FINANCIAL NEWS BRIEFS

(Received over Pitfield and Co's Private Wire)

MONTREAL, Aug. 5—Things brightened up a bit in the Montreal markets yesterday. Utilities were higher with Can. Hydro Pfd. leading the move with a three point gain. Smelters rose a point but Noranda, Tuesday's strong spot, dropped the same amount. Fraser's lost a point, but most of the other papers were firm with St. Lawrence Pfd gaining 1 to 92-1-2. C. P. R. and Steamers Pfd were fractionally higher, probably on the somewhat higher crop estimates that have been heard recently. There was evidence of buying in some of the junior mines in Toronto, particularly the base metals, Sherritt Gordon jumping 40 cents and Aldermac 12 cents. New York Steels, motors and rails gained ground under the leadership of U. S. Steel, Chrysler and Atchison. The general market actions was satisfactory and somewhat encouraging.

Minnesota and Ontario—Trustees report net profit period Jan. 3 to June 20 after all charges including depreciation and depletion but before deferred interest and other special deductions, $455,470 against loss of $101,189 for corresponding period last year.

Normetal—Advised Mont. Curb 75,000 shares issued at 75 cents per share outstanding shares now 3,263,118.

Lake Rowan Gold—To sink 3 compartment shaft at Discovery Hill.

Montreal Power—July output of electricity up 17.8 per cent and 7 months total up 7.7 per cent over 1936 periods. Gas output declined 5 per cent and 2.7 per cent for respective periods.

Lake Sulphite Pulp—Output Nipigon Corp. Groundwood mill in good demand, mill operating at capacity. Output for balance of the year sold.

MONTREAL, Aug. 5—Fairchilds. Unconfirmed report says 2,000,000 contract pending possible maximum $5,000,000 says Financial Counsel.

Paymaster Consol—Net profit before depreciation for year ended June 30 estimated by Financial Counsel at nearly double previous year or about 3.5 cents a share.

Dominion Gas and Elec.—Consolidated interim net income for year ended June $251,620 down from $336,921 in previous year.

WINNIPEG, Aug. 5—A heat wave hit the west again yesterday with some high temperatures being made. Medicine Hat 90, Moosejaw 92, Swift Current 94. Overseas exports of Canadian wheat for week ended July 30 totalled 1,741,000 bushels and 284,000 bushels imported into U. S. The Ottawa crop report says there is no material change in the situation from a week ago. A new factor came in yesterday when reports of Russia entering the market caused a sharp break at the opening. However, when things had settled it looked during the session as the prices had reached debatable ground and that there now be need for plenty of caution on the bear side. The Argentine situation is better at last nights close and there is a good chance that Liverpool may come better than due today and that our market may close higher today.

WINNIPEG, Aug. 5—Alberta Oils—At Lethbridge the crew have made what is considered a record by drilling 125 feet on Tuesday. The depth being 1785 feet. Excellent gas showings have been encountered. Hunter Valley Well. On Hunter Valley structure now Olds is drilling at depth of 8,056.

NEW YORK, Aug. 5—London is better this morning. With regard to wage question of the railways, the management of clas one railways and of 14 non-operating, the union agreed last night on a 5 cents per hour wage increase effective Aug. 1. This will cost railways approximately $98,000,000 and on basis of 1936 payrolls. Market action yesterday was rather favorable and we would look for selective strength again today. Farm implements, rubbers, business equipment, steels, mail orders, papers, specialties such as Armstrong Cork and Int. Silver are doing better.

Grain

(By The Associated Press)

CHICAGO, Aug. 5—Grain prices rallied strongly today, increased buying lifting wheat two to 3 3-8 cents at one stage and corn two to almost four cents a bushel. September corn, soaring above $1 a bushel once more, came within 1-4 of the four-cent limit on daily price fluctuations.

Much strength in wheat was associated with Liverpool's strong close and reports of increased importers' interest in North American grain. Short covering and stop loss orders accelerated the rise in all grains.

Reacting slightly from the highs, wheat closed 3-4 to 2 1-2 cents above yesterday's finish, Sep. 1.15 5-8 to 7-8, Dec. 1.15 5-8 to 7-8, and corn was 1 1-2 to 2 7-8 up, Sept. 99 5-8 to 3-4, Dec. 67 3-4 to 7-8. Oats gained 1 1-8 to 1 3-4.

WINNIPEG, Aug. 5—(CP) — All grain futures traded above yesterday's levels throughout the session on the Winnipeg grain exchange today and final quotations found wheat futures 2 to 2 5-8 cents higher and October and December rye skyrocketed the full five cent limit.

Export purchases of Canadian wheat estimated at 500,000 bushels and other seaboard buying gave the market a strong undertone. Higher Liverpool and Chicago wheat prices added to the market support. Wheat closed with October at $1.28, December $1.25 3-8 to 1-2 and May $1.26 7-8.

