A woman with a past - a woman giving her life to an act of the greatest self-sacrifice - now before the bar of justice with no one to speak for her. You'll be on trial with Mary Dugan - you'll suffer, thrill and triumph with her as you witness this magnificent all-talking film - better even than the stage play. WITH

Norma Shearer - Lewis Stone

EXTRA THE TRIAL OF MARY DUGAN ALL TALKING

IN MEMORIAM

BESSIE MCKENNA Many friends will regret to hear of the sudden death of Bessie McKenna on Feb. 9th, after a short illness caused from brain hemorrhage. Miss McKenna was formerly of Conway, P. E. I., and had been residing in Marysville, California, where she was employed as book-keeper and accountant in an automobile firm. She was a chartered member of the Soroptimist Club, member of the Catholic Ladies Relief Society, also a chartered member of the Yuba Sutherland Flying Club, of which she would have been granted her first

license as aviatrix. She is survived by her mother, Mrs. E. McKenna, of Conway, P. E. I., now visiting in California; two sisters, Gertrude, Mrs. E. Sankey, of Calif.; Nellie, Mrs. Otto Murphy, of Conway, P. E. I.; five brothers, Bernard and Jack, of Calif.; Walter, of Quebec; Laughlin, of Burlington, N. H.; James, of Conway, P. E. I.; who is also visiting in Calif. A High Mass was sung by Monsignor Gerin, at Marysville, and interment at Red Bluff, Father Coen officiating at the grave. The spiritual bouquets and many beautiful floral tributes has shown the high respect and honor of friends she had won while in California. -Copied from California newspapers.

The Central Guardian

BRILLIANT STUDENT-In the last issue of the King's College Record, Mr. John E. Andrew of East Royalty, has a very interesting article entitled "The Romance of the Silver Fox."

APPOINTED KING'S COUNSEL Mr. D. Edgar Shaw, barrister of this city, was appointed a King's Counsel at a meeting of the Government yesterday forenoon. Mr. Shaw was called to the Bar in 1907. He was appointed Stipendiary Magistrate for Queens County in 1911 a position he still holds. After being called to the Bar he entered into partnership with the late Judge Warburton and after the latter's appointment as Judge of Probate in 1921, Mr. Shaw continued to practise alone. He is to be congratulated on joining the honored ranks of King's Counsellors.

EBENEZER INSTITUTE - The March meeting was held at the home of Mrs. Henry Ford, with nine members and three visitors present. The meeting was opened by repeating the Creed, followed by singing of the Ode. Minutes of previous meeting were read and approved. One of the members thanked the Institute for fruit sent when she was sick. A letter from another member for the trained nurse provided also for fruit given during her son's illness. A guessing contest was put on by the secretary. Two small prizes were awarded. Mrs. Henry Ford winning the first, and Miss Ada Ford the second. The members decided to help make up the linen for the sanatorium. Next meeting to be held at the home of Mrs. George Matheson, when roll call is to be answered by jokes or riddles. Meeting closed by singing the National Anthem. Lunch was served by the hostess. -Patriot please copy.

Mrs. J. P. Simmonds left yesterday morning for Lincoln, Me., to visit her father Mr. Alexander McDonald, who is seriously ill.

FUNERAL YESTERDAY-The funeral of the late Frederick Dowling, which was largely attended, was held from his late residence yesterday morning to St. Dunstan's Basilica, where a Requiem High Mass was celebrated by Rev. P. McMahon, D. The pallbearers were: Messrs. James Harper, James McCabe, Edmond Warren, Alfred Egan, Harold Howatt and Leo Dolron. Service at the grave was conducted by Rev. C. McCarthy.

Gleanings From Tryon And Vicinity

Farmers in Tryon and vicinities have been busily engaged during the past month hauling cord-wood for fuel for the ensuing year and enormous piles of it near the barns testify to their unflagging industry and now on these Spring days, we hear the chug-chug of the gasoline engine and the shrill-yet musical hum of the saw, mingling with the cherry songs of our first spring birds, the drip-drip of running waters and at intervals the drone of the aeroplane as it passes over its route.

Mrs. Frank Robblee of Tryon Branch roads is now spending a few days in our provincial metropolis.

