

The Secret of Beauty

The secret of feminine beauty is not as many suppose in complexion powders, creams, etc. Beauty is helplessly dependent upon the working order of the stomach, bowels, liver and kidneys.

Foster's Perfect Little Liver Pills

After each meal and your complexion will soon be clear. Only 15c per bottle—by mail on receipt of price.

Som Gallant Deeds Of Canadian Soldiers

His Majesty the King has been graciously pleased to confer the Military Cross on the undermentioned Officers and Warrant Officers in recognition of their gallantry and devotion to duty in the field:

CANADIAN FORCE. Lt. Arthur Spencer Allen, Can. Inf. For conspicuous gallantry on several occasions, notably when he organized and led parties against an enemy post, dispersing them with bombs. He also volunteered and cut a gap in the enemy's wire previous to a raid.

For conspicuous gallantry when leading a raid into the enemy's trenches. He inflicted heavy casualties and withdrew with one prisoner and some valuable identification. His party suffered only one light casualty.

For conspicuous gallantry when leading a raid into the enemy's trenches. He continued to encourage his men and to throw bombs. Finally he helped to carry a wounded sergeant back to our lines under heavy fire.

For conspicuous gallantry when leading a raid into the enemy's trenches. He destroyed an enemy post with his gas mask and explosive he forced his way through the wire round the post, and through the enemy bomb line heavily, he laid and exploded his charge successfully.

For conspicuous gallantry when destroying an enemy post with his gas mask and explosive he forced his way through the wire round the post, and through the enemy bomb line heavily, he laid and exploded his charge successfully.

VILLA REACHES THE OUTSKIRTS OF CHIHUAHUA CITY.

(Canadian Press Despatch.) SAN ANTONIO, Texas, Oct. 25.—Confirmation of the report that Villa has reached the outskirts of Chihuahua City and of fighting in the suburbs between Villa's men and General Trevino's command was contained in a despatch received today by General Parson from General Bell, commanding at El Paso. The people of Chihuahua have become panic stricken as a result of Villa following up his recent victory over General Ozuna at Pátomas, the despatch says:

OTTAWA, October 25.—Thirty Canadians are doing their bit as officers on the great British armada which stands guarding in the North Sea according to information obtained today from the naval service department. These are young men who have gone through the naval college at Halifax and have qualified for service in the Imperial navy.

The Entertainer for Old and Young--the NEW EDISON

The NEW EDISON is not a talking machine it is not a mere sound-reproducing instrument for casual entertainment. It is the recreated voice of the world's best singer, the exquisite melody of the world's leading musicians, captivated and imprisoned for your own personal pleasure.

A. E. TOOMBS 117 QUEEN STREET

PERSONALS

Rev. J. F. Johnston, St. Louis, is in the City.

Mr. G. C. Holland, Victoria, was a visitor to Craupad on Tuesday morning.—V.

His many friends will regret to learn of the serious illness of Mr. A. J. Watkins, City.

Mrs. A. A. Bartlett, city, left yesterday morning on an extended visit to New York.

Mrs. Miller, Alberton, returned west yesterday after a visit to her mother, Mrs. T. C. James, city.

Miss Jessie Dalziel, Georgetown, is visiting in the City the guest of Mr. and Mrs. John McLeod, Brighton.

Mr. J. W. Taylor, of Taylor Bros., lobster packers, St. Peter's Island has just returned from an extended trip to the Canadian West.

Miss Minnie McKenzie, trained nurse, who has been visiting her home in Murray River, left yesterday morning returning to New York.

Mr. Charlie Coyle of the P. E. I. R., who has been very ill in the city Hospital has so far recovered as to be able to return to his home.

Mr. Edward Kerr, of Montague, P. E. I., is on a visit to his sister-in-law, Mrs. J. W. Brydges, New Glasgow, N. S.

Mr. J. M. Hunter, of Chappell and Hunter, Architects, left yesterday for Bathurst, N. B., on business in connection with the new Presbyterian church there, of which this firm drew the plans.

Sir Charles Dalton, and Mr. B. I. Raynor, returned from a hunting expedition in the Northwest on Wednesday evening. The sportsmen had a most enjoyable tour, and intend returning again next year.

His many friends while they welcome their genial old friend Mr. Patrick Haughey of Kelly's Cross, back from Fall River, Mass., sincerely regret that since his arrival home on Saturday night 21st inst., no noble to the hardships incidental to a journey (for so old a man), he is in very poor health, in fact in a very serious condition, and slight hopes entertained for his recovery. However, it is hoped that "Paddy" may rally, and be able to relate some of his experiences and pleasure while on the same guest of his nephew, Dr. J. Trainor, and his estimable wife, in Fall River during the past two months.