Fractional opening gains were extended when southern houses made purchases in connection with intermarket spreading operations. Offerings were generally light and volume of trade for the day was not large.

Scattered buying attributed to outside interest easily lifted coarse grain prices. Oats futures closed 3 3-4 to 3 1-2 cents higher, 2 1-4 to 2 1-8 cents up, flax 2 3-4 to 2 cents higher and rye futures five cents above yesterday's final prices.

G-Men Disclose Extortion Plot

WASHINGTON, Aug. 4—(AP)—J. Edgar Hoover disclosed today United States Federal Bureau of Investigation agents had arrested Wilbur Rothar of New York in connection with an attempt to extort $2,000 from George Palmer Putnam for the safe return of his aviatrix wife, Amelia Earhart, lost in the Pacific Ocean.

Hoover, director of the Bureau, said Putnam received a letter last Sunday advising him his wife was on a ship and the writer would make contact with him the following day.

The man who subsequently talked with Putnam said he was a seaman on a ship out of New Guinea engaged in smuggling narcotics.

While at sea, the man told Putnam, the ship sighted a wrecked plane and took off an injured woman who members of the crew later identified as Miss Earhart. The man demanded $2,000 for her safe return. Hoover said Rothar admitted the story was false.

CAPE TOWN— (CP)—South Africa's citrus exports this year promise to break all records. By the end of June no less than 44,169 tons of fruit had been shipped to Britain and the continent.

MINING

(By The Canadian Press)

TORONTO, Aug. 5—Base metals stocks stepped along at a fairly lively clip again today, for the second day in succession the feature of the Toronto market. Their display of strength caused an advance of nearly four points in the miscellaneous mines index. The golds registered a minor advance while western oils turned in a drab performance.

Secondary base metals continued the centre of the action with Pend Oreille holding a prominent place, trading heavily at a gain of 40 cts to 4.30. The day's high was 4.40. Waite-Amulet posted a gain of 10 cents on smaller volume. Coast Copper added 50 cents. Hudson Bay added 3-4 and Noranda held unchanged.

Trading in the golds were selective. Bralorne was active and steady, Dome and Lake Shore were unchanged and McIntyre a minor fraction higher. Issues up moderately on good volume included Little Long Lac, Macassa, Oro Plata, Pamour, Pioneer, Read-Authier, Reno, Teck Hughes and Uchi.

Among oils, Texas-Canadian traded heavily on a gain of 2 cts and the close was down a little for Calgary-Edmonton, Okalta and Monarch.

Makeshift Armor Saved His Life

SYDNEY, Australia, Aug 5 — (CP)— A single-handed fight against 13 armed natives in the heart of New Guinea is described by Assistant District Officer A. Nurton who has come south for a leg operation. The government official has his foot amputated as the result of the attack by the natives.

On patrol in hostile country in the Madang area, Nurton narrowly escaped death. Lying in hospital at Rabaul, in Melanesia, where he has been a patient several months, the officer gave an account of his hair-raising experience.

Investigating the murder of a native policeman, Nurton one night was aroused when eight women and five men came into his camp.

"I buckled on my armor —the metal of a large biscuit-tin covered in khaki and lined with cotton-wool and calico," said Nurton.

"They cried piteously to be allowed to enter, throwing down their bows and arrows as a sign of friendliness. I gathered that they were survivors of a fight and I let them in once their bows were placed against the fence.

"They were nervous of my gun. I put it away and returned unarmed but demonstrated my immunity to their arrows by driving one of their most dangerous against my armor and shattering it to pieces.

"Suddenly a village headman among them gave a signal and, like magic, large knives appeared from their stringy bags. A horizontal slash, meant for my eyes, cut clean through my nose. Blood spurted over my face. Parrying a swing to my neck, I broke my right wrist-bone.

"A blow to my head severed a great patch of scalp, and seemed nearly to take the top of my head off. Weak from bleeding, I flopped down almost inside the fence, near which were planted spears. My head was protected by the fence, but the natives hacked at my feet. My left foot was nearly severed at the instep, and my right received two savage wounds.

"While some shot arrows —without effect —at my body, others bombarded me with limestone rocks which I tried to kick off, but not without receiving many abrasions.

"I raced for police quarters but halfway my left leg snapped and I somersaulted. I saw a young man running toward me with a 16-inch knife. That looked like the finish.

"Then, suddenly, the crack of a rifle. The native crumpled up in his stride. The lucky shot came from my cook-boy."

The attack on Nurton has been the signal for a general melee around the police quarters. The police beat off two assaults from hordes of fighting men which issued from hiding. Nurton dragged himself to the camp and collapsed.

On stretchers made of native palm and pole, and by canoe, Nurton travelled to Madang, where his foot was amputated. He was then taken by steamer to Rabaul.

BOSTON, —(CP) —Prof. W. G. Constable, who leaves directorship of the Courtauld Institute, London, in September, has accepted the post of Curator of Paintings at the Museum of Fine Arts here.
