Ernest Chappell, son of C. B. Chappell, architect of this City arrived home from Boston last night, to spend the summer home.

Shaun Rhue at the Opera House was splendidly performed by the Jere McAuliffe Company last night. In the audience were many who were captivated by their first attendance at this most popular of Irish dramas, and many others who had seen it before but would not miss the opportunity of seeing it again on account. The situations in this favorite play as they were skillfully presented last night drew from the audience repeated evidences of approval as the unravelling of the plot proceeded. That the audience were thoroughly wrapped up in the romantic story was easily to be seen and the conclusion of the play left everyone with a feeling of pleasure with the evening's entertainment. The specialties were as on the preceding nights first class and drew forth hearty applause. Both drama and specialties alike were appreciated and there was little doubt that those who attended last night went home satisfied. This evening the play will be A Jealous Wife.
