

Imp rt at Provincial News of the week for Saturday Subscribers.

WEDNESDAY.

—Thomas H. Clements, Summerside, left yesterday morning for New York, where he will spend a couple of months visiting his sons.

—Miss Laura May Raynor B. A. Enmore, who recently graduated from Dalhousie University, Halifax, arrived by the Empress Monday evening on the way to her home.

—Among the passengers by the Empress to Summerside last evening were Dr. Warburton, Charlottetown, returning from Montreal and Herbert Ramsay to attend the funeral of his brother Alonzo Ramsay which takes place in Summerside today.

—The marriage took place at seven o'clock yesterday morning, at St. Paul's Church, Summerside, by the Rev. J. C. McLean, of Miss Elizabeth Gallant, youngest daughter of Frank Gallant, Summerside, and John C. Arsenault, Mt. Carmel. The bride was attended by Miss Veronica Wedge, Mt. Carmel, and Cyrus Verica, of the same place, supported the groom. After the ceremony there was a wedding breakfast at the residence of the bride's parents, and last night there was a reception at the same place. Both the bride and groom have many friends in Summerside who wish them many years of happy wedded life.

—John H. Bell, M. A., of Summerside delivered his lecture "A Trip to the Holylands," in the town hall at Georgetown Monday evening. Hon. A. J. McDonald presided. Mr. Bell is an orator of a high order, and his word pictures of the cradle-land of christianity and its inhabitants were much appreciated by the audience. The lecture was delivered under the auspices of the School Improvement League. At its close a hearty vote of thanks moved by Inspector McCormack and seconded by Rev. H. W. Toombs was tendered to the lecturer. Rarely has such a pleasing, scholarly and instructive lecture been delivered in Georgetown. Mr. Bell will at some future date, favor the capital of King's with another of his popular lectures.

—The Easter term of the Supreme Court opened and closed yesterday. There were only two cases. One was an appeal from a judgment given in the County Court for the defendant in the case of John McKay and another vs. Daniel C. Henley in an action on two promissory notes. The case was heard before Justice Fitzgerald who confirmed the judgment of the County Court with costs. The next case was an application of J. Garfield for certification to remove a conviction under the Prohibition Act, made by J. H. Radin, Stipendiary for King's County, on March 2nd last, at Murray River. G. S. Inman, counsel for Mr. Ellis, moved to make the rule absolute. Mr. Reddin filed a notice that he did not intend to oppose the application. The Chief Justice granted a rule absolute with costs against the Magistrate. The Court then adjourned sine die.

THURSDAY.

Mr. Boyver, Georgetown Royalist, disposed of his valuable, general purpose horse, "Pats," to Richard Creed, Albion. It is understood that the sum paid was handsome one. —Wm. H. Moore, sturgeon, has sold his handsome brown mare to Mr. Henry, Lanching. —Beecher Williams, Ellerslie, and Norman McLeod, Summerside, are at present engaged in the Registry office in Summerside examining the transfer books in order to ascertain the value of all farm property in Prince County which has passed through these books during the past ten years. The information secured will be used by the tax appraisers in the work of valuing this property for tax purposes.

Additional results in the faculty of applied science at McGill have been posted. In first year trigonometry, R. S. McBeath, Marshfield, L. E. L. gets third class, J. H. Hooper, Milton, third class in third year engineering economics. In first year descriptive geometry, McBeath, Charlottetown, and Hugh Hooper, Charlottetown, get first class. In third year descriptive geometry, G. H. McDonald of Vernon River gets second class.

The Dose in Time That Saved Nine

Dodd's Kidney Pills Cured Dan. McGee's Backache.

He used the old Reliable Kidney Remedy and found a speedy and complete cure for his trouble.

James River, Antigonish Co., N.S., May 6.—(Special).— It has again been proven in the case of Mr. Dan McGee, a well known farmer living near here, that backache is only a symptom of kidney trouble, and that Dodd's Kidney Pills cure it quickly and completely. "I suffered from backache for two months," Mr. McGee states. "It started from a strain and grew steadily worse. I also had occasional attacks of Lumbago. I was always tired and at times my eyes were puffed and swollen. In the mornings I had a bitter taste in my mouth. "Then I decided to try Dodd's Kidney Pills and the result is that today I am a well man. I advise all persons suffering from backache or Lumbago to use Dodd's Kidney Pills." Mr. McGee caught his kidney disease in its early stages, and Dodd's Kidney Pills will cure any and all these.

