PRODUCE

(Canadian Press)

MONTREAL, Que., Oct 20—A fractional advances in butter was the sole price movement on the produce and dairy market here today.

Carlots or less of no 1 butter sold at 21 to 21¼ cents a pound, a quarter of a cent gain. A better demand was the strengthening factor. In connection with the advance the Gazette will say tomorrow: "Improvement in demand was said in some quarters to have been stimulated by rumors that the Federal Government has decided to do something about assuring protection against any dumping of New Zealand or Australian butter during the coming winter. Some New Zealand butter is on the way to Canada at present. Assurance that the Government will see that the industry is protected against any dumping of butter would bring more confident buying into the market and would also encourage production, it was stated." Receipts were 38 boxes.

Cheese remained firm, Ontario September being 10¾ cents and Quebec September 10 cents, Ontario October were 10 to 10¼ cents and Quebec October 9½ to 9¾ cents a pound. Receipts were 1,951 boxes.

Eggs held steady, fresh Ontario extras being quoted at 33 to 35 cents, firsts at 28 to 30 cents and seconds at 17 to 18 cents a dozen. Storage extras were 24 cents, firsts 22 cents, and seconds 17 to 18 cents.

Potatoes were unchanged at 60 to 65 cents for New Brunswick green mountains per 80 pound bag and 45 to 50 cents for Montreal whites per 80 pound bag.

Miscellaneous

MONTREAL, Oct 20—Wheat northern, no. 2 57; Barley Canadian western no 3 36; Oats, Canadian western no. 2 38; Oats, Canadian Western no. 3 31; Oats, feed no. 1 30; Flour spring wheat patents, firsts 4.50; Seconds, 4.90; Bakers, 3.80; Winter wheat patents choice 2.75; White corn 4.20; Bran, ton 17.25; Shorts ton 1925; Middlings ton 24.25; Rolled oats bag 90 pounds 2.40; Hay no. 2 per ton carlots 10.00; Cheese Ont., 10¾; Cheese Quebec 10; Butter no. 1 finest 21-21¼; Eggs, fresh specials in cartons 43; Fresh extras in cartons 41; Fresh firsts in cartons 33; Etorage extras in cartons 31; Storage firsts in cartons 27; Storage seconds in cartons 21; Potatoes N. B. green mountains 80 pound bag 60-65; Montreal whites 80 pound bag 45-50.

OTTAWA, Ont., Oct 20—Eggs markets are holding firm and some further price advances have been reported from some points.

TORONTO: This egg market is very firm. Buying prices unchanged. Whole sale prices to retail stores have advanced more in line with the buying prices and these are now extras, loose 38, firsts 34, pullet extras 29, seconds 22.

MONTREAL. Egg receipts here today were 246 cases as compared with 1,224 cases for the corresponding day last year. The local egg market is firm under a good demand. Strictly fresh eggs from Ontario are selling on spot at extras 35-36, firsts 30, seconds 18-18½. A car of western re-candled seconds is reported sold at 16½.

VANCOUVER: The situation on this egg market remains steady with prices unchanged. Paying prices to producers for eggs at the farms, extras 28, firsts 25-26, pullet extras 21, small seconds 12 or one cent higher if delivered at Vancouver.

SAINT JOHN: The market here is firm and still on the upward trend, local receipts have been heavier this week but shipments from P. E. I. are lighter. Prices to retailers are extras 32-34 firsts 27-29, seconds 17-20. Live poultry receipts are heavy.

Quiet for Lumbago—Minard's.

COCOANUT GROWING IN POPULARITY

The milky cocoanut is growing in popularity. During the past eight months Canada has imported close to nine millions of them, about two millions more than in the previous twelve months.

The cocoanut is essentially a British Empire product, so far as Canada is concerned, for our supply comes almost exclusively from Jamaica, British Honduras, Trinidad and other British West Indian Islands. The Fiji Islands send along some.

Large quantities of dessicated cocoanut also come to Canada, chiefly from Ceylon.

LIBERAL

(Continued from Page 1)

by Hon. J. L. Ralston, (Lib. Yarmouth-Shelburne), who followed Mr. Dupre, and was ruled out of order by Mr. Speaker Black. Quoting from authorities on Parliamentary procedure, the Speaker found that since in some parts the amendment expressed agreement with portions of the treaty and in others it consisted of an expression of general principles, it could not properly be regarded as an amendment.

Col. Ralston regretted that in his opening remarks the Prime Minister had seen fit "to do all the damage he could by saying that the Conservative Government had succeeded where the Liberals had failed." Mr. Bennett had declared it to be not his intention to deride the opposition, yet that was what he had done. If it were failure to increase tariff imposts and to forbear entering into discussions which had resulted in the newspaper headlines which the recent conference had inspired in the English press, then the Liberal party had failed; and Mr. Bennett was welcome to any credit that such a situation brought him.

INDEX NUMBERS OF SECURITY PRICES

Investors' and Traders' weighted index numbers of security prices, computed by the Dominion bureau of Statistics in the base 1926-100, were as follows for the week ending October 6:

The Investors' index of common industrial stocks was 61.1 as compared with 64.5 for the previous week.

