FARMERS BALL—The Farmers Ball for the benefit of the Summerside Band was a great success from all points of view. The attractions were in keeping with the ball. Hoops, rakes, and garden being hung round the walls. A pony occupied a stall at the end of the dance floor and other farmyard livestock were taken to the general amusement of the ladies looking very charming in their calico gowns and dainty bonnets, while the men were in straw hats and many colorful bandanas. Mr. Moriam, chairman of the music committee, wishes to thank everyone for making the affair such a success. Al and his orchestra entertained to the spirit of the evening dispensed farmers' ditties and new dance numbers. S

Lauded For Work Among Boy Scouts

New Brunswick Leader Praised At Meeting Of General Council.
(By The Canadian Press)
WINNIPEG, May 19—J. L. St. Onge of Edmundston, N. B. was praised for his leadership in the Madawaska, N. B. district when provincial president and commissioners of the Boy Scouts Association opened their Dominion Conference here today.

J. P. M. Stewart of Toronto, vice-president of the Dominion General Council, said Mr. St. Onge, "is doing a work of developing cooperation and loyalty among boys of various faiths which may well be a lesson in Scoutdom for the whole Dominion." Mr. St. Onge, district commissioner of Edmundston, established the first French-Canadian Boy Scout troop in Quebec in 1926, and during the last two years with co-operation of Prof. Robert Pugh of New Brunswick University, organized French Canadian Scout training at Lac Unique, N.B. and Grand River, N.E.

H. H. Macmillan, Dominion Commissioner for training, acclaimed Mr. St. Onge's Gilwell trained scout leaders of Edmundston. As the leaders were 100 per cent Gilwell trained, Mr. Macmillan stated that proportionately speaking the Edmundston group has established a Dominion record.

Mr. K. St. Onge, stressing valued cooperation achieved in Madawaska district between Roman Catholic and Protestant church leaders, told delegates that a priest and an Anglican Minister were present at the training camp.

His wife is the Girl Guide Commissioner for the Madawaska district, which has French, English, Irish and Scotch peoples.

The Gilwell-trained Scouts are those who have completed the standard Scoutmaster training course established by Lord Baden-Powell when he was a Scoutmaster at Gilwell, Eng.

Mr. St. Onge, 81, at present is chief of the Boy Scouts of the world.

Sees Business Recovery In Near Future

World Labor Chief Warns War Blocking Social Progress.

GENEVA, May 19—(CP)—Harold Butler, director of the International Labor Office, tonight warned that war is blocking world social progress and threatens to precipitate a "total collapse."
In his annual report, the British Chief of the Labor Bureau, a League of Nations organization reported favorably on basic economic conditions but declared war is already invading the social field.

"It has already blocked some of the main avenues of advance," Mr. Butler reported, and "may soon begin to sap the social edifice which this generation has raised. Should another general war break out, a total collapse is practically certain."

The report, released by the Labor Office, will be submitted to the International Labor Conference here next month.

Mr. Butler, founder of the "boom of the 30's" and reached his "summit" last summer despite world political unrest, international warfare over tariffs and exchange control, currency fluctuations, unbalanced budgets and the world arms race.

"In spite of all things," he said, "the world somehow succeeded in getting back to the level of 1929, whose fabulous prosperity had become a distant memory."

His report showed 1937 world industrial production rose above the 1929 level, unemployment declined steadily from 1933 to 1937 and world trade volume approached the 1929 level—partly stimulated by rearmament.

Recession In U. S.
But in the latter half of 1937, Mr. Butler said, the economic tide turned with stock market declines and breaks in raw material prices. He said the major disturbance centered in the United States. He attributed the American recession to three factors:

1. A reduction in Government borrowing.
2. A decline in new orders by over-stocked business houses.
3. The stock market collapse.

"After five years' progress, interrupted by occasional pauses," he said, "it is not surprising that the world should be generally agreed that a major decline is unlikely for the present. The very rapidity of the movement in the United States makes an early resumption of (activity) the more probable."

Mr. Butler added that the "outlook would be no more gloomy if international warfare could be banished from economic and political relations."

