At Annual Meeting. Premier MacMillan Re-elected Pres.

Increased progress and activity on the part of the Charlottetown Children's Aid Society was evident from the reports submitted and the discussion which followed at last night's annual meeting of the Society in the City board room. The president, Premier, the Hon. W. J. P. MacMillan, M. D., presided.

The president expressed appreciation to His Honour the Lieutenant Governor at his presence at the meeting which was an evidence of His Honour's continued interest in the work of the Society. He also voiced satisfaction at the privilege of having an address from His Honour Judge Inman, whose work in connection with the juvenile court at Summerside was so well known.

The minutes of the last annual meeting were read by the secretary, Major T. E. MacNutt, and adopted. The financial report which showed a favorable balance on hand was then read and adopted, as was also the report of the Agent, Mr. Bravender, which appears below.

Moving the adoption of the Agent's report, Rev. G. Carlyle Webster also moved a vote of thanks to Mr. Bravender for his painstaking work during the year, which was seconded by Mrs. W. J. McInyre and carried unanimously.

The following nominating committee was appointed: Rev. G. Carlyle Webster, Mr. John McKenna, Mrs. R. L. Cotton.

Mrs. W. S. Stewart moved, seconded by the secretary, that an honorarium of \$100 be voted to each orphanage, as was voted last year.

### MR. STEVENS HAS TILT WITH LIBERALS

Royal Commission Probes Groceries of T. Eaton Company.

(C. P. By Guardian's Special Wire) OTTAWA, Nov. 22—Notice that he would call for the presence of the heads of the T. Eaton Company and other large corporations investigated before the Royal Commission on price spreads and mass buying and also that he would tolerate no aspersions or innuendoes from other members respecting his conduct of the inquiry in earlier stages of the investigation, Mr. H. H. Stevens today.

The former Minister of Trade and Commerce and chairman of the commission unveiled today's proceedings by engaging in a tilt with E. J. Young (Lib. Weyburn) and Sam Factor (Lib. Toronto) West Centre) and announcing he would ask for the heads of the large corporations.

Two New Brunswick men were arrested near Sackville yesterday by local R. C. M. P. officers and taken to Summerside, where they will appear today before Magistrate Matthews, charged with the theft of foxes at Cape Traverse.

The prompt work of the police in investigating this case is being favorably commented among ranch owners.

### Anxiety Felt For Four Fishermen

(C. P. By Guardian's Special Wire) CANNO, N. S., Nov. 22—Anxiety was expressed tonight for four fishermen in two small boats unreported since they left for the fishing grounds early this morning. Efforts are being made to have a government patrol ship go seaward in search of them. The men, William Manuel, Herbert Berrigan, Arthur Dorr, and Austin Oliver are in open boats but with present clear weather there is no immediate danger except from exposure.

### CHANGES IN U.S. NEW DEAL POLICY

Gov't Buys First Ford Car Since Inauguration of NRA.

(By Richard L. Turner, Associated Press Staff Writer) WASHINGTON, Nov. 22—Important changes in fundamental new deal policy were recorded today as the United States government bought its first Ford car since NRA and ordered that work relief payments be at the rate previously locally for similar work.

Ministry of the current effort to persuade business that it can proceed safely on its own, Washington pondered the implications of a speech by Donald Richberg, President Roosevelt's recovery co-ordinator, smoothing down some of the rough, unpleasant aspects of the Labor Board's House decision.

At the same time, and in the same connection, it was thinking of the latest Labor Board ruling, plainly indicating that the board has no idea of endorsing organized labor's views that company unions are necessarily bad and should be excluded from ballots by which workers select their representatives for collective bargaining.

NRA is about to be extensively revamped and whether the Ford purchase was indicative of any phase of the new set up was a subject of much conjecture. Some unofficial quarters foresaw the transaction as evidence of the official death of the Blue Eagle symbol of code compliance.

### Imports Eight Percent Greater Than Last Year

Increase Of \$1,136,000 Over Same Period Last Year Reported By Dominion Bureau Of Statistics.

(C. P. By Guardian's Special Wire) OTTAWA, Nov. 22—An increase of \$1,136,000 or eight percent was shown in imports from British Empire countries in October when they amounted in value to \$15,130,000 as compared with \$13,994,000 in the same month last year, the Dominion Bureau of Statistics reported today. Imports from the United Kingdom amounted to \$10,973,000 against \$10,410,000 in October, 1933, an increase of five percent.

