## French Premier Submits His Proposals to Germany

### Proposals are Now Being Considered by Allied Premiers and Finance Experts.

(Special to The Guardian.)  
LONDON, Aug. 8.—France's plan for enforcing war reparations from Germany were considered today by the Allies.  
Proposals of rigid control of German finances in case a moratorium was granted the former enemy nation were submitted by Premier Poincaré of France to a committee of Allied finance ministers and their experts.  
This committee is to report back to the Premiers of Great Britain, France, Italy and Belgium late today.  
According to the best information France demands that the following programme be backed by the Allies if Germany is given an extension of time in which to pay for damages she caused in the war.

1.—Allied Control of the printing presses that are turning out paper marks by the millions.  
2.—Control of the customs receipts in the occupied territories, the proceeds to go to the committee, on guarantees and be held as security that Germany will pay when the period of moratorium is over.  
3.—Control of tangible assets such as property, capital and securities.  
4.—Tax on all coal mined in the Ruhr district and perhaps the exploitation of all forests and mines in the interests of the reparations account.  
It was believed that Lloyd George was strongly opposed to most of the proposals of Poincaré believing them too severe. Lloyd George's view was understood favorably by Germany a moratorium until 1924.

## Many Casualties Result from Tidal Wave in Swatow

HONG KONG, Aug. 8.—Three Catholic Sisters in charge of the Ursuline Convent at Swatow, two of them French-Canadian, and the third a sister from the Old Country, had miraculous escapes from the tidal wave that followed the typhoon, which swept the port of Swatow, according to reports received here from Bishop A. Rayssac, of the Mission Catholique, Swatow. Casualties resulting from the storm are estimated at 10,000.

The Catholic Church and mission building successfully weathered the typhoon, but the compound wall collapsed before the on-rushing waters.  
The terrific wind carried away the roof of the Ursuline Convent, and the three sisters in charge were caught by the flood as they were making for safety in the cellar.  
One of the sisters clung to the church yard gate, while a second was carried to comparative safety on the floating roof of a nearby building upon which she had scrambled.  
The mother superior, Sister Marie Rosny, floated on a drifting bed until daybreak and had been given up as drowned, when she was found by two Chinese Christians and brought back to the mission.

## Another Earthquake in New Brunswick

EDMUNDSTON, N. B., Aug. 8.—A violent earthquake shock was felt here at two o'clock this morning. Houses were rickled and a pile of lumber was overturned in the centre of the town. A house in St. Basile shifted from its foundations. St. Jacques, Green-river and other neighboring towns also report alarm of their citizens at the tremor.

## CONDENSED SPECIALS

RATES.—10c per line per day. 5c per line per day for 3 days or over. 3c a line per day for 6 days or over. Count 5 words to a line. Write for particulars and agents' proposition. Canadian Auto Shops, P. O. Box 154, Niagara Falls, Ontario.

## U.S. Midshipmen In Great Parade

(Special to The Guardian.)  
HEALING, N. S., Aug. 8.—Seventy-five United States midshipmen paraded at the summer carnival here today before a crowd of seventy-five thousand.

## Optimistic Reports From Coal Strike

(Special to The Guardian.)  
CLEVELAND, Aug. 8.—End of the nation wide bituminous coal strike apparently is at hand tonight.  
Settlement was expected to result from the conference starting at 3 p. m. Wednesday between leaders of the miners and operators—the latter representing soft coal fields throughout the country.

Agreement of anthracite operators and men would be announced jointly and would follow shortly if the bituminous factions end their long fight it was believed, toward coal fields.  
Mystery surrounds a statement made to his men by President John L. Lewis an announcement which pledged them to keep secret.

It was reported however from a dozen different sources that the hard coal settlement is to be effected today or tomorrow upon basis of the 1920 wage scale agreement. Peace is to be guaranteed for two years from April 1 next.

Four hundred thousand miners are to go back to work by the first of next week.  
Paralysis of the nation's industries is to be lifted by renewal of coal production on a large scale these were optimistic predictions as time for the conference approached. "There is every indication a settlement is at hand," Lewis said today. Other miners, leaders backed up their chief in his optimism.