The contract for building the new three-stall engine house at Georgetown has been awarded to J. M. Clark, of Summerside.

—The marriage took place at Malpeque on Tuesday night last by Rev. E. J. Rattee, of J. Ernest McKelvie, of Hamilton, to Mary Ramsay, of the same place.

A. A. McLeod, the well known New York artist, who visited his native Province last summer, has again succeeded in winning an art competition. This time the prize amounted to \$95.

In the graduation lists published at Dalhousie University the following provincial rank among the successful students: Second year Arts—David R. Fraser, Whim Road Cross; W. J. McLeod, New Glasgow. Third year Engineering, N. C. McRae, Canoe Cove.

Further results of McGill Examinations posted show that Fred Taylor and Hugh Hooper, City, and R. S. McBeath, Marshfield, based in first year applied science, class three, in Descriptive Geometry, J. H. Hooper passes in class three, third year science, in Engineering Economics, R. S. McBeath, Marshfield, in second year Arts, Miss E. Longworth, and Harry Smith, City, pass in political economy. In third year science, Gordon Ross, Bequete, and J. H. Hooper, Milton, pass in Engineering Economics.

Yesterday afternoon in the Prince of Wales College the school of Domestic Science in connection with the Principal's table entertained the faculty of the College to a six course dinner. The dinner was prepared in a highly satisfactory manner. Prof. Shaw, for the College, spoke briefly on the success of the school thanking the Domestic Science Department and commending them on their work. E. Stewart, City School Supervisor, followed Prof. Shaw and spoke much along the same lines.

The adjourned meeting of the Committee of the Children's Aid Society was held in the office of the Stipendiary Magistrate in the City Hall yesterday afternoon. It was reported that a couple of applications for the position of detention officer had been received and after some discussion a sub-committee, composed of the President—Dr. Conroy, the Secretary—W. L. Cotton, and Dr. Johnson, was appointed to advertise for a detention officer. The committee will report to be held at the same hour and place on Friday, May 13th.

A quiet marriage was solemnized last evening at the home of the bride's mother, Mrs. James Marchbanks, New Annan, when her daughter, Mary M., was united in marriage to Robert B. Crozier of Kelvin. The ceremony was performed by Rev. Major McIntosh of Bequete in the presence of only the immediate friends of the contracting parties. The bride and groom were unattended. The presents were numerous and costly and the high esteem in which the bride is held by her friends. After the guests had partaken of supper Mr. and Mrs. Crozier drove to their future home in Kelvin followed by the good wishes of all.

One of the best entertainments ever listened to in York Hall was given by members of 20th Century Division S. O. T. on Wednesday evening last. The program, which consisted of choruses, readings, duets, dialogues, etc., was so well rendered that it is hardly fair to particularize, but the rendering of the "Gypsy's Warning" by Miss Ruby West, assisted by Miss Mir and Mrs. Elliott and Mrs. Vessey was in its well worth the admission charged. During the intermission a number of boxes of home-made candy were auctioned by Mr. Brodie and purchased at fancy prices by the young men, who, judging from the expression of their faces, were well pleased with their purchases. While preparations were being made for the second part of the program, Capt. Hardy entertained the audience with several graphophone selections. During the evening the organ was presided over by Miss Ruby West, assisted by Miss Mabel Dennis. At the close of the program of Crockett, in a way that wily speaker extended the thanks of the Division to all present who helped to make the concert a success. Hoping that the members will see fit to repeat this entertainment at some future date and wishing them every success in the temperance work, I remain, one who was entertained.

The congregation of Strathalbyn has lost one of its oldest and most respected members in the person of Mrs. Kenneth McDonald of Hopedale. The deceased was born in Invernesshire, Scotland, in the year 1829. She emigrated, with her parents, and the family, to this Island in the year 1839. She finished her earthly career at Hopedale on Sabbath, 24th April, 1910, in the 81st year of her age. Her husband predeceased her many years ago and left her with a large, young family, but she was truly a mother in Israel and trained up her respectable family in the fear of the Lord and left them as his members and office-bearers of the church. Some years ago she passed through the deep and dark waters of bereavement by the death of a married daughter and a single, grown-up son, to whom she was very much attached.