Imports from foreign countries amounted to \$32,099,000 compared with \$27,076,000, an increase of \$5,023,000 or 18 percent. Imports from the United States were \$25,797,000, compared with \$20,458,000, a gain of \$5,339,000 or 24 percent.

### TRADE TREATY PROSPECTS

Negotiations On With U.S., France, Poland and Italy.

(C. P. By Guardian's Special Wire) OTTAWA, Nov. 22—Trade treaty making has figured large in external affairs in the past few weeks and it is anticipated that there will be announced shortly a completed treaty with Poland, a supplementary treaty with France adding to the mutual concessions negotiated by Premier E. B. Bennett on his recent journey abroad, and possibly a treaty with Italy.

The return to Ottawa today of the Canadian Minister to Washington, Hon. W. D. Herridge, was said to have no trade treaty significance. Mr. Herridge left only a short time ago after spending a fortnight in Ottawa during which the whole basis for a possible reciprocal trade treaty with the United States was brought up to date.

### ANNOUNCEMENTS COMING EVENTS, MEETINGS, ETC

- Show—St. Peter's Friday.
- Buying turnips all this week. J. M. Roop. L-2836-11-20-51
- Talks at Hunter River Monday night. L-2624-11-23-21

The public are invited to attend above services. L-2640

### \$2,500 Fire At Hunter River

The large barn of Mr. Wellington Patterson, Hunter River, was totally destroyed by fire last night. A large quantity of feed, potatoes and turnips along with four head of cattle and a number of poultry were also burned.

The fire broke out at 7:30 and despite the efforts of the large number of volunteer fire workers spread rapidly and it was soon realized the structure was doomed.

The barn was valued at \$2,500 and was partly covered by insurance.

### PRINCESS HAS QUIET DAY

Inspects Presents With King and Queen And Her Fiance.

(A. P. By Guardian's Special Wire) LONDON, Nov. 22—Princess Marina, soon to be the bride of the Duke of Kent, was up early today to find that the thick fog which marred her return to London yesterday had given way to bright sunshine.

The Princess, free of engagements because of the strain of the wedding, spent the day quietly unpacking the trousseau she acquired in Paris. Incidentally, she paid customs duties on the garments, just as any other traveller would do, when she brought them from France to England.

The Princess did not leave Buckingham Palace until late in the afternoon when she went with the King and Queen and her fiance to inspect the wedding presents already sent the Royal couple.

Also in the party that visited the special room in St. James' Palace where the presents are kept were the Princess's parents, Prince and Princess Nicholas, and the Duke and Duchess of York.

His force through economy measures he said it was now impossible to cope with the situation.

### ULM OFF FOR DETROIT TODAY

(C. P. By Guardian's Special Wire) MONTREAL, Nov. 22—Take-off for Detroit from St. Hubert Airport will be made tomorrow morning by Captain Charles T. P. Uim providing the weather is favorable, the Australian who hopes to span the Pacific from Vancouver to Melbourne, announced tonight.

Weather reports, however, were not encouraging. The Dominion Meteorological Bureau announced a large low-pressure area over the Great Lakes, with snow, ice and rain being reported in the surrounding district.

### STEEL BATTLE FOR COURTS

(A. P. By Guardian's Special Wire) WASHINGTON, Nov. 22—The battle between the gigantic steel industry of the United States and its union labor today moved toward the courts.

Collapses of negotiations between the United States Steel Corporation and the Amalgamated Association of Iron, Steel and Tin Workers was regarded here as making court action inevitable.

At the same time, Attorney General Homer Cummings indicated court action in another case—that involving the Houde Engineering Company of Buffalo, N. Y.—would be instituted as soon as the National Labor Relations Board drafted a bill of complaint.

With that bill, it was estimated, the Justice Department will seek injunction proceedings against the company, which the board says refused to abide by a ruling that it should deal with representatives of a union selected by a majority vote of employees.

The Steel Labor Board, meanwhile, must decide whether to order elections at the Steel Corporation's Duquesne, Pa., and McDonald, Ohio, plants, as the union asked.

### PRINCE IN SLUM DRIVE

(C. P. Cable By Guardian's Special Wire) LONDON, Nov. 22—A strong plea for mass production of houses and complete elimination of slums, was uttered by the Prince of Wales tonight, speaking at the centenary dinner of the Royal Institute of British Architects.

"I ask you to carry the principle of mass production to architecture and the building trades," declared the Prince. "In no other way will it be possible to raise the living conditions of a great majority of people. They should have better conditions and they can have them by this means. I am equally sure you can do it and overcome any barriers of prejudice that may exist."