## Unexplained Siege Of Lisbon, Portugal

(Special to The Guardian.)  
LISBON, Portugal, Aug. 8.—Parliament has approved a proposal that the government establish a state of siege over Lisbon for fifteen days.  
The above cablegram was received in this country without any further explanation than that contained in the brief message. There is speculation as to why the state of siege was deemed necessary.

## ELLIOTT SETS NEW AUTOMOBILE MARK FOR FIFTY MILES.

COTATI, Calif., Aug. 7.—Frank Elliott today possessed a new world's record of 25 minutes, 49 and 72-100 seconds, for driving an automobile fifty miles on a board track. He also took a 100-mile race in 53 minutes here yesterday, after his record-breaking fifty-mile run in the Cotati sprint.  
The former record for fifty miles was held at Ralph De Palma Bay, (N. Y.), on June 14th, 1922, when he negotiated the distance in 26 minutes, 23 and 41-100 seconds. Tommy Milton was second and Eddie Hearne third.

## Motor Plants May Close for Lack of Coal

(Special to The Guardian.)  
LANSING, Mich., Aug. 8.—The entire army of the Ford Motor Company employees will be thrown out of work unless Ford obtains new coal shipments within 14 days, his representatives told the Fuel Committee here today. In addition to the Ford plant, with its vast number of workers, the Dodge, Chevrolet and Studebaker plants would be tied up through loss of their gas, which Ford Supplies.  
The Ford Motor Company, consumes 3,500 tons of coal daily, the committee was told. Of this amount 2,700 tons are used for the Ford factories and the remaining 80 tons for the production of gas contracted for by the other three plants named. The latter quantity is on the priority lists of the utilities at present.

Through J. F. Gehle of the Ford Motor Company, Ford informed the committee that he could handle enough coal for all Detroit and part of Michigan over his Detroit, Toledo & Ironton Railroad, if the Louisville & Nashville could arrange to deliver the output 150 miles through Kentucky to the southern terminus of the D. T. & I.

## Italian Facisti Are Still Active

(Special to The Guardian.)  
ROME, Aug. 8.—Facisti leaders have promised to demobilize their men if the Communists with whom they have been carrying on virtual civil war all over Italy for a week do not provoke any further disorders.  
The general secretary of the Facisti, who made this promise also denied that there was any intention of marching on Rome as was reported.  
Facisti were still in violence in various sections of Italy however.  
They burned a newspaper plant at Genoa and then after being dispersed by the militia re-organized their forces and occupied the socialist labor chamber.  
At Naples the facisti closed cafes and other places where the socialist workmen congregated, after working hours.

## Manitoba Cabinet Is Sworn In

(Special to The Guardian.)  
WINNIPEG, Man., Aug. 8.—Manitoba's farmer cabinet was sworn in at noon today in succession to the Norris administration. Premier Bracken reported on his cabinet selections to a meeting of United Farmers members during the morning and later in their presence he and his colleagues took oath of office. Previously the resignations of Hon. T. C. Norris and his cabinet had been accepted formally by the Lieutenant Governor.

## Apply for Your Wave-Length Now

(Special to The Guardian.)  
STOCKHOLM, Aug. 8.—Apply for your wave-length now, or you will be left out in the cold," was the warning advice given to Sweden by E. T. W. Alexandersson, of New York, chief engineer of the Radio Corporation of America who is making a brief business visit to Sweden, his native land.  
The Radio Corporation has entered its bid for delivery of apparatus and equipment for the new high-power wireless station which Sweden is now building on its west coast.  
In an interview with the Stockholm press, Mr. Alexandersson, a well known radio expert, explained that only an extremely limited number of trans-Atlantic radio stations could be operated successfully without serious interference. He said that various countries had already reserved most of the wave-lengths suitable for trans-Atlantic communication, and only a few were left. The wave-lengths best suited for such long distance transmission are between 11,500 and 17,000 meters have been reserved, while Poland has applied for the 18,000 meter length.  
Mr. Alexandersson declared that in his opinion radio traffic should be monopolized by the various Governments of the world. Otherwise, he said, the confusion in the air will become so great that all radio service may ultimately be rendered impossible.  
The awarding of wave-lengths to trans-Atlantic stations is now made by an international commission whose next session will probably be held in London this year.