Discussing production the report proceeded:
"In 1937 world industrial production, excluding the U. S. S. R., rose clear above the 1929 level, and although in the later months a marked decline set in, the total for the year stood at 101.9-100 equaling the 1929 level."

This advance, it is true, has been by no means evenly distributed among the principal industrial countries. Certain of them—Japan, Sweden, Great Britain and Germany—are well above the 1929 mark. Others, including Canada, the United States, Czechoslovakia, Italy and the Netherlands, are almost back to the 1929 level, or were at least in the earlier part of the year.

In Canada, however, there was little or no falling off during the last months of the year, the report added.

A shortage of skilled labor was reported from Canada, Australia, New Zealand, Great Britain and the United States.

Canada was listed among the countries replying favorably to an international public works committee and to supply information concerning public works in accordance with a uniform plan to be drawn up by the committee. The first session has been set for June 27.

This move is in view of the fact that "it can hardly be denied that one of the principal lessons of the recent slump has been the value of public expenditure wisely applied as a means of reviving business activity."

The idea is to prepare for the next slump.

Unemployment Insurance
On unemployment insurance the report said: "In Canada the Dominion Government has proposed an amendment to the British North America Act which would bring unemployment insurance within Dominion jurisdiction and has asked the provinces for their observations on it. Six of the nine provinces agreed immediately, but three provinces, Alberta, New Brunswick and Quebec, have raised serious objections."

In preparing its scheme the Dominion Government called upon the International Labor Office for assistance. Mr. D. G. Tait was accordingly sent to Canada and took part in the preparation of a bill for submission to Parliament as soon as the constitutional question is settled.

The report cited the fact Canada took Germany's seat on the Government body when the Reich fell out as evidence of the trend of industrialism to non-European countries.

"The growing participation of extra-European countries in the work of the conference, the governing body and of technical committees, their insistent demands that greater attention should be paid to their problems, their frequent requests for the despatch of office missions of contact, enquiry or advice, the rapid social progress which many of them have accomplished in the last 20 years, the spirit of bold and liberal experimentation which animates many of them—all these things indicate the changing equilibrium," Mr. Butler commented.

At Home 20 Weeks With Rheumatism

Wife Feared Husband Would Never Work Again

When her husband had been at home 20 weeks with rheumatism in his back, this woman began to think he would never work again. At last, she said to him: "Let's try Kruschen," and the change that took place was, in her own words, "like a miracle. Here is her letter: "My husband is subject to rheumatism and suffered terribly with his back. Some time ago, I had him in the house 20 weeks with it. I really didn't think he would ever work again. We tried all the different kinds of salts you could mention, but none of them did him any good. Then I said, 'Let's try Kruschen.' Since then, he has proved Kruschen Salts to be worth its weight in gold. My husband is back at his job, thanks to Kruschen. The change it made is like a miracle." S

Two of the salts in Kruschen are the most effective solvers of uric acid crystals known to science. They gently dull the sharp edges of the painful crystals and convert them into a harmless solution, which is then expelled through the natural channels.

Credit Union Meeting Held At Miscouche

A largely attended meeting was held in Miscouche on Wednesday evening for the purpose of discussing the merits of credit unions, with a view to forming one at Miscouche.

Mr. Martin DesRoches presided and called on Rev. Martin Monaghan, D.D., who explained in a few words the object of the gathering and then called on Mr. Henry Wedge, member of the Summerside Town Council and vice president of the Credit Union of Summerside, to explain the idea of Credit Union.

In a comprehensive talk Mr. Wedge gave details of operation and benefits to members. He told of the many advantages to be derived from membership in a Credit Union and cited instances in many of the 27 Unions now formed on the Island.

He stressed the value of having the young people taught to put money away regularly for future needs, which is one of the chief aims of the movement. He stressed the co-operative buying which is another special activity of the Union.

Mr. Cyrus Gallant, president of the Union at Wellington, a neighbouring settlement, told the men what a great benefit the movement had proved to be in the village.

He outlined the workings of the movement and how it was applied at Wellington.

