Halifax Lacks "To Let" Signs

HALIFAX, N. S., Feb. 3.—Halifax is facing the most acute shortage of houses in its history. Rapid growth and development since 1924, when there were hundreds of vacant houses here, has exceeded the building program of dwelling places. Rents are soaring and many residents have moved to the suburbs for relief. More than 1,500 inhabitants were said to be affected by the problem.

\$125,000,000 Voted By Congress For National Highways

(Special to the Guardian) WASHINGTON, Feb. 3.—The sum of \$125,000,000 annually has been voted by Congress for Federal aid to National Highways. This is an increase of \$50,000,000 over last year and means an equal amount to be spent by the States or \$250,000,000 per year for the next three years for good roads. This is part of President Hoover's "keep business moving" and "give employment" program and is an answer also to the claim of many States that Federal road appropriations have not kept pace with the State needs.

WILL BRING TELEVISION TO CANADIANS SHORTLY

TORONTO, Feb. 7.—Television instruments are set up ready to bring seeing-by-radio to Canada, says Capt. O. C. Hutchinson, managing director of Baird Television Ltd., London, Eng.

"The instruments are set up in our New York laboratories and engineers are standing by," he said.

"I have made a brief survey of radio conditions here. I have met Sir John Aird and other leaders, and to-morrow I was to meet Premier King in Ottawa. But I have received a telegram calling me to New York to go on to Florida."

"We have been negotiating as well as experimenting for some time in the United States," Captain Hutchinson went on. "Guggenheim, Vanderbilt and Adolph Zukor are interested, and I am going straight to Florida to join a by-the-sea conference."

"The plan of these millionaires is to set up a new radio and television chain through the United States. I expect to be about a week there and then I shall come back to Canada to complete arrangements for giving Canadians their first show of television."

"It is some time since you saw a television demonstration," he asked the reporter. "When we come here you will see surprising improvements."

Sweeten the stomach—instantly

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with an alkali, which neutralises many times its volume in acid.

The right way is Phillips' Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. It has remained the standard with physicians in the 50 years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

LETTERS OF CONDOLENCE

To Mrs. Albert MacArthur: Dear Sister Member,—We the undersigned on behalf of the Ladies Aid Society of the Presbyterian Church, Victoria West, try in this way to convey to you our heartfelt sympathy in the death of your beloved husband. Words seem futile at this time to express our sympathy but our hearts are with you in this your great sorrow.

May the Heavenly Father that blessed your happy wedded life soothe your heart and console you and you have the blessed assurance of a happy reunion where there are no more sorrow and all tears are wiped away.

MRS. DAVID ENMAN, President. MRS. JAMES DYMENT, Vice President.

To brother Gordon MacArthur of Enmore on behalf of the officers and members of Bell Lodge 1609.

We desire to express our heartfelt sympathy for you in the loss of your dear father. While we are aware of the emptiness of mere words and their inadequacy to convey to you the feelings of our hearts on such an occasion as this nevertheless we beg of you to accept this expression of our concern for you in this hour of grief and separation.

We are happy to know of the Christian life of your father and are sure that fact has lessened the intensity of sorrow on your part as the apostle so feelingly expressed it. "Causes you to sorrow not as those who have no hope."

Notwithstanding the certain sting

of human loneliness we are sure you have borne the trial in the strength of your loved one's Saviour.

May the God of all comfort be your portion at this time and ever sustain you. With hearts of truest sympathy, we wish to remain your Brothers of Bell Lodge.

JOHN R. ENMAN ALBERT A. MOORE JOHN W. SMITH.

IN MEMORIAM

MR. A. E. MACARTHUR

Enmore with the whole community and the many friends mourn the sudden passing away of one of the oldest and most highly respected men in the death on the morning of January 8th, 1930, of Mr. Albert E. MacArthur at the age of 74 years.

Mr. MacArthur had always enjoyed the best of health and that morning as was his usual custom, went out to assist with some light work. After he came in he spoke of not feeling well and asked to be assisted to his bed and without any visible sign of suffering peacefully passed away.

His passing so suddenly and unexpectedly has been a great shock in the home, as he was an ideal husband and father. With his fine Christian character his whole life was an example of sobriety, goodness and justice. The large family left to mourn have reason to hold his memory in the deepest reverence and respect. Although of a quiet and unobtrusive manner, he truly verified the words of the poet: "An honest man, the noblest work of God." He was a faithful member and generous supporter of the Presbyterian Church all his life and was deeply interested in all that pertained for the best and the most worthwhile in the community. In his comfortable and hospitable home all classes and creeds received the same glad hand of welcome; and there are those who have reason to cherish his memory for the great sympathy and kindness of heart and mind in helping at times of bereavement and heavy losses.

Mr. MacArthur, being of a very cheerful and hopeful disposition, faced the trials and difficulties of the early settlers with a smile and delighted in the tilling of the land and the improving of his fine farm, which was his chosen and best liked work. He lived to see the place which was once a forest of most wonderful hardwood, etc., become one of the most improved and prosperous settlements and his large family all settled on fine farms and with comfortable homes.

In all the spheres of his very active and industrious life it can be truly said of him that he fought the good fight, he finished the course, he kept the faith; henceforth there is laid up for him a crown of righteousness in Heaven.

There are left to fondly cherish his memory his widow, who was Miss Christine, MacDonald, of Springton, three daughters, viz.: Janet, Mrs. D. D. MacDonald of Shamrock; Gertrude, Mrs. Forest Phillips, Mt. Royal, and Ada, Mrs. Spurgeon Ramsay, Port Hill. One daughter, Mrs. John Campbell, predeceased him over four years ago. Also four sons, Russel, Gordon and Fred, all quite near and Burns on the homestead, two sisters, Mrs. M. D. MacLeod, Summerside, and Mrs. Even Campbell, Charlottetown, and twenty-nine grand children and one great grandchild are also left to mourn.

The funeral took place on Friday, the 10th inst. There was a short service in the house, followed by a service in the Presbyterian Church, Tyne Valley, conducted by the pastor of the church, Rev. D. Davies, assisted by Rev. H. Cook of the United Church and Rev. H. R. Coleman of the Anglican Church, both of which were very impressive and comforting. Burial was in the family plot