## Typhoon Losses Now Estimated At 40,000

(Special to The Guardian.)  
HONG KONG, Aug. 8.—Estimates of the casualties in the typhoon which last week destroyed Swatow now run as high as 40,000. There were no Europeans killed but some were injured.  
The chief officer of a British steamer who has been forty years in the Orient declares the Swatow catastrophe was really the biggest he ever witnessed.  
Many villages have been completely wiped out. Swatow is now a shambles, an eye witness declaring, it looks as if some super-moth had gone around with a moth shovel and scooped the whole place into a heap.  
The gale was accompanied by thunder, torrential rains and a tidal wave.

## Sir Lomer Gouin Minister to Washington?

(Special to The Guardian.)  
QUEBEC, Aug. 8.—A special Ottawa despatch on Saturday stated that rumors were current in Ottawa that Sir Lomer Gouin, the Minister of Justice will go to Washington shortly to replace Archibald Geddes, the British Ambassador.

QUEBEC, Aug. 6.—A special Ottawa despatch to L'Action Catholique on Saturday stated that rumors were current in Ottawa that Sir Lomer Gouin, Minister of Justice, will go to Washington shortly to replace Archibald Geddes, the British Ambassador.  
The despatch states that there would be nothing new in having a Canadian as British representative, for many English statesmen today are Canadians and amongst them are Lord Beaverbrook and Sir Hamar Greenwood.  
"This nomination," the despatch continues, "would also provide an object to verify the fact that Canada is the natural intermediary between Great Britain and the United States. Besides, Sir Lomer Gouin is a director of a number of English financial institutions, and the authorized representative of the shareholders in Canada."  
Among the other changes which are mentioned is that of Mr. L. A. Taschereau, Prime Minister of Quebec, would be named as Minister of Justice at Ottawa while Yon. J. L. Perron would in turn become Prime Minister of the Province of Quebec. It is rumored that these changes are the reason for the Quebec Government being silent about the next provincial election.

## Tangible Appreciation Of Teachers' Work

Yesterday afternoon Principal Johnson and Vice Principal Yeo of West Kent School were waited upon by Mr. Frank R. Heartz and were each presented with a substantial purse as a token of appreciation of their services from the parents of those pupils who have passed so creditably the Matriculation Examinations to the Prince of Wales College and Normal School, Mr. Johnson and Mr. Yeo, who were taken completely by surprise, expressed their sincere thanks to Mr. Heartz and the other donors for the gifts presented as a mark of appreciation of their work at West Kent. As the teachers of the pupils who have satisfactorily passed those examinations, they both wished also to express their high regard of the diligence displayed by those pupils and further the splendid co-operation received from their parents in the carrying on of the school activities.  
Such appreciation of the teacher's work as shown by those gentlemen referred to cannot be too highly commended and it is hoped that their praiseworthy example may be followed by other parents throughout the province where similar satisfaction is felt with regard to the public school teacher's work.

## STUNG TO DEATH BY BEES.

QUEBEC, Aug. 8.—News received here on Saturday from St. Apollinaire, Lotbiniere county of the death of a farmer there as a result of having been stung by bees.  
The victim was Georges Roussseau, who was working in his garden when the bees attacked him and he was so severely stung that medical assistance was of no avail and he died of his injuries shortly afterwards.

## Ex-Service Men Are Assured of Decent Burial

(Special to The Guardian.)  
OTTAWA, Ont., Aug. 8.—Co-operation and assistance by the Dominion Government in the burial of ex-service men who died from wounds or sickness has now been authorized by Order in Council. The Imperial Graves Commission has fixed August 21, 1921, as the termination of the war as regards its operations and, therefore, deaths occurring after that date are not covered by the authority of that Commission or its Canadian agency. Special action has consequently been made necessary by the Canadian authorities as regards war veterans who may die after that date from wounds or illness contracted on service.