### DUDUS HEARD AT ENQUIRY

Proprietor of Tenement Claims He Had Enemies.

(C. P. By Guardian's Special Wire) HALIFAX, Nov. 22—Two incidents prior to the tenement blast which killed six persons last October convinced Daniel Dudas, the proprietor, that he had enemies, he told Magistrate J. L. Barnhill today as the inquiry into the tragedy continued in police court.

First someone hurled a brick through the window of his home, then somebody "planted" liquor on his premises, he testified.

Dudas, the only witness called today, denied having any knowledge of the case of the disaster. He told of his association with two foreigners, Roglog and Meistock, who had lived with him and who had done construction work for him. He caught them making "moonshine" whiskey on his premises and ordered them off he told the court. He had seen neither of them since they sued him for wages.

Dudas told of buying eight gallons of gasoline the day before the blast. He said some gas was drained from the tank for the purpose of testing a new carburetor in his back yard and some might have spilled on the ground. The inquiry was adjourned until Dec. 20.

The explosion, which was followed by fire, killed Dudas' common-law wife and their two children and Mrs. Robert Cruse and two children.

### Compulsory Service Will Swell Ranks Of French Army

(A. P. By Guardian's Special Wire) PARIS, Nov. 22—A longer period of compulsory military service for French citizens to increase the size of the French army as an answer to the new German "challenge" was believed to be imminent in government circles tonight.

Earlier, the finance committee of the Chamber of Deputies had given the government virtually free rein for military expenditures by approving "all appropriations judged necessary by the government for defence of the country."

Predictions of an increase in the terms of service of conscripts grew out of Premier Pierre Flandin's failure to assure a Chamber of Deputies delegation that the service period would remain at 12 months. This was taken by the Radical Socialists as confirmation of reports that the conscript term would be lengthened in accordance with the general staff's wishes.

The delegation was sent by former Premier Edouard Herriot and his Radical-Socialist bloc as emissaries to ask the Premier why he was requesting an additional 192,000,000 francs (approximately \$12,850,000) for conscript maintenance. The Premier declined to reply to the delegation.

### ULM OFF FOR DETROIT TODAY

(C. P. By Guardian's Special Wire) MONTREAL, Nov. 22—Take-off for Detroit from St. Hubert Airport will be made tomorrow morning by Captain Charles T. P. Uim providing the weather is favorable, the Australian who hopes to span the Pacific from Vancouver to Melbourne, announced tonight.

### "One In 10,000"

GREEN BAY, Wis., Nov. 22—The police traffic squad presents Peter Beyer of New Franken as the chap Diogenes was hunting.

Beyer's car collided with that of George Stathas.

"It was my fault," Traffic Sergeant Oran Wall quoted Beyer.

"I didn't stop for the arterial," "Did you arrest him?" Wall was asked.

"I should say not," he answered. "After listening to 10,000 drivers tell how innocent they were, I should arrest the one man who admits it was his fault? Not much!"

### Cheering and comforting

RUSH SPRINGS, Okla., Nov. 22—W. M. Biggs announced today one of his hens had laid an egg upon which, imbedded in the shell, was the ominous forecast: "War, Nov. 29."

"The lettering is just as plain as can be," Biggs said. "I've already turned down \$10 for the egg."

SALINA TEA

'Fresh from the gardens'

### British Government May Conduct Arms Investigation

(A. P. By Guardian's Special Wire) LONDON, Nov. 22—The British government is dealing with rumors concerning its intention to set up an inquiry into the subject of traffic in arms, it was learned authoritatively but unofficially tonight.

The exact form the inquiry will take has not yet been determined, but it is not proposed that any ministers shall be members of the tribunal.

Sir John Simon, Foreign Secretary, early this evening that an inquiry into the subject along certain lines would be regarded favorably. He did not, however, say the investigation arms traffic convention of 1925 had been decided upon.

Sir John told the House the government would oppose any fishing arrangement dealing with rumors concerning its intention to set up an inquiry into the subject of traffic in arms, it was learned authoritatively but unofficially tonight.

The Foreign Secretary outlined the points which the hearing should cover, giving the impression that he would favor such an investigation.

Sir John insisted that Britain still is strongly in favor of arms control, and that her prompt ratification of the convention of 1925 would be regarded favorably.

He said, "remains ratified" as far as Britain is concerned.

Moderate to fresh southwest winds; partly cloudy and becoming milder.