NAME DUKE OF CONNAUGHT TO HANDLE IRELAND

LONDON, Oct. 25.—Strong efforts are being made by certain newspapers to persuade the government to appoint the Duke of Connaught as Viceroy of Ireland. Both the Pall Mall Gazette and the Evening Standard urge this on the ground that the appointment would be non-political, and that the Duke has had special experience in handling a country, where the race problems are somewhat similar. It is evident that the Duke's appointment in Canada has added to his popularity as a statesman. It is doubtful if the government will accede to the popular demand now made.

An Easy Way To Get Fat And Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach, or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness, viz., indigestion, goes unattended. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of restoratives. Sargol aims through re-energizing, re-constructive powers to literally soak up the indigestible elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should bring about, with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

NOTE.—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired. If you find a druggist who is unable to supply you send \$1.00 money order or registered letter to the National Laboratories, 74 St. Antoine St. Montreal and a complete ten days treatment will be sent you postpaid.

Auction Sale

I am instructed by Louis Wheeler Abney, to sell by public auction on his premises on Tuesday the 31st day of Oct. inst. non all his stock, and farming implements, 3 milch cows and 2 fat cows, 6 sheep, 1 cart box, 1 truck, 2 pair wheels, spring tooth, harrows, 1 roller, 1 horse rake, 1 scuder, 1 scuffer, 1 horse power and separator, spike harrows, 1 cream separator, 1 mower, 1 wood sleigh and a quantity hay and straw and other articles too numerous to mention.

DAVID GLOVER, Auctioneer 276-10-27M31.

RUSSIA IN WAR TO END. MUENSTERBERG NOTWITHSTANDING.

BOSTON, October 22.—Joseph A. Conroy, the Russian consul in Boston took issue with Prof. Hugo Muensterberg of Harvard, today, on account of the psychologist's speech of Friday night and his recent writings and statements about the German cause.

The Russian consul particularly referred to the address to Harvard students Friday night, in which the professor predicted an alliance of German, Austria, Russian and Japan. Conroy asks the source of the "reliable information," and further asks with Prof. W. E. Hocking: "Is he an agent of the German Government?" to determine if his Friday night address is "official German doctrine."

The statement refers to Professor Muensterberg's address as "This strange discourse on psychology and astrology." "Apparently, to a defender of Germany, it does not appear to be at all difficult for a people to abuse itself," remarks Mr. Conroy. "German Kultur, as done, would gladly encourage similar action by other states. This is indeed noble teaching, ideal doctrine for a civilized man to lay before the young manhood of America."

Mr. Conroy's statement concludes: "Russia has taken her position for right in the greatest struggle known to civilization. During two years her soldiers have won the unequalled admiration of the world. As an upright power, she esteemed the opinion of the world, and particularly does she desire the good will of the United States, with whom she has enjoyed the warmest friendship since the beginning of the republic. Her people are united in this cause, for which she is now fighting; those who would slander her and malign her with the hope of injuring her have hitherto operated under cover of darkness or in disguise.

"Whatever may be the outcome of this war, and there can be only one, but under whatever terms peace may be declared, Russia will stand a world power, worthy to associate with every other honorable power, and particularly will Russia have demonstrated to the people of the United States that the two great continents of the world are intended by nature to co-operate in the maintenance of future peace, prosperity and happiness.

"A study of Russian history from the time of Peter the Great to the present moment will fail to disclose a single incident which would warrant the statement made by Prof. Muensterberg. His remark is not wholly harmful, if it causes the American people to make an earnest inquiry into Russian history."

SUCCESSFUL SEASON NOW OVER

NEW YORK, Oct. 24.—With the winding up of the two days' amateur meeting at Piping Rock last week, the racing for 1916 around New York came to a close. The only things that many years were lamentable accidents which have happened to five steeplechase riders in the last two weeks. It seems remarkable that jockeys on the flat and through the field should have gone the way of the East without the least mishap. The possible exception of young Quinton Preece—and then there should occur two fatal falls in the last few days of the season.

The season just closed has been remarkable for the class of horses which has been running and for the many notable performances. Each division of the year was headed by a star. Probably the best horse of the year was Richard T. Wilson's Camille, the champion of the Filly, which, besides being the undisputed champion in the 2-year-old class, has won for his owner the imposing sum of \$50,000. This amount goes to the colt at the head of the list of all ages as a money winner. Camille was started nine times, his first six, second twice, and once unplaced—a truly remarkable record for a son of a not particularly fashionable sire.

Another good two-year-old, which unfortunately did not run up to his true form until in the season, was August Belmont's imported Hourless, which, when once rounded into shape, became a consistent winner. This youngster, which by Negotiator's class is a wonderfully speedy three-year-old, was one of our best three-year-olds next season. Hourless started eight times, being first four, third twice, and twice out of the money. His winnings enriched the extent of his owner's pocket.

Not in a number of seasons has there been such a remarkably fine crop of three-year-olds as were seen last summer, and it is in this department that many of the best races of the year were run. The important handicaps devoted to horses of this age brought out the best, and the competition for the highest honors was the keenest. The most impressive showing for the year was made by A. K. Macomber's Daned, the Jim Gaffney American winner, who, Mr. Macomber is one of the most recent recruits to racing, and he has spent large sums in getting together the best stable that money could obtain. Dodge was one of the new turfman's latest acquisitions, as did Will and August.

