By D'ARCY O'DONNELL OTTAWA, June 13—(CP)—Political observers believe the Cabinet shuffle announced Friday was the first of a series before the end of the year. Resignations and appointments to the Senate are expected to necessitate further shifts. To start, Prime Minister Mackenzie King, scheduled to turn over party leadership to a successor in August, will have to choose a successor to Justice Minister Isley after the end of June. Mr. Isley plans to enter the Montreal law firm of the late Col. J. L. Ralston, wartime Defence Minister. Mr. Isley is expected to retain his seat as a private member of the Commons. Solicitor-General Jean is mentioned as a likely successor to Mr. Isley. Postmaster-General Bertrand, once a crown prosecutor in Montreal and a member of the Cabinet longer than Mr. Jean, might be given first choice of the Justice Portfolio. Works Minister Fournier, a Hull, Que., lawyer, was sworn into the Cabinet the same day—Oct. 7 1942—as Mr. Bertrand. However, it is said that Mr. Fournier would like a bench appointment rather than a new portfolio. Should a vacancy arise in the Solicitor-General's post, there are several possible appointees. Those mentioned include Jean Lesage (L-Longueuil), Ralph Maybank (L-Winnipeg South Centre), Eugene Marquis (L-Lothbiniere), Eugene Marquis (L-Kamouraska), John Dickey (L-Halifax), and Rene Beaudoin (L-Vaudreuil-Soulanges). While these men are qualified lawyers, Mr. Maybank and Mr. Lapointe are the only ones who now hold posts as parliamentary assistants. It is not known how soon Mr. King will relinquish reins of office to his successor, but some observers believe that before he steps down he will fill at least some of the Senate vacancies. Fifteen seats now are vacant in the Senate—three each in Ontario, Alberta and Nova Scotia and one each in British Columbia, Saskatchewan, Manitoba and New Brunswick. There are also vacancies in Quebec and Prince Edward Island. Hon. J. Allison Glen, whose resignation as Resources Minister led to the Friday shuffle, has frequently been mentioned as a likely Senate appointee. Hon. James A. MacKinnon, who resigned from the Fisheries Department to succeed Mr. Glen, is also slated for the Senate. While the Senate appointments might mark the last duties of Mr. King, it is expected that he will leave to his successor the choice of replacements in the Cabinet. External Affairs Minister St. Laurent is being boosted as the most likely successor.

Premier Douglas Sued For \$100,000

SASKATOON, May 13—(CP)—Counsel for Walter Tucker, Saskatchewan Liberal leader, Saturday launched an action against Premier T. C. Douglas for \$100,000, damages arising out of a speech delivered by Mr. Douglas at Rosthern, Sask., Friday night. Mr. Tucker alleges he was slandered by the Premier during the speech. A writ issued against Mr. Douglas by G. H. Yule, counsel for Mr. Tucker, asks for \$100,000 as indemnity for damage "to Mr. Tucker's reputation and credit."

United Church Conference Closes

SACKVILLE, N. B., June 13—(CP)—Prospects have never been brighter for a new birth of the Rev. St. W. Jones, moderator of the United Church in Canada, said here today. He was addressing the closing session of the Maritime Conference of the United Church, holding its annual meeting in a preliminary ceremony, 13 men were ordained as clerics. Dr. Jones also spoke briefly of the "lamentable situation in Palestine" and called on all Christians to pray that efforts to bring peace would be successful. In week-end resolutions, conference members opposed any attempt to repeal the ban on liquor advertising and urged the Federal Government to set up a Royal Commission to investigate "all ramifications of the manufacture, distribution and sale of alcoholic beverages in Canada as they affect the revenue of Federal and Provincial Governments."

Floods Appear On Wane In B.C.

(By The Canadian Press) VANCOUVER, June 13—The devastating march of the crazed Fraser and Columbia Rivers appeared on the wane today. Flood-fighters feel they are over the hump. Army flood control authorities announced that dike seepage along the Fraser is slowing. Water levels are receding and the river current out to sea is increasing. They said this indicated the flood is going down.

Quadruplets Born To Bristol, England Couple

BRISTOL, England, June 13—(CP)—Quadruplet girls were born prematurely here Saturday by a Caesarean operation lasting 45 minutes. The quads averaged four pounds. All were doing well today. So was their mother, Mrs. Margaret Good, 28, who had been expecting twins next month. Dr. Percival Phillips, medical superintendent at Southmead Hospital, said quadruplets by Caesarean operation are a rarity. "I've never heard of any others." X-ray photographs Friday indicated quadruplets, and the hospital's premature baby unit made emergency arrangements. "The mother is a strong, healthy woman, but we found that there was a slight disposition toward high blood pressure, and other circumstances convinced us we would have a better chance of saving the babies if they were delivered at once," Dr. Phillips explained. The operation was watched by most of the hospital's maternity staff. First to arrive was Bridget, weighing three pounds, 13 ounces.

