FEAR OF MUTINY ON RUSSIAN SHIP

Interned at Manila Brings American Protection for the Officers.

THEODOSIA, July 7.—(Special)—A Russian cruiser has arrived to protect the town and the inhabitants who fled are now returning.

MANILA, July 7.—(Special)—The crew of the interned Russian squadron here are reported to be in a sullen mood and expressing sympathy with the Black Sea mutineers.

As a result of the rumor that they intend murdering their officers the American authorities have placed warships near the Russian squadron.

HERE'S A GOOD ONE ON CHARLOTTETOWN.

NEW YORK, July 6.—A despatch to the Tribune says a protest has been filed with the Canadian Minister of Marine by Captain Simmons of the Canadian ship Acacia, because the port collector compelled him to lower the British flag on his vessel in the harbor at Charlottetown, on July 4. Collector Bump (?) was informed that the Acacia has floated the Union Jack on the morning of the Fourth of July and ordered the captain to haul it down, saying it was an insult to the national holiday. Simmons refused and threatened to shoot the collector if he boarded his vessel. Finally Simmons lowered the flag when threatened with refusal of his clearance papers.

CRUISER CANADA CREW ON STRIKE

Allege Bad Treatment and Will Not Sail—Five are in Prison—May Prevent Landing Virginian's Mail at Sydney.

HALIFAX, July 7.—(Special)—The Dominion Government's plan to make a record by landing the mails at Sydney promises to be upset by the insubordination of the crew of the cruiser Canada who today left that vessel. Five are now imprisoned and the remainder are walking the streets declaring that they will not sail with Capt. Knowlton on this or any other voyage.

They allege bad treatment, leaking decks which make the use of the hammocks impossible and that the bedding has not been changed for months. The men are determined not to sail and prefer going to prison. It is doubtful whether a new crew can be engaged in time for sailing.

A HORSE with buggy attached and owned by Wendall Phillips ran away from Carter's Confectionery last night about nine o'clock. At the Police Station the buggy was detached but the animal was captured near by. Only the shafts were broken.

THAT EMBARGO ON OUR CATTLE

Strongly Condemned and British Unfairness Boldly Arraigned by Many Members of Parliament.

OTTAWA, July 7.—(Special)—In the House today Messrs McKenzie, Schell, Sproule and Fisher spoke strongly on the cattle embargo still maintained by Great Britain.

No Canadian cattle had ever been diseased they said and the embargo was merely a form of protection for British farmers.

Mr. Bickerdike thought the British Board of Agriculture had acted unfairly and selfishly. He had found the Britishers to be without sentiment in business affairs and at present Britain in keeping up a filtration with the United States in claiming that the embargo against Canada cannot be removed while it exists against the States.