After some discussion it was decided to hold a meeting next week for the purpose of organizing, and the chairman was asked to get in touch with professor Crockett, who would be present to fully organize the club.

The people in Miscouche have been holding study clubs during the winter months and all the could on Credit Unions. S

C. P. R. Experts Are Heard In Railway Probe

(C.P. By Guardian's Special Wire)
OTTAWA, May 19—The Senate special committee on the railway condition of Canada today concluded its inquiry into the operations of the two railway systems under the Canadian National-Canadian Pacific Act of 1933 and adjourned until Monday.

Sir Edward is expected to advance unified operation of the two railways with a view to effecting substantial economies in the subject of the committee will start from the base provided by two estimates submitted by the Canadian National and Canadian Pacific to the Duff Royal Commission on transportation in 1932. Subject to the qualifications the Canadian National estimate places possible savings from unification at \$56,000,000 per annum and the Canadian Pacific estimate at \$75,000,000.

Senator A. C. Calder (Con. Regina) thought the committee would get nowhere by investigating further projects of cooperation in detail.

"Cooperation has failed," he said, "and we all know the reason. I can't see what benefit we can derive from further talk about it."

Col. O. M. Biggar, committee counsel, said they were through with cooperation and could now go on with unification.

"Well, I imagine we will end just where we did with cooperation if we start going into the thing the same way," Senator Calder said, "these proposals are just estimates."

The thing the committee wanted to know was how to get the railway system unified, and what the reasons for the proposal and what the results would be if the members of the committee were to go into details about which railway experts themselves found difficult to answer.

John E. Armstrong, assistant chief engineer of the Canadian Pacific Railway, ended his evidence today, and was followed by two members of the joint cooperative committee of the two railways who told the committee about cooperation.

The other was S. W. Fairweather, director of the C. N. R. Bureau of Economics.

Mr. Armstrong said in 1932 the C. P. R. had suggested a total of \$11,600,000 per annum be saved by cooperation. In all this represented some 20 separate projects.

The joint co-operative committee had reported favorably on 15 of these projects and adversely on four. In addition 12 new projects had been studied. As the forecast was made last year, changes were to be expected when the two railways got together on it. But savings effected on projects agreed upon so far were slightly ahead of the forecast.

Kensington and Vicinity

Mr. Frank Storey of Charlottetown was a visitor to Kensington Wednesday on business.

Mr. William Gill was a visitor to Charlottetown on Wednesday.

Mr. Ed Monkley of Summerside was in Kensington Wednesday on business.

Mr. Phillip Cobb of Charlottetown was a business visitor to Kensington on Wednesday.

Mr. Allison Bernard has returned home from an enjoyable weekend on the mainland.

Her many friends will regret to hear that Mrs. Wm. MacLean, who is now in the Prince Edward Island Hospital, Charlottetown for treatment. Her many friends join in wishing her a speedy recovery.

His many friends will be pleased to know that Mr. Austin Pendergast, who underwent an operation for appendicitis last week in the Prince County Hospital, Summerside, is now progressing favorably.

Mr. William MacLean, Mr. Eric Sheen, Mr. Roscoe Walker and Mr. Fred Semple, motored to the capital on Wednesday.

Visitors to Summerside on Tuesday evening were: Mr. Elmer Champion, Mr. Millar Waite, Mr. Edward McDonald, Mr. Keith Hardy, Joseph Ready, Mr. Gerald McKenzie and Mr. Hughie McQuaid.

Mr. Frank Burgess of FreeTown is enjoying a pleasant holiday in Kensington, the guest of his sister Mrs. Preston Wadman.

Mr. and Mrs. W. F. Taylor were visitors to Summerside Wednesday.

Mr. Kenneth McLean returned home from Halifax, N.S. on Wednesday evening after an absence of about five weeks.

Mr. Don Baker arrived home on Wednesday evening for the summer holidays, from Mount Allison University in Sackville, N.B.

Mrs. Joseph Burns, Mrs. Frank McMillan and Miss Lillian Walker were visitors to Summerside Wednesday.

