ANOTHER P. E. ISLAND GUN.—The Guardian is pleased to announce that Mr. James Paton yesterday expressed his intention to provide a machine gun to the Canadian military authorities to be disposed as they consider best. This is the fourth gun from individual citizens in the province, and will no doubt be followed shortly by others, either from individuals or from associations.

BAND CONCERTS.—The Band Committee of the City Council state that owing to the fact that the 32nd Regiment Band is in such demand at recruiting meetings throughout the country it is impossible to put on concerts as often as they would wish. There is no doubt, however, that patriotic citizens will forego the pleasure for this important work and the band will be on the Square or at the Park just as soon as it is possible to arrange it.

RETAIL MERCHANTS TO PROVIDE GUN.—A meeting of the retail merchants was called in the City Hall yesterday at 4 o'clock to consider the question of contributing towards buying machine guns for the army. Quite a number of merchants were present and all were unanimous that the retail merchants of Charlottetown should make a contribution along this line. The following committee was appointed to look after the matter:—Messrs James Paton, L. E. Prowse, C. H. Chandler and George Moore. A subscription list will be opened at once and no doubt it will be most generously subscribed to. There is every indication that the merchants of the city, who have always stood loyally by any good move in the past, will more than "do their bit" along this line also.