The Traders' index of the 25 best selling industrial and public utility common stocks on the Montreal and Toronto exchanges was 429.2 as compared with 459.6.

The Investors' index of domestic utility common stocks was 47.8 as against 51.1, and for common stocks located abroad in which Canadians are heavily interested 45.1 compared with 46.8. Investors' index for all three groups of common stocks combined was 53.6 compared with 56.7.

Average weekly prices were lower for nineteen, unchanged for two and higher for four of the twenty-five stocks included in the Traders' Index, Consolidated Mining and Smelting from $84.5 to $78.8, Shawinigan from $18.7 to $15.6, Brazilian from $11.1 to $10.9, Montreal Light, Heat and Power from $36.9 to $36.7, Ford "A" from $10.6 to $9.3, Power Corporation from $13.9 to $12.1, Quebec Power from $16.7 to $14.7 and Dominion Bridge from $18.8 to $17.3.

Sales were higher for eighteen and lower for seven stocks. Brazilian mounted from 12,500 to 24,200, Bell Telephone from 500 to 900, International Nickel from 14,400 to 17,700, Steel of Canada from 300 to 1,200, Consolidated Mining and Smelting from 2,100 to 2,300, Quebec Power from 200 to 800, Power Corporation from 600 to 1,200 and Ford "A" from 1,400 to 2,200. British Columbia Power "A" declined from 1,300 to 200, Dominion Stores from 900 to 200 and Canadian Dredge and Dry Dock from 800 to 300.

EXPORT OF RYE

Very little rye went to the United Kingdom in September, only 4,285 bushels as compared with 443,990 a year ago. The total export, however, in the first two months of the crop year was 1,620,-297 bushels valued at $791,779 as compared wwith 626,312 at $229,517 a year ago

STEADY CLIMB

(Continued from Page 1)

en," says "The Business Papers," "is that for the first time in two years stocks have been brought into correct relation to sales. Analysis of Federal Reserve reports of sales and stocks have shown, ever since the end of 1929, that stocks were falling to decline in the same proportion as sales. This was an unhealthy condition, obviously.

Are Nearer Normal.

With department store stocks and sales approaching a normal relationship, it is believed, "there is much better basis for an assumption that store buying will show an almost immediate response to the quickening consumer demand than was the case six months ago when it was generally believed that store stocks had reached the irreducible minimum."

The editors laid considerable stress on their findings that newspaper advertising "made a distinct upward turn during September and appeared to be continuing it during the early days of this month." Total lineage for September, it was said, was 81 per cent of September 1931, while that of August totalled only 74.3 per cent of the same month a year ago. Business papers advertising which increased about 10 per cent in September over August, added another 10 to 12 per cent in the early part of October.

THE POTATO HARVEST

The preliminary estimate by the Dominion Bureau of Statistics of the total yield of potatoes this year is 41,745,000 cwt. from 539,700 acres, or 77 cwt. per acre, as compared with 52,306,000 cwt. from 583,926 acres, or 90 cwt. per acre in 1931. The averages for the five years 1926 to 1930 was 46,352,200 cwt. from 561,915 acres, or 83 cwt. per acre.

By provinces the average yields in cwt. per acre are, in order, as follows, with last year's figures in brackets: British Columbia 110 (108); Quebec 99 (117); Nova Scotia 95 (91); New Brunswick 87 (107) Prince Edward Island 85 (90); Saskatchewan 69 (58); Manitoba 68 (75); Alberta 66 (78); Ontario 53 (71).

The yields of potatoes are sharply lower than in 1931. The total production for Canada shows a decrease of over 10½ million cwt. or 20 per cent compared with the preceding year. The summer season in the Maritimes and eastern Canada was rather unfavorable but the main damage was caused by blight and rot in the fall. Summer drought reduced yields in the south-central area of the Prairie Provinces but precipitation was more ample and production higher in the park belt. In British Columbia, the growing and harvest seasons generally favorable.

MAJORITY

(Continued from Page 1)

front benches of the Labor group, said definitely that Laborites did not intend to be bound by the Ottawa agreements. His announcement precipitated argument that went from side to side of the House, for and against the pacts.

Major H. L. Nathan, Free-trade Liberal, argued that in many cases reduction in Canadian tariffs still left the preferential rates at prohibitive levels. He held the flow of trade from the Dominions to the United Kingdom under the agreements would be greater than from the United Kingdom to the Dominions.

George Lambert, member of the Simon Liberal group which normally supports the government, questioned how British agriculture would benefit under the terms of the treaties. Devonshire producers, he argued, could not sell their butter at prices which would compete with the Dominions

Mr. Lambert said he could see no greater disservice than that British agriculture should be sacrificed on the altar of Imperial sentiment.

On the other hand A. T. Atkinson, Conservative, warmly defended the agreements. He remarked that a provision in the treaty with Canada regarding sale of products at world prices was omitted in the Australian pact. This, he hoped, was an oversight which would be put right. Such provisions, he held, were of great value when taxes were being placed on foods and raw materials.