Mrs. William Stewart and son Junior, Miss Dorothy Stewart and Mr. Harry Power of Charlottetown were recent visitors to Kensington the guests of Miss Ella Dunphy.

Mr. Thomas Dunphy recently sold one of his valuable horses, the lucky purchaser being Mr. Wright of Middleton, N.S.

Mr. Percy Driscoll was a business visitor to Summerside Wednesday.

Mr. Robert Dunphy, Mr. Walter Weeks and Mr. Thomas Dunphy were recent visitors to Bedeque on business.

Miss Ethel Lockhart and Miss Ethel Saint of Summerside, were visitors to Kensington on Wednesday evening.

Mr. Morris Kasketsky of St. John N. B. was in Kensington Wednesday evening.

Mr. and Mrs. Oliver C. LePage and daughter Edna of Rustico were recent visitors to Kensington the guests of Mr. and Mrs. John Walker.

A large number of the younger element were visitors to Summerside on Wednesday evening, attending the Farmers' Ball in the Maple Leaf Gardens.

The death took place at the Prince County Hospital on Sunday, May 8, 1938, of Miss Emma Clark, Kensington, at the age of 71 years. She had been in failing health for some time and had entered the hospital about five weeks ago. Deceased was well known in Summerside, being housekeeper for the late Neil McLeod for some years, and was loved and respected by a large circle of friends for her friendly disposition, and had endeared herself to all who had the pleasure of her acquaintance. She was a member of the Presbyterian Church, Kensington. She leaves to mourn two brothers, John and David Clark, Kensington, four sisters, Mrs. Annie McKay, Darnley; Mrs. Samuel Bernard, French River; Mrs. Frank Kineman, South Brewer, Maine; and Miss Susan Clark, Charlottetown. Her funeral was held on Tuesday from the home of her cousin Mrs. John Walker, Kelvin, to the Presbyterian Church, Kensington, and was largely attended by friends from far and near who came to pay their last respects to the deceased.

The service was conducted by her pastor, Rev. W. O. Rhoads. The bearers were Messrs. John Stewart and Thomas Ramsay of Kelvin, James Cairns of Summerside, Elliot Wright of Middleton, Thomas Stewart and Charles Yee of Kensington. Interment in the People's Cemetery, Kensington, Joseph L. Davison, funeral director. H

London Players Give Performance

WINNIPEG, May 18—(CP)—London Little Theatre players from the best of one of Canada's greatest non-professional drama regions, thrilled seasoned theatregoers tonight with their production of "Ezzie" at the Dominion Drama Festival, Barrett H. Clark, New York, adjudicated.

The play was the third full-length play produced at the current festival and will complete with a fourth and 12 short plays for festival awards which will be abandoned Saturday night.

John Galloway's play, like so many of his works, is concerned with the social problem of the courts and prisons and their products.

HOLMAN'S SUMMERSIDE

Minister Defeated In South Africa

(C. P. By Guardian's Special Wire)
CAPE TOWN, May 20—(Friday)—The Government lost one Cabinet minister today as it rolled to an overwhelming triumph in Wednesday's general election. A. P. Fourie, Minister of Commerce, was defeated by a Nationalist.

All other cabinet ministers reported as vote counting neared completion were successful in their bids for reelection. They included Prime Minister Herizog and vice-premier Jan Christiaan Smuts who head the United Party that has governed South Africa since 1933 and now is assured of a second five-year term in office.

The operations of the act were doing injury to the credit of the farmers, said Senator J. J. Donnelly (Con. Bruce), and the result had been to discourage investment in farm mortgages.

The Prince Edward Island parliamentarians should make representations to Finance Minister Dunning, Government leader Dandurand told them. They had that recourse, if they wanted the act to become inoperative in their province.

"The Finance Minister knows," said Mr. MacArthur. "He himself says the thing is a headache."

Fresh Frozen Herring A Low Priced Fox Food

These are promptly handled from the fishermen into our freezers and we can assure you of clean, sound fish, packed in boxes of 25 pounds each. Also boneless beef, boneless horsemeat, beef tripe, beef cheeks, beef hearts and ground meat.