We are very glad to know that Miss Mary J. Howatt of Tryon Branch Roads is now able to be about again after her severe illness and is able to attend to her usual duties.

Mr. and Mrs. Samuel Gillis of Rose Valley were recent visitors to Tryon the guests of Mr. and Mrs. Walter H. Bell.

It is our sad duty to chronicle the death of Mrs. Alexander Robblee of Cape Traverse which occurred on Wednesday morning, March 19th, at the advanced age of 83 years. Mrs. Robblee was a farmer resident of Tryon, but for the past three years had lived with her sister, Miss Penzie Bell of Cape Traverse. The late Mrs. Robblee had not been in robust health for the past few years and after only a short illness of four days she passed peacefully away. As a mother she was most tender and affectionate, as a wife a valuable helpmate and as a neighbor was beloved by all who knew her, always ready to lend a helping hand in time of need. She leaves to mourn the following children, Mrs. Richard Lord, Tryon, Mrs. James Chisholm, North Tryon; Mrs. Lou Duff, Mrs. Venning and Mrs. D. Galbeck of Western Canada, Dianstedt Robblee and Howard Robblee, to all of whom the sincere sympathy of the community is extended. The pall bearers were Messrs Harold Howatt, Madge Carruthers, Harry Webster and Frank MacFarlane. Interment was made in Tryon Peoples cemetery.

The Public Forum This column is open for the discussion by correspondents of questions of interest. This Charlottetown Guardian does not necessarily endorse the opinions of correspondents.

The administration of justice is one of the most important arms of the Constitution and if it is seriously interfered with then our rights and liberties are lost. It is not time to call indignation meetings throughout the Province. I am Sir, etc. JUSTICE

ANNUAL MEETING HUNTER RIVER CLUB The annual meeting of the Hunter River Live Stock Shipping Club, was held in New Glasgow Hall on February 14th. The President, Mr. Ernest Houston, in the chair, opened the meeting by giving a brief review of the year's work. The Secretary then read the minutes of the last meeting and also the report of the year's work. From February 21st to December 31st, the Club loaded: 1493 hogs - value \$33,480.25 76 calves 667.46 268 sheep and lambs ... 1,980.26 Total business \$36,107.97 an increase of about \$14,000 over last year's business. The financial statement shows the club to have about \$500 to their credit in the bank.

The election of Directors resulted in the following: President - Ernest Houston. Vice President - Granville Buntain. Secretary - Russel Nicholson. Percy Dickleson, Adam Brown, Cornelius Doucette; Lorne Houston, Donald Andrews, John Nicholson, Willard Nicholson, Adam Brown, Auditor.

Mr. J. A. Gillis of the Live Stock Department, then addressed the meeting on the different problems in connection with the co-operative shipping of live stock, which was very interesting to those present. A discussion then took place re shrinkage on live and dressed hogs. Mr. Gillis proving from experiences of men in charge of plants, that the average shrinkage of hogs from country weights to dressed weights at plant, was 28 lbs. per hundred; or, a hog at 120 live weight was as good as 170 dressed. Several other problems were taken up and discussed at the meeting. At the present time things look good for the Hunter River Club and our latest returns from Monckton look better than they have for the past few months.

RUSSEL NICHOLSON, Secretary. The Entrance Examinations to the College and Normal School, Prince of Wales College and Normal

KING GEORGE MAKES SPECIAL RECORD IN AID OF BLIND FUND His Majesty's Speech at Naval Conference Recorded by Victor

Ever to the fore in helping his subjects who have suffered injury in the service of their Empire, His Majesty, King George, has now graciously signified his willingness for the issuing of a special recording of the speech with which he formally opened the Five-Power Naval Conference in London. As recipient for profits arising from its sale, the King has nominated the British "Wireless for the Blind" Fund.

Interest in the far-flung broadcast of the King's address, his first public utterance since his illness, was common throughout practically the length and breadth of the world. Thousands on this continent arose as early as three a. m. to tune in their radios on the ceremony which was taking place in London at eleven o'clock that morning.

Those in Canada who braved the early rising hour in view of the international importance of the proceedings were, of course, augmented by countless numbers who rose principally for the privilege of hearing their beloved monarch's voice.