Two sons and five daughters, namely, Daniel, Alexander, Mrs. McInnis of Hopedale, Mrs. McDonald of the Town Road, Mrs. Angus McDonald of Springton, Mrs. Hugh McLeod of Bradalbane, and Mrs. Goss of New Bedford, Mass; also her brothers, the well known John Ban McKenzie and Duncan Hartsville, two sisters, Mrs. Sween of Elliott Station and Mrs. Collins of Springton. The late Mrs. McDonald was of a quiet, unassuming nature and very much liked as far as she was known. The funeral, which took place on Friday, April 26th, was very largely attended. People came from far and tended. Her last tribute of remembrance to the memory of the just. Rev. John Gillis conducted the funeral services at the house and at the grave.

An Albion correspondent writes:—It is with regret that the many friends of Mrs. Wm Thompson, Albion, learn of her continued illness.—Mrs. W. H. Stevenson, Charlottetown, is visiting in Albion the guest of her brother Jas Creed—Albion School, has closed for spring vacation and the capable teacher, Miss Amy Hughes, has gone to spend her holidays, with her parents in Norborough.—The friends of Mrs. Jas T. Young and family Albion are pleased to see them out again, after a severe attack of the measles.—Miss Elsie Westaway, Albion, paid a flying visit to Montague recently.—John A. Rose, of Albion was a visitor at Orwell last Sunday, to see his sister-in-law Mrs. Flora McDonald who is very ill.

—The fishermen of Murray Harbor West met with some thrilling adventures during the gales which swept the coast in the past week. Capt. William Butler left the shore on Thursday last with his boat heavily laden with lobster traps and after running some three miles from shore the unexpected gale came upon him and he was blown far to leeward of the fishing grounds. His boat was filling with water and in a disabled condition and he was on the verge of giving up when Capt. Russell Acorn came to his assistance and rendered considerable difficulty succeeded in rescuing him and his mate, Capt. Walter Fraser, on the same day, was some five miles from land in a gasoline boat when his engine gave out and after drifting helplessly for five hours was at last picked up by the schooner Hustler and towed into Murray Harbor.

—The marriage took place in the Methodist Church at Glenboro, Man, on April the 20th, of Andrew Cline, of that place to Miss Bessie Arbing, daughter of John and Mrs. Arbing, Summerside. —Rev. Joshua Webb, after an energetic and successful pastorate at Hammond's Plains, resigns the charge.—Halifax Herald. Rev. Mr. Webb was formerly pastor at O'Leary P. E. Island.)

A number of regular and special clerks are at work examining the transfer books in the Registry Office ascertaining the value of farm property in Queen's and King's Counties which has been recorded in the books for some years past. This is being done to assist the adjuster recently appointed under the new Assessment Act.

The S. S. Bonavista arrived here from Montreal Wednesday and will sail about 10 o'clock this morning for St. John's, Newfoundland, via Souris and the Sydneys. She had a very large cargo of general merchandise aboard. Her outward cargo consisted of 1800 bags of potatoes, 132 packages condensed milk, ten barrels pork, thirty eight boxes cheese, ninety-four packages butter, eighty-eight cattle, seven horses and one hundred and twenty-eight sheep, besides sundry small packages.

—Mrs. Wm Schurman, Linkletter, received a telegram on Monday last informing her of the death of her daughter, Mrs. Splanding, which took place following an operation for appendicitis in the hospital at Waterville, Maine, on Sunday last. Mrs. Schurman left on Tuesday morning for Waterville and returned last evening by the Empress, with the remains which were taken to her husband's residence. Deceased was the second daughter of the late Geo. Burke, St. Eleanor's, and was twenty-eight years of age. She leaves to mourn besides her mother, one brother, Wilfred in Boston and four sisters, Mrs. Basford of Waterville, Maine, Ella in St. John; Myrtle in Campbellton, Lot 21, and Fannie at home. The funeral takes place at two o'clock this afternoon from the residence of Wm. Schurman, Linkletter, to St. Paul's R. C. Church, interment taking place in the Catholic Cemetery, Summerside.

