The following information and offer will be of interest to all Sunday School officials and other workers throughout this Conference, says Rev. H. D. Marr in the Wesleyan:—"Mrs. Matthews, widow of the late Rev. W. C. Matthews, who was engaged last summer by the New Brunswick and Prince Edward Island Sunday School Association in the interest of elementary work rendered such valuable service to the schools she visited that several of our ministers suggested to E. R. Machum that she be secured exclusively for that same work in our Sunday Schools. Several prominent laymen in this city and other parts of the Province have become personally responsible for Mrs. Matthews' salary in connection with this work, and I wish to let the chairmen of Districts and District Sunday School Secretaries know that the services of Mrs. Matthews will be available during July and August anywhere in the Conference. Any place that can be reached from this city between Friday and Monday Mrs. Matthews will gladly visit before July, but her work as Kindergarten Superintendent will make it impossible for her to devote her entire time to the work until after the first of July."

At a meeting of the Baseball Committee held last evening to draft a constitution, bye-laws and rules governing the playing for the trophy offered by the Charlottetown Business College, it was decided to adopt the constitution and bye-laws of the National League with such amendments as a committee appointed for that purpose shall deem necessary. As one of the rules governing the trophy demands that none but league teams can compete for it, and that not less than three teams can constitute a league, it was thought advisable that each of the three counties organize a league, and the best team in each to afterward play off, representatives from each of the winning teams to arrange for the same. Accordingly the committee proceeded to organize for Queen's County and prepare a schedule of games. The rules and regulations governing the senior league applies to the junior, save that the conditions of the junior trophy demand that no player shall be over eighteen years of age. According to the draft schedule the opening game of the Queen's County League will be played on May 25th, and three games a week shall be played until the schedule is completed. The Orlebars and Teddy Bears will set the ball in motion to be followed by the Abegweits and Victorias.

A country correspondent writes: "I need not say that I esteem The Guardian, because I recognise the claim you make that you give the 'latest news first of all.' Only for The Guardian I could not get the reports of the doings in the House of Assembly until it was history, sometimes a week old. As it is we get your paper in the afternoon or evening with the doings in the Legislature of the day and evening before. I feel proud of the independent Guardian. May it live long to be the guardian of the people."

At a meeting of the Directors of the Charlottetown Driving Park and Provincial Exhibition Association held yesterday afternoon, Mr. Justice Fitzgerald was re-elected president and C. R. Smallwood was re-elected Sec'y Treas. The usual committees were appointed and it was decided to have the printing of the prize list commenced at once. The classes and purses of the races will be announced in a day or two.

Wallace E. Smith, "Greenwood Cottage", Pownal, held an oldfashioned stumping frolic on Friday afternoon last. There was Jones, and Moore and Brown, and a lot from Pownal town, all armed with hoes and axes. The work went pleasantly on with pleasant joke and laughter, as each vied with each, as who could work the harder. T'was quickly seen, that Moore, The auto man could easily beat Geo. Carver. It was like a dental contest, pulling the stumps, and roots, from the face of mother earth. But when the watches showed 'twas six, they all threw down their picks, they wouldn't work "half a minute longer." Then (Sergeant) W. Brown, Jr., of the Florida ordered the men to "fall in" and marched them off to the music of a tin pail on the double quick to the house, where a sumptuous repast was awaiting the sturdy "dentists" and needless to say "the boys" did justice to the good things provided and perhaps a little more (not A. A. Moore). The remainder of the evening was pleasantly spent, with choice selections on the violin furnished by W. E. Smith, and William Ings, Accompanied on the Organ by Miss Enid Smith. Everybody voted the time quite a "pick-nick.—Com.
