THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown

It pays to buy in this Province.

The many friends of Miss Ethel White, Brighton, will be pleased to learn that she is recovering from her recent illness.

Miss Tessie Lingley arrived home Monday from P. E. I. En route she visited Mrs. J. A. Flett, Moncton. —Newcastle Advocate.

Mrs. William McGowan, of Moncton, who has been under treatment at the Charlottetown Hospital returned home yesterday morning.

Attention is drawn to the adv., re S. S. Bonavista, due at Charlottetown, Monday evening, Nov. 14, which appears in this issue.

A meeting of the Northern Institute will be held in Mayfield Hall on Monday the 14th inst at seven p. m. A full attendance requested.

Misses Bernadette and Belle Gillis, daughters of P. P. Gillis, of this city, left yesterday morning for Boston, where the former will resume her duties as trained nurse.

Duncan Macnab, City, left yesterday for Calgary, where he will in future reside. Mr. Macnab's many friends in this Province will wish him continued success in his western home.

The Guardian made a serious printer's error in the adv. of Messrs. Moore & McLeod, on Tuesday and Wednesday mornings. The result was two incorrect quotations of prices on Stanfield's Underwear. The correct prices appear in their adv. this morning and yesterday.

The Guardian acknowledges with thanks the receipt of a number of Baltimore papers containing lucid and illustrated descriptions of the recent wonderful flight of Hubert Latham, the French Aviator, over the city of Baltimore, as referred to in yesterday's issue.

Probably no buildings in Europe are so picturesquely situated as are those of the Alhambra, and the outlook from the Torre de la Yola, one of the most delightful imaginable. A limited number of people only can go to the Alhambra on account of the expense connected with the trip, but the lecture in St. Paul's school room on Thursday evening, Novem-ber 17th, by Mr. or Bartlett, will afford an opportunity never before offered to see ninety magnificent views of these wonderful buildings. Specially imported for the occasion.

The following from the Halifax Herald will be of interest in this Province:—"A novel way of sending greetings to the head of a great order is to be participated in by hundreds of Oddfellows in Halifax and Dartmouth and ten thousand in the maritime provinces. It is planned that the order in the United States, a. o. t. a million and a half strong, will send Thanksgiving greetings to the Grand Sire, the head of the I. O. G. F., throughout the world.

Thanksgiving Day in the United States will be observed on Thursday, 24th inst. On that day every Oddfellow has been requested to send a card addressed to John B. Cookrum, Indianapolis, Indiana. The Grand Sire is also to be toasted, mentally or otherwise. With a couple of million Oddfellows and Rebekahs to hear from the post office at Indianapolis it is likely to be the scene of considerable activity about Thanksgiving Day."

AUSTRALIAN FOOTBALL

BEST IN WORLD

(Continued from page 5.)

"The game of 100 minutes" is one of its appropriate names. It is so-called because of its consisting of four twenty-five minute periods. "It is no uncommon thing," continued Major Peixotto, "to see from 50,000 to 100,000 persons at a game of Australian football. The admission fee is purely nominal, being sixpence and a shilling, which prices are fixed by the municipalities in which the games are held. As a matter of fact, all football fields are 180 yards long, and, approximately, the same distance wide. Eighteen players on a side comprise the teams, which are matched up very much after the fashion of basket ball, one player on one side trying to offset the work of an opponent. The game is almost absolutely devoid of such personal contact as warrants injury. Most of the players have great kicking ability, punts of fifty and sixty yards being no un-

Don't Let the Bargains Pass You

It all depends on you now, we've marked the goods as low as possible and if they are not sold in a reasonable time in the store here they will be knocked down under the auctioneer's hammer—and the prices won't be any smaller, we assure you.

This is the best furniture sale the city has ever known and every thrifty housewife should take this opportunity to provide for the future. The bargains are too good to last and our stock is diminishing greatly every day. The auctioneer stands a small chance of ever seeing these goods.

Now, just think it over, are you willing that your friends should get all the snags, or are you going to profit by them. It all depends on you.

What one user says--

My patented pressure valve is giving perfect satisfaction to every user. It is easier installed gives better results and is more economical than any other system.

Read what Mr. Prowse says:—Answering your inquiry regarding the performance of the Hot Water pressure system lately installed by you in the Arena Rink, may say that it is giving every satisfaction, replacing five stoves, and as nearly as we can calculate using no more coal than was used by two of them, besides giving us very much less trouble and much less risk of firing the building. common occurrence.

"It is very interesting to watch three and four men combinations working their ball down a field by the most expert passing, both by hand and foot, the players watching an opening to tally. There is no such thing as offside play and absolutely no delays, as the side umpire always on the spot, almost immediately throws the ball which chances to have been batted by the hand or kicked outside.

"The referee must certainly be fit" as in his duties of following the ball during the course of a game he probably travels miles in making his decisions.

"Sides change goals at the expiration of each period, no rest being taken between the first and second and between the third and fourth quarters, while ten minutes intermission is given midway during the game.

"The receipt of the ball on plays similar to our forward pass is called 'marking,' and it is permissible for as many players as can group closely to receive the ball to make the play, when it is caught, batted, or passed. Punting, drop kicking, and place kicking are all restored to an effort to forward the ball or pass it, as the case may be. Punting, however, when trying for a goal, is the universal rule.

"There are four goal posts, seven yards apart, making the extreme scoring width twenty-one yards. A goal is counted, scoring six points, when the ball is judged to have passed between the two centre posts or in a line perpendicular to them. A point is scored under similar conditions when the ball goes between the outside and inside poles on either side.

"Dribbling the ball is one of the hardest features of the game, the spheroidal shape of the ball making this phase of play very difficult, still it is accomplished successfully by the best of the players."

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N. S. writes:

"For many years I have been troubled with chronic Constipation. This ailment never comes single-handed, and I have been a victim to the many 'lenses' that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

"That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

"They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c a box.