A correspondent from Fortune Bay writes: The continued delay in repairing the shore road on the south side Fortune Bay is causing great inconvenience to the travelling public. It is hoped ways and means may be devised to have a satisfactory road in the near future. Joseph Douglas has returned home after a three months sojourn in Boston. David Coffin arrived home from Boston and intends completing his house which he is building on the old homestead. Chas. and Mrs. Stevenson and their family, were among the late arrivals, intending to spend the season at their summer homes in Fortune Bay. Miss Lillian Underhay, Charlottetown, is spending a vacation with her parents J. C. and Mrs. Underhay. Trout fishing has been exceptionally good in Fortune River this past few weeks. Lobster fishing is reported to be the best so far for many seasons. Edmund Keefe is excavating a cellar for a house he purposes building on his farm purchased last year.

—The Presbyterian Church, Malpeque, is being thoroughly repaired on the outside by Messrs Crozier & Donald. The contract for painting, which has been let to Mr. Ingalls, has to be completed by July 4th.

Ray Love, City, for a number of years past in the employ of the P. E. I. Telephone Company, leaves shortly for Prince Rupert, B. C., where he has secured an excellent position with the Telephone Company at that place. Mr. Love is an intelligent and capable young man who has a marked ability in telephone work. He has a large number of friends all of whom will regret his departure.

Samuel Kennedy, Kensington, was in the city yesterday. It is understood that Mr. Kennedy is about to take action against the Montreal Star for using his name in connection with the disappearance of Miss Nellie Priestland of Jarvis, Ontario. He discredits the Star's story and says that on writing to that paper demanding an apology, no reply was received.

Word reached this office last night of the death of John C. McKenzie, Long Creek, at the age of sixty years. Mr. McKenzie was employed in this city in the Registrar's office and about a month ago was taken ill. He never recovered and passed away yesterday. He leaves a family to mourn to whom the Guardian extends sympathy. The funeral notice will be found in another column.

At the General Presbyterian Assembly which will be held in Halifax in about three weeks time the following will represent the Church in this province:—Rev. M. H. McIntosh, N. Bequete, Rev. G. E. Ross, Charlottetown, Rev. G. Millar, Alberton, Rev. A. J. McNeill, Murray River, Rev. J. Gillies, Springton, T. C. James, Charlottetown, A. A. McKay, New Dominion, and A. S. McKay, Summerside.

The Faculty of Applied Science of McGill University have announced additional results in the spring examinations in which the following Provincialists show up: First year—Reuch Hooper, City, passes in General History, Third year—D. L. McLeod, Summerside, passes in Engineering Law, English, Economics, structural Engineering and J. H. Hooper, Milton, passes in Structural Engineering and Descriptive Geometry.

The death occurred in the city yesterday morning of James Currie, ex-Collector of Customs. Deceased had been in ill-health for about a year and recently was seized with an attack of paralysis which proved fatal. He was the son of the late James Currie, and was born in Charlottetown in January, 1835. He taught school for a number of years in the city and country, and in 1861 entered the customs service. He remained there for a short time only, but re-entered it on May 10th, 1880, as collector, as successor to the late Donald Currie. This position he filled until his retirement in April, 1902, on a superannuation allowance. He was unmarried, and his only near relative surviving is a half-sister, Miss Flora Duncan.

A Halifax Exchange says:—The last few minutes of the sitting of the Alberta commission here provided a mild sensation, when Walsh and a letter he had received from Thomas R. White, manager of the Royal bank in Winnipeg, who had been subpoenaed, stating that he had been advised by counsel that the commission had no jurisdiction in Manitoba and he would therefore not appear to give evidence. Subsequently the commission authorized I. Pittman, R. White's attorney, to appear on the charge of contempt. P. M. Millan, manager of the Royal Bank in Edmonton, is a director of the Canada West Construction company, which is to build the Waterways road. The seven million odd realized from the sale of Alberta and Great West Waterways Co., are deposited with that branch of the Royal bank. Mr. McMillan was formerly of this province and is well known here.