## Splendid Pageant And Evening Concert At Chautauqua

Yesterday's afternoon's programme at Chautauqua included a very fine pageant in which about fifty children of the city took part under the capable direction of Miss Adeline Fisher, who it will be remembered last year staged a first class performance of a similar nature. This year the pageant was named "Conquests of Peace" and the various parts were excellently taken throughout. The theme of the pageant, which was presented in seven epochs, depicted the development of peace and good-will throughout the last three centuries, beginning with the early American colonists. The leading roles were taken as follows:

Canadian Boy—Preston Fraser.  
Canadian Girl—Margaret Esery.  
Johnny Bull—Carl Riggs.  
Uncle Sam—William Power.  
Lady Macdonald—Margaret Ross.  
Sir John Macdonald—Ralph Esery.  
Britannia—Eleanor Henry.  
France—William Henry.  
The Colonist—Elizabeth Rogers.  
Peace—Isabel Rogers.  
Brotherhood—Lillian Nicholson.  
Freedom—Ruth Ayers.  
Boy Scout—Arthur Fraser.

Great credit is due both the instructors and the children for the capable manner in which they went through their parts, which they did with an evident enjoyment.  
The pageant was followed by a half hour entertainment by Herb H. Taylor, the Chautauqua clown, who greatly delighted the young folks present.

At the evening performance, which concluded the Chautauqua programme for this year, a splendid concert was rendered by Buckner's Dixie Jubilee Singers, composed of seven colored artists. There was a good attendance and the entertainment was very much enjoyed.

## Millions in Gold Salvaged from Torpedoed Vessel

LONDON, August 8.—Admiralty officials who are in charge of the task of salvaging the bullion lost when the Laurentic was torpedoed expressed the opinion that in another year, virtually all of the \$15,000,000 gold, which formed a part of the vessel's cargo, would be recovered. The official records show that up to the present \$7,500,000 has been recovered in the last two years and the salvage steamer hopes to work until September of this year.  
Salvage work is becoming increasingly difficult owing to an accumulation of sand about the coast, and the belief is expressed that after another year the vessel will have become so submerged as to make further operations useless.  
The gold which has been recovered so far is clear profit to the British government since the insurance has been paid to the original owners of the gold long since.

## SWIM RECORD BROKEN.

NEW YORK, Aug. 7.—Miss Hilda James, 17 years old, British swimming champion, broke one American record Saturday in winning a 300-metre race and defeat Miss Helen Riggan, and Miss Phil McGary, both of New York. Miss James did the distance in 4.33 4-5.

## U. S. Authorities Refuse Request of British Gov't

(Special to The Guardian.)  
WASHINGTON, Aug. 7.—Customs authorities have decided to admit into the country for exhibition purposes the moving picture film "How Kitchener was Betrayed," which was protested by the British Embassy, it was said today at the Treasury.  
A showing of the film in New York officials declared, revealed nothing improper in the picture and it was decided that it could be exhibited in this country with the insertion of a caption stating that it was not based on historical facts, so far as it portrays high British officials. The importer, it was stated, would be bonded to insure the insertion of such a caption, but the amount of the bond has not yet been fixed.

## Suspension of Fire Insurance

(Special to The Guardian.)  
MONTREAL, Aug. 8.—Suspension of fire insurance policies as a means to induce greater care in the prevention of outbreaks of fire was advocated by R. Latulippe, in the Fire Commissioner's Court here today.  
"There is only one way to decrease the number of fires," said Commissioner Latulippe, "and that is to prevent persons making money when they make their claims to insurance companies for compensation."

## Connolly Estate Scholarships

The following are the successful candidates in the recent Connolly Scholarship Examination (in order of merit):  
John P. Connolly, Charlottetown.  
Daniel C. Praught, Richmond.  
Richard Gill, Newtown Cross.  
John P. Flood, Green Bay.  
Dan. J. McDonald, Charlottetown.  
Erle Ennis Greenfield.  
Cecil Cullen, Royalton.  
William Roche, Jona.  
Edward McKenna, Kinkora.  
Maurice, Curley, Brookvale.  
John Johnston, Charlottetown.  
Reggie McAleer, Summerside.

## Suffered Loss Of Memory

(Special to The Guardian.)  
FREDERICTON, Aug. 8.—Allison Fraser, whose disappearance under remarkable circumstances on the night of Sunday, July 23, caused great excitement, returned to the home of his father-in-law, S. Herbert Logan, Devon, early this afternoon. His physical condition is not good and his mental condition also not normal. Medical attention was secured for him immediately after his arrival. Mr. Logan was asked concerning the return of his son-in-law and replied that he could give no intimation concerning the matter until Tuesday. When asked if it were correct that Fraser had suffered a loss of memory, he said that it was correct and that he could not recall what had transpired more than a week ago. Mr. Logan stated, further, that the man's physical condition was not good and that he had gone to a doctor, Presque Isle was said by the father-in-law to be the place from which Fraser had returned to Devon.