Late tonight the House began debate on yesterday's riots around Lambeth Palace when a crowd of 10,000, mostly members of the National Unemployed Workers Movement, a Communist organization, looted shops, damaged property and engaged police in fights which sent numerous persons to hospital.

WORLD ZINC PRODUCTION

Zinc production of the world recorded a 1.9 per cent falling-off in July to 68,949 tons; in the preceding month 70,293 tons were produced. Decreased output in the United States and Poland was the principal cause of the July decline. The United States July production showed a 10 per cent recession to 14,771 tons, which was not sufficient to offset the lessened demand for zinc, and stocks on hand increased 1,875 tons to 135,907 tons.

SEPTEMBER EXPORT OF FLOUR

The September export of wheat flour was 385,113 barrels valued at $1,290,196 of which 173,385 barrels at $592,435 went to the United Kingdom. A year ago the wheat flour exported was 556,656 barrels, of which 202,579 went to Great Britain.

ANTHRACITE COAL—For the baseburner, if you would have the best quality hard coal, burn D. L. & W. sold by A. Pickard & Co. 5962-10-21-21

WEDDING BELLS—A very pleasing event took place at the United Church Parsonage, Winsloe, P. E. I. on Thursday evening, Oct. 20th., when Mr. Frederick A. Coles of Milton and Miss Marjorie L. Andrews of North Milton were united in marriage. The ceremony was performed by the Rev. L. J. Leard. The bride and groom were supported by Mr. and Mrs. Russel Proude. They will reside in Milton.

INJURED BY CAR—Last evening at 8.15, Mr. William Carmody was injured by a car as he was walking across the street at the corner of Kent and Great George Streets during a heavy shower of rain. Mr. Carmody crashed into the front of the car and sustained several broken ribs. After receiving attention Mr. Carmody was able to go to his home.

SUSTAINED INJURY — While marshalling the floats parade yesterday Mr. Rankine McLaine who was mounted for the occasion, happened to wheel his horse suddenly with the result that the animal fell to the pavement, carrying his rider with him. Mr. McLaine sustained a very severe injury to his leg.

MAGISTRATE'S COURT—Four cases were brought before Stipendiary Magistrate Donald MacKinnon yesterday by the R. C. M. P. A man charged with illegal possession of intoxicating liquor pleaded guilty and was fined $200 or three months. A similar sentence was given in a case of illegal sale of liquor. A man charged with common assault pleaded guilty. The case was adjourned till today for sentence. A man charged with trapping muskrats out of season was fined $20 and costs.

Y'S MEN'S MEETING—Y's Man Reg Taylor occupied the chair at last night's meeting of the Y's Men's Club. The speaker of the evening was Y's Man A. M. Douglas who used as his subject a report of the Y's Men's Convention held in Moncton last June 23 and 24. Y's Man A. M. Douglas introduced Mr. Jack Stewart. After several items of business were disposed of the meeting closed with the King.

FUNERAL AT ROLLO BAY—The funeral of the late Rev. Dr. Walker, which was held in the Roman Catholic Church at Rollo Bay Tuesday morning at 10 o'clock, was very largely attended. High Mass of Requiem was celebrated by His Excellency Bishop J. A. O'Sullivan, D. D. The deacon of the Mass was Rev. L. P. Callaghan, the sub deacon Rev. Reginald MacDonald, deacons of honour, Rev. R. J. MacDonald and Rev. J. C. MacDonald, master of ceremonies Rev. Patrick Walsh. The sermon was preached by Rev. A. A. MacAulay. Interment was at the parish cemetery, Rollo Bay. Practically all the priests in the diocese were present.

IRON AND STEEL AND THEIR PRODUCTS

The production of iron and steel and their manufactures was valued at $385,189,061 in 1931. This total was $184 millions or 32 per cent below the corresponding value of 1930

Reports were received from 1,248 establishments in 1931. These concerns gave employment to an average of 99,150 perosns and paid to these workers a total of $122,-577,587 in salaries and wages. Materials used in manufacturing cost $176,116,346, and the value added by manufacturing, or the net value of products, was $[illegible]9,072,715. This latter figure compares with $288,032,111 in 1930, a decline of 27 per cent.

15-INCH

(Continued from Page 1)

and quickly disrputed service. Reports trickled in of poles crashing under the weight of snow and ice, but no confirmation of damage could be obtained.

15-Inch Blanket

Brandon lies under a 15-inch blanket of snow. Residents of central and southern eastern Manitoba were digging from under a storm that apparently swung into North Dakota and Minnesota, accompanied by low temperatures.

Many towns are without power, the hydro system being crippled since the beginning of the storm, and highways are reported laden with snow, making motor travel impossible. Rain fell in Winnipeg for more than 24 hours after a light fall of snow.

Manitoba's wheat crop was completely harvested before the arrival of winter weather and escaped all damage from snow and rain.

Warmer weather prevailed in Saskatchewan and Alberta, sister provinces that recently suffered from a wintry visit. Threshing in Saskatchewan is practically completed but 20 per cent of Alberta's crop is still in the stook.

OUTPUT OF ZINC

Zinc output in July amounted to 15,306,916 pounds; in June 14,665,-930 pounds were produced and in July, a year ago, the production was 20,831,627 pounds.
