Newest ideas in Autumn coat styles

RIGHTNESS is a pre-eminent feature in our cloak department. You may buy here any day and feel certain that the coat you purchase will do you credit—even if you may be going to New York tomorrow. Every coat bought by specialists in the line—is bought by people who watch style changes closer than any cat ever watched a mouse. And every garment represents a selection from the line of the best Canadian and German makers—lines shown to us first for Charlottetown.

No wonder this is the coat store is it? Something altogether new is a heavy navy cheviot in military style, trimmed with black military braid and brass buttons.

Another one is a heavy grey and green mottled tweed, has green velvet collar and cuffs, is fifty inches long, with inverted plaid down the centre seam and trimmed with cloth strappings.

One of the best values ever shown, is a black beaver, cloth semi fitted back with a two inch strapping of cloth down the side seams, back and front, fifty one inches long, finished with fancy covered buttons.

Still another one is a heavy weight black beaver cloth, fitted back, velvet collar extra good.

A very striking one is of striped champagne tweed, with touches of dark seal brown velvet, inlaid with soutache braid with swing back and large fancy buttons.

A nice coat for little folks, from five to ten years of age, in dark wine beaver cloth, with two inverted pleats down the centre seam and back, double-breasted with the Canadian flags crossed on the sleeve.

Another one is a navy blue striped tweed, three quarter length, with yoke effect in the back, double breasted with metal buttons.

Something different is a bronze green cloth, with shadow strips, has inverted pleat down the centre seam of back, collar and cuffs piped with velvet to match, double-breasted.

An exceptionally good value is a heavy navy blue frieze, collar inlaid with white felt and fancy braid has stitched straps of seal on the side seams back and front.