## Double Tragedy Near Bangor, Me.

BANGOR, Me., Aug. 8.—Mildred Jordan age forty-three lies at the point of death in a lonely farm house in Orrington Centre, as the result of attempt at murder by her husband, Edward Jordan, age forty-five, who lies near her very near death, he having made an attempt at suicide after separating his wife. The tragedy followed numerous threats against his wife's life made by the man who now lies dying by her side.  
It was about 9 o'clock last night when neighbors heard cries for help and rushed to assist and found the woman lying alongside the road. The scene of the shooting was in the old Rogers road where it runs into the back road in Orrington Centre, a very desolate spot on a lonely road.  
The wounded husband was found in a clump of bushes in the road side near the spot where he had shot his wife.

## Regulars Seize Public Revenues in City of Cork

### Letters Received in Dublin Say Insurgents Have Collected About £100,000-- Payment of Income Taxes Demanded.

DUBLIN, Aug. 8.—According to letters received here from Cork the irregulars there who are in complete possession of all the public services, including the inland revenue, have collected, it is estimated £100,000. Demand notes for the income tax were sent out August 1 in the name of "The Republican Civil Administration Department." They peremptorily demanded that the taxes be paid within three days.  
The letters say that following this demand the Cork Employers' Federation met jointly. The legal advisor to the federation strongly advised against the payment of the tax to any but the accredited representatives of the provincial government. It was then resolved that if in consequence of refusal to comply with the demand of the Republicans, any firm or individual was victimized, all firms should express their sympathy by closing down and discharging all their employees. The stamps issued by the provincial government have been officially exhausted.  
Making Headway.  
DUBLIN, Aug. 8.—The National army troops are successfully pushing their campaign in southwest Ireland, both from the Limerick sector and from the region of Tralee, where they landed last week in a turning movement, according to reports from the fighting front.  
The flanking parties from the coast are pushing inland and the fall of Listowel Saturday was a result. The irregulars retreated thence in a south-easterly direction to Abbeyfeale, County Limerick. Before leaving Listowel they burned the barracks, the workhouse and the court house.  
After further fighting on Sunday the Nationalists, still advancing took Rathkeale, Broadford, Akeston and Ballingarry.

## The Only Path to Peace Among Nations A Near Tragedy in Speed Boat Contest

COPENHAGEN, Aug. 8.—The conference of the world's alliance for international friendship was opened at the cathedral here yesterday with a declaration of profound conviction that the only path to true reconciliation and peace among the nations lay in applying the spirit of Christ's teachings in all human relationships.  
The Rev. Charles E. Jefferson, of New York, preaching in the cathedral, demanded that in the name of Christ, war preparations cease and that the united church insist with passion that all the nations lay down their arms.  
Secretary of State Hughes sent a message expressing President Harding's sympathy with the aims of the conference.

## Canadians After American Coal

(Special to The Guardian.)  
OTTAWA, Ont., Aug. 8.—With the first meeting of the board of conciliation in the dispute between the Canadian Railways and their employees which was held in this city this forenoon it is anticipated that danger of a strike is past.

## Announcements, Coming Events, Meetings, Etc

RATES.—10c per line per day. 5c per line per day for 3 days or over. 3c a line per day for 6 days or over. Count 5 words to a line. Groups of 3 figures, initial letters, count as one word. 10 per cent. discount for cash. Address forms part of ad. and must be paid for.

\*\*Reserve August 23rd for picnic at Corran Ban Bridge. 854-831.

## The Weather, Temperature, Tide, Moon, Etc.

TORONTO, Aug. 9.—Moderate winds. Mostly fair and warm. High tide tonight at 11:31 and tomorrow morning at 12:37. Sun sets this evening at 7:21 and rises tomorrow morning at 4:54. Tide is high in Summerside 18 minutes later than in Charlottetown.

## "Noozie" the Sunshine Kid

IT DOESN'T DO ANY GOOD TO SLAM THE BALL IF YOU KNOCK IT INTO THE OTHER FELLOWS MIT
