

FOR CAPITAL GAIN WE OFFER

SPARKY OILS LIMITED

No Par Value Shares
Price: 35 cents per share

SALIENT FACTS

- The Company owns oil rights on 7260 acres in the heart of the Lloydminster oil field two and a half miles from Lloydminster, Alberta. It was on this property that the original Sparky oil sand (the producing sand in the Lloydminster field) was found.
- The Company has two reservations of petroleum and natural gas rights in the Oyen district in the Province of Alberta in Townships 28 and 29; Ranges 3, 4, 5 and 6, West of the 4th Meridian, totalling approximately 118,720 acres.
- Other reservations in the latter area are held by Pacific Western Oil Co. Ltd., Canadian subsidiary of a large California Company of the same name, Royalite, Imperial Oil, Sun Oil, Amerada Oil Company and Socomey Vacuum.
- Under an agreement between Sparky Oils Limited and the Hudson's Bay Oil & Gas Company Limited, the latter will complete and pay for a geophysical survey of the Oyen reservations and on drilling a test well will contribute 50% of the cost. Hudson's Bay Oil & Gas Co. Ltd. will be the operators and managers.
- Sparky Oils Limited (through contracts already established) expects to join with other oil companies in carefully selected drilling ventures where results of geophysical work warrant further testing by drilling.

As a result of our study and investigation of the Alberta oil situation, we can recommend Sparky Oil shares as an excellent opportunity to participate in a well managed promising oil development.

Complete particulars on request.