Central Province Liberals Incensed At Abbott Budget

OTTAWA, June 13—(Special)—Incensed at the succession of Liberal defeats in the recent by-elections in Vancouver Centre, Yale and Oshawa, Quebec and Ontario Liberal members at provincial caucuses late last week condemned the Government's financial policies as responsible for defeats in both the Federal and Provincial fields. From behind the closed doors of the provincial caucus-rooms has leaked the report that a large section of Quebec's 55 Liberal members are sharply resentful of Mr. Abbott's budget to which they attribute the party's recent losses at the polls. Moreover the Abbott budget, they claim, will make a Liberal victory in the Quebec provincial elections of 1948 an impossibility. The Quebec members who were joined in their protests by eastern and northern Ontario and northern New Brunswick, charged that Mr. Abbott "ignored" their repeated representations that he lift the level of income tax exemptions from its present seat to \$2,000 for married persons and \$1,200 for single.

The death occurred yesterday evening in the P. E. Island Hospital of Mr. Benjamin MacEachern, 236 Queen Street. He was 53 years of age. The late Mr. MacEachern was a well known citizen of Charlottetown living here on the City Police Force from 1930 to 1938 when he resigned to serve as assistant to Mr. A. B. Cutcliffe, proprietor of the Cutcliffe Funeral Parlors. The late Mr. MacEachern had not been in good health for the past few months and had been undergoing medical treatment at the P. E. Island Hospital for the past five weeks. He is survived by his wife, the former Susan Hurry, and five daughters, Betty, Hilda, Frances (Mrs. Ray Hawthorne, Toronto), Lois and Yvonne. With the exception of Mrs. Hawthorne, all the children are at home. There are also surviving him, three brothers, Edward and Arthur in the United States, and Allan, Charlottetown. Also five sisters, Mary, Katherine, Rachel, and Lottie in the United States, and Frances at home.

Air Force Day Observed At S' side Station

The weather man having been unkind all week and having promised similar treatment on Saturday, related at the last moment and gave a fine, if rather cool day, for the observance of Air Force Day at the R.C.A.F. station. Summer-side. A large number of people saw the United States Air Force team from Hampton Field, Newfoundland, defeat the Summerside armymen by a score of 15 to 4 in a baseball game in the afternoon. After the game the body of a dismantled plane was set on fire and a demonstration was given by the station fire fighting unit of how to spread a fire under control. All afternoon the Navigation School was open for inspection and the personnel of the station very courteously escorted the visitors around and explained the various instruments. At present the first peace-time class in post graduate navigation has just about completed its course. There are eight officers in the class and on its completion a class of five will commence on the same course. The various navigational instruments (Continued on Page 5 Col. 7)

Cartoonist Jimmy Frise Died Sunday

TORONTO, June 13—Jimmy Frise, cartoonist who created "Juniper Junction," died at his home here today. The 37-year-old artist died of a heart attack after complaining of feeling ill the night before. Soon after his return from overseas in the First World War, Frise started the down-to-earth comic strip, first called "Life's Little Comedies," then "Birds-Eye Centre," and finally "Juniper Junction." Native of Port Perry, Ont., Frise began his career in 1912 with a Toronto printing company.

Blame Abbott Budget

These same presentations, they said, had been made some months prior to budget day by the 14 bishops of the Roman Catholic hierarchy of the Province of Quebec, acting in the interests of their communicants. This plea made on the basis of mounting living costs, had also been ignored by Mr. Abbott, they said. "Nor did the angry Quebecers blame Mr. Abbott alone. They said he had been "misled" by the brain-trusters of the Finance Department and the Bank of Canada. A group of the caucus demanded that the Government insist on the resignations (Continued on Page 5 Col. 2)

Tells British Youth To Forget Emigration Plans

LONDON, June 13—Winston Churchill Saturday called on Britain's youth to give up dreams of emigrating and remain at home to help in the mother country's fight for economic recovery. That fight, he said in a vigorous address to 8,000 members of Young Conservative Clubs, will require the prompt ending of the Labor Government's program of nationalization, and a defeat of Socialists in an early election. "Unless we face our country, while time remains, from the perverse doctrines of Socialism there can be no hope of recovery," he said. "This island cannot maintain its population as a great power under a Socialist or collective system. The most energetic and the nimblest will emigrate, and we should be left with a horde of safe officials brooding over a vast mass of worried, hungry and broken human beings." Then he advised the youths to remain. "Stay here and fight it out," he urged. "Fight for the life of Britain."