Fred J. McLeod, of Boston, Chairman of the Massachusetts Democratic State Committee, has issued a statement disagreeing with the great Boss Crokers statement that there will be a Union of Democrats and Republicans in one great party. Both parties are undergoing a process of evolution, and a change of party alignment "says Mr. McLeod and the result will be that more cleanly than ever the resulting Republican party will determine the contest. The party of stand-patism and of alliance with privilege, while Democratic party will be the distinctive Liberal party, the party of progress and of the people's spirit. In this process of evolution the Republicans who are Liberals will come into the Democratic camp, and the few Democrats who are Conservatives may transfer their allegiance to the Republican party. The outcome will not be one party, but two parties, each of which is homogeneous." (Mr. McLeod is a native of Charlottetown, and has taken quite a prominent part in politics in the United States.)

Prince Edward Island students at Queen's University, Kingston made the following showing during the term just closed: J. G. Shaw, New Perth, degree M. D. and G. M. J. G. Bennett, Charlottetown, B. A., H. L. Beer, Charlottetown second year science (mining) tonics and calculus, Div. 3, chemistry 4, Div. 3, chemistry 6 and 7 Div 3, chemistry, 11, Div. 2, mineralogy 1, Div. 3, mineralogy 3, geology, 1, Div. 3, surveying, 7, Div. 2, descriptive geometry, Div. 3, William Dalziel, Georgetown 1st year science, trigonometry, Div 1, geometry (plane and solid) Div 1, Algebra Div 2, Astronomy, Div 2, Dynamics and Properties of Matter, Div 2, electricity, magnetism, light and sound, Div 1, Drawing 1, Div 1 Surveying, 1 Div 1, Oscar B. Roberts, Murray Harbor, 1st yr science, English, Div 2 Trigonometry, Div 2, Geometry (plane and solid) Div 1 Algebra, Div 1, Astronomy, Div Dynamics and Properties of Matter, Div 1 Electricity, Magnetism, heat, light and sound, Div 1, Chemistry 1, Div 1, Drawing, 1 Div 2 Surveying 1 Div 1.

The Harland left here early yesterday morning for Crapaud, taking a number of passengers and considerable freight, returning about ten a.m. She made the round trip to Crapaud again in the afternoon leaving here at three p.m. and returning in the evening. She carried a fair amount of freight on all her trips.

A shooting at the traps was advertised to take place yesterday afternoon at V. C. Gay's and was attended by only one party owing to the inclement weather. A well known ammunition firm has donated a quantity of cartridges to be competed for. This sport was well patronized last season and no doubt will prove as interesting this season as last.

The Gleggarry Presbytery in special sessions yesterday placed in the hands of Rev. L. Beaton, of Moose Creek, Ont., the call of the Caledonia, P. E. Island congregation to him to become its pastor. A delegation of nine members from Moose Creek opposed the dissolution of the tie, but Mr. Beaton accepted the call and the charge will be declared vacant on May 29th. The call was unanimously signed and guarantees a salary of one thousand dollars a year. Mr. Beaton speaks Gaelic freely.—Halifax Exc.

T. G. Ives, Montague, the well known horseman, was in the city yesterday. Mr. Ives came in to take charge of a horse recently purchased by him from the Stock Farm, Pittsfield, Mass., which arrived in the city on Tuesday night.

The horse is named Kinaross and is a 16-hand bay, of 1200 pounds and is one of the best bred horses yet seen in this province. He is bred for speed and his grand sire is Kremila, (2077) so well known by horsemen the world over. Kinaross will be shipped to Montague this afternoon.

An important meeting of the forestry committee of the commission of conservation, to consider the question of fires set by railways, was held at the rooms of the commission in Ottawa on Monday afternoon. The following members of the commission were in attendance: Hon. Clifford Sifton, chairman of the commission of conservation, Senator W. C. Edwards, chairman of the forestry committee, Hon. F. L. Hazard, premier of this province, Hon. W. C. H. Grimmer, surveyor general of New Brunswick, Frank Davidson and Dr. B. Fernow, Ottawa. The committee recommended that certain sections be added to clause 297 of the Railway act providing legislation in cases of fires by sparks from locomotives, etc. The committee further recommended that the act respecting government railways be amended to provide that the government railway works maintain an efficient staff of suitably equipped fire rangers.