However, for those who heard His Majesty over the air, as well as for those who were unable to do so, another phase of science was at work, busy preserving the royal message for posterity.

Out in on the same wires, which were transmitting the King's speech to the air, was a Victor portable recording instrument, faithfully relaying each word to an impressionable wax disc. The record resulting is double-sided, and the King's voice is reproduced with remarkable clarity.

As part of the world-wide Victor organization, Victor Talking Machine Company of Canada, Limited, is enabled to release the record to the Dominion. In Canada, as in other parts of the Empire, Victor is consigning profits from the sale of this record to the fund designated by His Majesty.

The Cause of Exhaust Noise

The cause of the popping noise heard in the exhaust system each time an exhaust valve is opened, is not caused by the explosion of the fuel in the cylinder, as frequently supposed. When the exhaust valve opens, the explosion has long since passed; The pressure of the exhaust gas may vary from forty-five to sixty pounds per square inch, which is suddenly expanded to atmospheric pressure, which is about fifteen pounds per square inch. As this expansion takes place in a friction of a second, the popping noise is the result.

To remedy the poor telephone service in France, underground cables are to be laid to link the chief cities and towns, the program calling for two years' construction and the first line, connecting Paris and Marseilles, is being laid.

The many friends of Mr. Dawson North Tryon are sorry to learn that he is seriously ill and hope for a speedy recovery to his usual good health.

Friend stork presented Mr. and Mrs. Russel Sturdy of Crapaud, P. E. I., on March 18th, with a beautiful baby daughter, congratulations.

We regret to learn that Mrs. Kenneth MacDonald of Tryon has been confined to her home for some time, but are glad she is now on the

road to recovery and hope to see her up and about again soon.

Mrs. E. A. Howatt and little son Ray of West Tryon returned on Monday after spending a week visiting relatives in Victoria.

The Victoria "Unions" intermediate champs of P. E. I. and Nova Scotia invaded New Brunswick territory on Monday evening, March 24th, to clash with the fast skating and heady sextet, C. C. J. A. of Moncton, Hub of the Maritimes. The "Unions" lost the game by the score of 3-2 in favor of the Monctonians, but apparently had the best of the play throughout the game with the C. C. J. A team getting the breaks. Several fans accompanied the boys to Moncton: Spurgeon Clarke and "Dad" Lyman, Willard Thomas and Ralph Taylor of Victoria, Frank MacFarlane (referee) of Augustine Cove, and Grilly Lea of Summerside. Adieu. "D"

Mr. L. W. Shaw, who filled the position of Training Master in the Normal School and Supervisor of the City Schools is a distinct loss to the province. His experience in all branches of the service combined with a special aptitude for an intense interest in the profession provided the ideal instructor for the pre-service and in-service training of Teachers. His place in the City Schools has been filled by the appointing of two additional teachers, so that the four Principals may be relieved of some of their class work in order to supervise that of their assistants.

The position in the Normal School has not yet been filled and extra work is being performed by the remaining members of the College Staff. This extra work will still further be increased by the resignation on December 31st, of Miss Marion Hugh who also was particularly well-fitted for her position. The difficulty experienced in replacing these special teachers at the low salaries offered is now quite apparent and a considerable increase will be necessary if teachers of such high qualifications are to be obtained. The training of teachers in service is effectively carried on by the supervisors in the study groups of teachers where the problems of the class room are reviewed, experiences of teachers

MARSHALL COLLETT SIMMONS The Angel of death visited the home of Mr and Mrs Lorne Simmons, Winthrop, Meas, on March 14, 1930, and claimed their baby Marshall Collett age 16 months, who only one week before left his home in Crapaud, P. E. I., in robust health, accompanied by his mother, sister, Florence, brother Waldron, to join his father who has been there for the past winter.

Marshall was a child who had a smile for all, a loving disposition and left many lonely hearts at the thought of his sweet silent voice. He was sick about two days with a bad cold, developing Croup which medical care could not relieve, the sands of life where run, he went peacefully to sleep in the Brookline Hospital. He was laid to rest in Winthrop Cemetery. Suffer little children to come Unto Me for such is the Kingdom of Heaven.