The son of Jim Gaffney has held a wonderfully successful season, being defeated but four times in twelve starts. His eight victories were of such a nature as to stamp him as a truly great three-year-old. Dodge won \$26,410, and only one of his division, but is second on the list of winning American thoroughbreds for the present year.

One Outstanding Feature

One of the outstanding features of the season just closed, and one which has attracted the prospects for the sport in the future are of the brightest, was

Believes She Was Saved From Stroke of Paralysis

ALL ONE SIDE WAS COLD AND POWERLESS WHEN SHE BEGAN USING DR. CHASE'S NERVE FOOD.

A dead nerve cell can never be replaced. In this way it is different to other cells of the human body. But feeble, wasted nerve cells can be restored, and herein lies hope.

In this fact is also a warning to take note of such symptoms as sleeplessness and loss of energy and ambition, and restore the vitality to the nervous system before some form of helplessness results.

Nervous prostration, locomotor ataxia and paralysis are the natural results of neglecting to keep the nerves in healthful condition. The use of Dr. Chase's Nerve Food when you suspect there is something wrong will soon restore vitality to the nervous system, and thereby prevent serious developments.

Mrs. Merritt Nichols, R. R. No. 2 Dundalk, Ont., writes: "I take pleasure in writing to tell you the great benefit I have derived from the use

of Dr. Chase's Nerve Food. I was so nervous I could not sleep, and found it hard to get my work done at all, but having no help at the time, had to do the best I could. Finally my left arm became powerless and cold and this continued to get worse until my whole side was affected, head and all. I decided to try Dr. Chase's Nerve Food, and the first box helped me so much that I used several, and believe that this treatment saved me from having a paralytic stroke. It has built me up wonderfully, and I can recommend it most heartily, believing that if more Nerve Food were used there would be much less sickness."

Dr. Chase's Nerve Food cures in nature's way by nourishing the feeble, wasted nerves back to health and vigor. Fifty cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

St. Dunstan's College Successful Field Day

The annual field day of the students of St. Dunstan's College was held on Tuesday of this week. The rivalry was keen and the day was without question one of the most successful in the athletic history of the old St. Dunstan's. A delightful evening of musical entertainment was held on the same day in honor of the occasion the programme consisting of gramophone selections, vocal solos, by Messrs H. O'Neill and R. Finol, piano solos by Messrs A. Caron and A. St. Pierre, a reading by Mr. Max Murray, vocal duet by Messrs G. Ward, and H. O'Neill, and violin solo by Mr. R. Boisvert. The accompanists were Messrs J. Ward and E. LaFontaine.

The presentation of the prizes to the winners in the various events was a pleasing feature of the proceeding, the stirring applause greeting the victors as they stepped forward to receive their prizes. The rector at the close of the programme made some appropriate remarks upon the subject of athletics, and the benefits to be derived from many sport. Fitting remarks were also made by Rev. J. C. McDonald, Rev. J. Rooney, Messrs S. McQuaid and W. Curley. Following is the

PRIZE LIST: Senior Events

First prize, best all-round athlete, donated by P. A. Smith, won by Fred Kelly. Second prize, best all-round athlete, donated by P. A. Smith, won by Fred Kelly. Third prize, best all-round athlete, donated by P. A. Smith, won by Fred Kelly.

Junior Events

First prize, 220 yds. dash, cuff links, donated by McLean Bros., won by D. McLean, 28 1/5 seconds. Second prize, clock, donated by J. C. McDonald, won by W. Praught. First prize, broad jump, sneakers, donated by Alex. & Co., won by D. McLean, 16 ft. 4 inches. Second prize, Booster Hair Tonic, donated by Riggs & Berrigan, won by W. Praught.

First prize, clear case, donated by The Two Macs, won by Jos. Sullivan. First prize, throwing discus, box chocolates, donated by L. Hynes, won by Jas. Rooney, 98 ft. Second prize, Booster Hair Tonic, donated by Riggs & Berrigan, won by W. Praught.

NEW YORK, Oct. 23.—With 2,600 sacks of mail, but carrying no passengers, the Cunard line steamship Lacombe arrived here today from England with a four-inch gun mounted on her stern. This is the first time this British vessel has come armed into New York harbor. Ordinarily she is a passenger ship.

The Rhodes Scholarship—FOR—Prince Edward Island

An Election for the Rhodes Scholarship for Prince Edward Island will take place during the month of December in each year. The Scholarships are of the value of £300 per annum, and are tenable at Oxford University for three years. Full particulars about the conditions on which they are awarded can be obtained by applying to the Chief Superintendent of Education, Charlottetown, to whom all applications should be addressed not later than October the 31st in each year.

The Rhodes Trust, Seymour House, Waterloo Place, London, S.W.