Paquet Bros, Souris, the enterprising boat builders, have completed their new cruising launch the "Evangeline." The boat is built for use in the gathering of lobster spawm from the different hatcheries in King's County, its eastern shore to be delivered to the Georgetown Hatchery and was designed and built to suit the intended purpose.

She is thirty-two feet in length with a seven foot two inch beam and trunk cabin ten feet long. This cabin is ten feet long, is finished in natural wood and will accommodate about six people. The boat will easily carry a party of twenty. She is fitted with a four cycle, twelve horse power Imperial Motor and will develop a speed of ten miles an hour. Her stern is a sharp V. L. F. Paquet is the designer and he has turned out a model which combines beauty and strength and is undoubtedly a credit to its makers.

The cruiser Evangeline will see plenty of active service and will be called on to carry her occupants through heavy seas. In choosing the Imperial engine, manufacturered by the Bruce Stewart Co., Ltd., City, the builders have unconsciously paid a compliment to the manufacturers of the engine inasmuch as they require an engine that is positively reliable and one on which they know they will have to take no chances.

A member of the staff of The Guardian has received a photo postcard showing the Evangeline blocked up precociously to launching and the photo shows a most attractive looking boat. The Evangeline will have to travel from Chepstow to Cape Bear every two days, going on alternate days from Georgetown to Chepstow and return and from Georgetown to Cape Bear and return, covering in all about sixty miles a day. She will call at twenty three factories along the coast gathering spawm.

The death took place at Antigonish N. S., on Sunday May 1st 1910, of Anastasia, the dearly beloved wife of Thomas McDonald, at the early age of 29 years. Her death, after a short

HOOD'S Sarsaparilla

For Pimples, Boils and All Other Eruptions. Is Distinguished for its Unequaled, Radical and Permanent Cures. Its Record is Positively Unparalleled.

Impure Blood is common in the Spring because of the unwholesome modes of living during the winter, and it is the cause of the loss of appetite and that tired feeling as well as the sores and eruptions that occur at this time. Be sure to take Hood's this Spring. Found It Excellent.—"I have used Hood's Sarsaparilla and found it an excellent blood purifier, healing ulcers in the head, causing deafness, I cannot recommend it too highly and intend using it again this Spring." Mrs. John F. Moll, Niagara Falls, Ont.

illness, has cast a gloom over the town in which she lived and the home is saddened forever more by the removal of a kind and loving wife and mother. She was a daughter of the late William McTague of this city and besides her grief-stricken husband and a little daughter, three years old, she leaves to mourn their sad loss, two brothers and five sisters namely—Thomas and Bernard McTague of this city; Mrs. William Murphy, New Jersey City, N. Y.; Mrs. Phillip Smith, Richmond, N. Y.; Mrs. Nicholas McFarlane, Mrs. Richard Collins and Mrs. William Collins, all of this city. The sympathy of many friends is extended to the sorrowful ones who are left to mourn a great loss. "This hard to break the tender cord which love has bound the heart with, is hard, so hard to speak, the words, which I have written, my Darling loved one, we have laid thee in the peaceful grave's embrace, but thy memory will be cherished, 'Till we see thy Heavenly face." (Pat. Ex. and Nova Scotia papers please copy.)

IN LOVING MEMORY.

Fell asleep in Jesus, April 21st, 1910, Jan. Willie, dearly beloved son of Hammond J. and Mary A. Nicolle, aged twelve years, ten months and sixteen days. Willie was a bright, attractive little boy, naturally lavishly bestowed his talents on him, he was the favorite of the home and of his grand-uncle and aunt and grand-sons, and his genial smile and sunny disposition endeared him to his playmates, who evinced their sorrow by the beautiful wreaths with which they covered his little casket. He was a member of the Sunday School at White Sands, and on learning that a prize was offered to his class, also a medal for memorizing the "Sermon on the Mount," although on a bed of pain, being a brilliant student, he readily committed to memory the whole chapter, and repeated it to the superintendent of the Sunday School, winning the prize and receiving the medal which he pinned on his little cot where he lay for seven long months during which he was never heard to murmur of complaint, although he was forced to submit to several painful operations.