Charges, Counter-Charges

Israel's Government accused the Syrians of several truce violations in Galilee and notified a U.N. representative it "would have to reserve the right" to protect itself against aggressive action there. "The Israeli army was under a strict order to observe the truce, but has been compelled to renew its activities in self-defence," Jewish authorities said in a letter to John Reedman, a member of the U. N. staff in Tel Aviv. Simultaneously Syrian Premier Jamil Mardam Bey said the Jews (Continued on Page 5 Col. 4)

Expect 125 Candidates For 52 Seats In N. B.

FREDERICTON, June 13—(CP)—Nominations for the June 28 New Brunswick election close at 1 p.m. A.S.T. tomorrow and it appeared tonight that more than 125 candidates would contest the 52 seats. Liberals had nominated in all of the 17 constituencies, the Progressive Conservatives were missing in a few and the C.C.F. appeared likely to put about 25 standard-bearers in the field. In addition, three Social Credit candidates will run in Madawaska County and one Independent, E. Claude Seelye, who entered the last Legislature in a Saint John County by-election victory, has announced that he will run. It will be the first time in the political history of New Brunswick that candidates have run under the Social Credit banner. All Cabinet ministers in Premier McNair's Liberal Government have been with the exception of Education Minister C.H. Blakeney have been nominated to run. Mr. Blakeney was defeated at a surprising Moncton City nominating convention. Premier McNair, who led the 36-man Government in the House that dissolved May 18, is running in his familiar York County riding and Hugh Mackay, New Brunswick leader of the Progressive Conservative Party who headed the 11-man Opposition, is asking for re-election in Kings County. The Conservatives had won 12 seats in the 1944 election but dropped one to Mr. Seelye in the Saint John County by-election. The Legislature to be elected June 28 will be the first as a 52-seat House. Under a partial redistribution act four seats are being added. The new seats give additional representation to existing constituencies but no new seats are created. The C.C.F. election leader had not been named tonight but party officials here said he would probably be selected tomorrow.

Divorcee Charged In Toronto Axe-slaying

TORONTO, June 13—(CP)—Yvonne Broulette, 34-year-old divorcee, was in custody tonight awaiting trial June 19 for the axe-slaying early Saturday of John Frederick Farrell, 32-year-old Toronto herbalist, and a convicted bigamist. She appeared Saturday on a charge of murder. Police said Farrell was hacked to death with a small axe following an argument with Yvonne over "drinking the rent money." The pair lived together in a downtown health centre, police were told. Nicholas Tennyson, masseur and proprietor of the health centre, told police the woman awakened him in his second-storey room and said: "Come on down with me. I want to show you what I've done." Tennyson said he found Farrell lying on the bed badly cut up. Blood smeared the room. Farrell and the Broulette woman had moved into the health centre one week before. Tennyson said he believed they were married. Tennyson told police the pair showed signs of having been drinking when they returned to the house Friday night. Farrell told Tennyson he did not have the rent money and they went upstairs. About 12:30 A.M., he heard shouting, he said. "Mrs. Farrell (Yvonne) shouted, 'Jack, Jack, stop it.' Tennyson related. 'I went downstairs and saw they had been fighting. Mrs. Farrell was at the kitchen sink, her nose bleeding.' They promised to be quiet and Tennyson left. Three-quarters of an hour later, Tennyson called police when the shouting resumed. Police were able to quiet the pair. There was no more noise until the Broulette woman awakened Tennyson.

Employment Trends In P. E. Island

By MAX BOYD CAIRO, June 13—(AP)—Heavy infantry and artillery clashes in Upper Galilee threatened today the continuation of the three-day-old truce between Israeli and Arab troops in Palestine. Each side blamed the other. Both said they would defend themselves, regardless of the armistice, unless the fighting ceased at once. Two United Nations truce observers went to the front in Northeastern Palestine, where the sound of shelling was heard all day yesterday. Food Reaches Jerusalem For the first time in more than seven weeks, a food convoy reached the 90,000 Jews in the modern sector of Jerusalem. The trucks rolled into the Holy City after travelling over an alternate route through the Judean hills which Jewish engineers quickly built to bypass the Arab blockade of the Jerusalem-Tel Aviv highway in the Latrun area. A Jewish spokesman said the convoy was fired upon by Arab Legion troops yesterday afternoon but no hits were scored. Legion military commanders in Jerusalem objected to the arrival of the un-checked convoy, charging the cease-fire arrangement had been breached. William Burdett, United States consul general, of the truce commission went to the area immediately west of Jerusalem to prevent fighting. The Jewish Agency was asked not to bring in unchecked convoys. Charges, Counter-Charges Israel's Government accused the Syrians of several truce violations in Galilee and notified a U.N. representative it "would have to reserve the right" to protect itself against aggressive action there. "The Israeli army was under a strict order to observe the truce, but has been compelled to renew its activities in self-defence," Jewish authorities said in a letter to John Reedman, a member of the U. Eaton Co., Moncton, Mr. Chapman. Mr. Chapman arranged to engage eight (Continued on Page 5 Col. 5)
