KIDNEY TROUBLE CURED AT 82.

Intense Power of Dr. Cassell's Tablets again Proved.

Back pains so severe as to be like knife-thrusts.

Operation said to be the only chance of Cure.

So Weak and Wasted he could hardly drag about.

Now in Splendid Health through

DR. CASSELL'S TABLETS.

Age makes no difference to the extraordinary curative power of Dr. Cassell's Tablets; they cure old or young, from the infant in its mother's arms to the white-haired grandparent bowed with the weight of years. That is the one conclusion to be drawn from the testimony to Dr. Cassell's Tablets, which grateful people in the Mother Country are constantly giving to their Canadian brothers and sisters.

Here, for example, is Mr. Benjamin de Grey, of 2, Clifton-terrace, Queen-street, Sparkbrook, Birmingham, England, telling how Dr. Cassell's Tablets cured him of acute kidney trouble when nothing else tried could even relieve. And Mr. de Grey is 82 years of age. He says:

"A few years ago I began to have a dull, heavy feeling after everything I ate, and this was very soon followed by gnawing pain across my back and other indications of kidney trouble. At all times this pain was with me, but it became sharp as knife thrusts when I had to straighten up from a sitting or stooping position. I was told it was kidney trouble. I knew that, but no sort of medicine I had did any sort of good. I cannot describe the suffering I underwent. I could not rest anywhere, and I was so

weak by this time that I could hardly drag about. I had lost flesh terribly, too. Often I was bathed in perspiration from the torture I had to endure. I would have given the world for a little relief, but nothing at all helped me.

"I was told that an operation was the only thing left for me. But at my age I did not like the idea of that, so again I took medicine, which again proved useless.

"I was worn out with pain and want of rest, when at last I got Dr. Cassell's Tablets; yet almost from the first they relieved me. I got better and better, till now I am cured and in splendid health."

Dr. Cassell's Tablets put new life and vigour into the kidneys by strengthening the nerves that control kidney action. That is why Dr. Cassell's Tablets cure even most severe cases.

LADY OF 67 CURED

after 30 years' suffering.

Here is yet another instance of the intense re-vitalising powers of Dr. Cassell's Tablets. Mrs. Walker, of 49, Kelburn-street, Barrhead, Glasgow, Scotland, says:—

"I am glad to tell you that my mother, Mrs. Cairns, and myself have derived very great benefit from Dr. Cassell's Tablets.

My mother is now sixty-seven years of age, and has suffered for about thirty years from a functional complaint which used to make her unable to move sometimes. About two months ago she caught a chill, which affected her kidneys, and laid her up altogether. She was in frightful pain all round her body, and in her back, and to move at all caused her intense suffering. We tried all sorts of things for her, but she got no better; in fact, I thought she was never going to be well again. However, reading about Dr. Cassell's Tablets, I decided to get her some, and from that time she improved wonderfully. She is now better than she has been for years, and it is all due to Dr. Cassell's Tablets. She was very run-down in health as well as suffering from kidney trouble, and the Tablets simply worked wonders.

"I have taken them myself for severe backache brought on by strain, and they soon cured me, too."

Favored with most delightful weather a goodly number gathered and all seemed to greatly enjoy themselves. There were not quite so many visitors from adjacent places as usual but the home friends gathered nobly and the financial results will equal if they do not a little exceed former years. The Cornwall women. and men are workers, ernest, reliable, ever seeking improvements. Recently they have put a new wire fence with cedar posts &c. round the parsonage grounds. More recently quite a number of them set to work on the graveyard and the good results of their efforts are potent to meet casual observers they contemplate still further improvements.

On July 14th an old and esteemed resident of the parish; Alexander Campbell passed away at his home in Clermont aged 84 years. He was a kind husband, a good father, and one of the most prosperous farmers in the township. His wife predeceased him a short time ago. He is survived by three sons, Archie of Boston, Joseph of Cardigan, and Thomas at home. Before passing away he was fortified by all the rites of comfort of his Church. The funeral took place from his late residence to St. Mary's Church Indian River and was largely attended.

Mr.and Mrs. H.L. Champion of Darnley have the heartfelt sympathy of their many friends in the death of their little daughter, Ruby, aged five and a half years. She was taken ill on Monday and notwithstanding the best of medical skill and tender care she passed away on Friday morning. She was a bright loveable child and was a great favorite with all. It was only two years ago that the family was called to mourn the death of their only son, a bright, promising boy who succumbed to diphtheria. One little baby girl survives. Little Ruby's funeral took place on Sunday and the general sympathy of the whole neighborhood was shown in the very large attendance. The remains were laid to rest in Malpeque Cemetery.

MOLASSES ON THE JUMP.— The Trade Bulletin of Montreal says: Judging from recent advices from Barbadoes it seems that the crop of fancy molasses was very short and that it has been cleaned out entirely at the Island. It appears that Montreal imports did not believe the reports of planters and shippers in Barbadoes regarding the short crop this year, and consequently they would not buy at the lower rates first offered. And now it looks like a famine in fancy molasses unless a substitute can be found. Round lots are quoted at 45c on spot, and jobbing lots at 49c in the city, and 47c at country points. Holders of 100 puncheon lots are said to be holding for still higher prices.

—PRESENTATION.— Mr. George McKay of Darnley, son of Mr. "Ed." McKay, who was employed at the Experimental Station find Charlottetown, and who recently resigned and enlisted with the Heavy Artillery was on Saturday evening presented with a purse of $45 by his chums in Darnley. The presentation was made at his home where a number of friends gathered and enjoyed a pleasant evening with him. Refreshments were served and afterwards, Mr. A. W. Woodside acting as chairman, the presentation was made and a number of addresses given by friends present. The gathering dispersed with the old familiar hymn, "God be with you till we meet again."

SCHOOL EXAMINATION.— The semi-annual examination of Alma School took place on Friday, June the 25th. There were quite a large number of visitors present, showing the interest taken by the parents in the work of their school. The pupils were thoroughly examined in all the subjects by their teacher, assisted by Miss Emma Cahill, teacher of Woodvale, Miss Eva Gaudet, teacher of Pleasant View and Miss Hazel Callaghan, teacher of Waterford and showed by their quick and intelligent answers that they had received careful instructions from their competent teacher, Miss Josie Gaudet. The classes in reading and English were especially deserving of praise. At the close of the examination an excellent programme of songs, dialogues and recitations were carried out which by the visitors shrdlu cmfwyp mmm were very much enjoyed by the visitors and reflects much credit on the pupils and their teacher. A vote of thanks was then tendered to Miss Gaudet for the success with which she had conducted her school and all expressed a wish that she would remain to continue the good work for another year.

Defy Dyspepsia!

Among the symptoms of Dyspepsia or Indigestion may be mentioned a heavy, cutting pain soon after eating; a distended, full feeling of the stomach and bowels; belching of wind and flatulence; a burning sensation in the stomach, which indicates acidity; heartburn; palpitation of the heart; oppression of breathing; pain under the ribs and shoulder-blades; headache through the temples and eyes; dizziness, coated tongue and constipation; sometimes nausea or vomiting.

Abbey's Effervescent Salt is the natural specific for all these conditions. Being an antacid, it immediately relieves the acidity of the stomach and stops the fermentation. It stimulates the secretion and muscular action of the stomach and bowels, and overcomes the constipation. When its use is kept up the normal action of all the organs of digestion is re-established.