Out of respect for Willie, Mr. Sellar, pastor of the Methodist Church at White Sands, preached a memorial sermon the following Lord's Day evening, and the Sunday School scholars sang: Forever With the Lord, When He Cometh to Make us Up His Jewels. Shall We Know Him? Other There, and Rock of Ages, while Mrs. Sellar feelingly and beautifully rendered Shadows, No Shadows There. His home overlooked a pleasant sandy beach where the waters of the Northumberland Strait roll gently in, and where his chief delight was to bathe and to sail miniature ships; his last looks were on the sea, and now his mortal remains lie in the cemetery at Murray Harbor within sound of the billows he loved so well. Where thou art gone Ache and farewells are a sound unknown, May we but meet thee on that peaceful shore, The parting word shall pass our lips no more! Thou—as a gallant bark from Albion's coast (The storms all weathered and the ocean crossed) Shoots into port at some well-havened isle, Where spices breathe and brighter seasons smile, So thou, with sails how swift; hast reached the shore "Where billows never break, nor tempests roar."

Princess Edward Island is determined not to be left out in the cold now that Eastern Canada is coming into its share of suitable emigrants. A party of British farmers will leave for that province this week per the Carthaginian, under the charge of Rev. J. A. Winfield, who has been conducting, on behalf of provincial government, an energetic campaign in England for some months past. These farmers have, Mr. Winfield stated to the Canadian Gazette, not less than \$300 each, quite a few having as high as \$700 with which to commence operations in "Canada's Innermost Isle." Mr. Winfield is enthusiastic over

the openings in Prince Edward Island for British settlers. "There is no finer farming country in the world," he said, "and the farmers on the island are as prosperous as any in Canada. Well cultivated farms can be purchased at prices ranging from \$300 to \$1,500, chiefly from farmers who are desirous of retiring after a life of remunerative work, and making way for younger men. The climate is moderate, and not subject to the extremes of heat and cold as in many other parts of Canada; the temperature averages 71 degrees in the summer and in the winter just a little below freezing. Social conditions are very similar to those in the old country, the population being composed almost exclusively of people of British descent. One Scotch settler who arrived on the island with 42 is now worth, according to his own statement, \$15,000. Many people have an idea that the island is practically isolated from the mainland in the winter. This is entirely wrong. Daily communication is kept during the whole year.

There are openings in Prince Edward Island for a number of experienced farm laborers, and Mr. Winfield has secured several of these to accompany the party, which numbers altogether about sixty. These laborers are guaranteed engagements for a year, and the class of those now going out may be judged from the fact that some are taking with them as much as \$250. (Canadian London.) SEVENTY POUNDS OF MILK PER DAY. In this busy age when Canada nags at prices for herself with milk, railroads, real estate deals and so on, it is perhaps as well to remember that the ordinary farm operations occasionally yield very big things. We hear now and then of poor cows and low yields of milk, so we need constantly to bear in mind that big things are accomplished by the proper combination of the busy dairyman, good feed and the selected cow. We have plenty of good cows in Canada, some that give 10,000, 15,000 and 20,000 pounds milk in a year. One or two big records were made in March by excellent cows, one lot of six in one herd giving a total yield of 2,888 pounds milk and some giving as much as seventy pounds of milk in one day. Think of it, enough to supply the needs of 56 ordinary people at the rate of one pint each. Such cows are not picked up every day, they are not average cows, but they are an indication of what is being accomplished by brain work, applied intelligence in dairying. We need to realize that it is perfectly feasible to do a good deal more raising, not only the much needed raising of the general standard of the average cow so that the 3,000 pounder is no longer "in our midst," but the raising of a good many more cows of at least the 10,000 lb. type. Dairy records of milk produced and feed consumed will show with cows in the stable of the average dairyman is not worth keeping, and which will respond to more liberal feeding so as to produce milk in abundance. Cow testing associations will help every dairyman to success; join the nearest to you or assist in forming a new one. Ottawa, April 25, 1910. C. F. W.

HANGED BY THE NECK. No death is more certain than the end that comes to every offender treated by Putnam's Corn Extractor. Out comes the corn, root and branch. Insist on "Putnam's" only, it's the best, free from acids and painless.

If You Give Knives, forks, spoons or fancy serving pieces as Christmas presents, and the pieces are stamped BRANDRAM-HENDERSON, your friends will know they have received the best that is to be had in silver plate.
