

Corns Go Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it) and in extra thin plaster. The action is the same.

CHAMPION BENEY HOLDS CROWN IN EVER HAMMER BOUT.

MICHIGAN CITY, Ind., Aug. 8.—Benny Leonard, world's light-weight champion, successfully defended his title in Floyd Fitzsimmons' arena yesterday after ten slow rounds, with Ever Hammer of Chicago.

Leonard, with his damaged right eye protected by adhesive tape, boxed cautiously until the last three rounds, when he cut loose with a series of punches that left the challenger bewildered.

Every round but two were Leonard's by a comfortable margin, while his best Halflinger claim was an even break in the first and fourth.

Hammer fought a courageous battle, continually trying to land with his left, but Leonard carried too many guns. When Leonard was shaken up a few times with hooks to the chin, he set down and proved that he was champion after it was all over, Hammer said.

"Leonard is the toughest man I ever fought or want to fight. My how he can punch."

Leonard simply said: "He's a good, tough kid."

The gate receipts were estimated at \$28,000, and the attendance about 7,000.

"Great flights of these bombs will be launched in the air under the control of one man. I can foresee a naval battle of the future between, on one side, torpedoes and vessels, designed for ramming, controlled and steered by a pilot in an airplane thousands of feet up, and, on the other side, a fleet of ships that has to rely on gun fire. The only difficulty of wireless control is that a torpedo ship or flying bomb cannot be steered against a moving object unless that object can be seen. That is why control of the flying bombs or sea torpedoes against a steaming fleet will have to be undertaken from the air."

WEST WANTS BIG SHARE

WINNIPEG, Aug. 8.—A larger representation for Western Canada on the new directorate of the Canadian National Railways is asked by the Winnipeg Board of Trade in a wire to Hon. W. C. Kennedy, Minister of Railways, yesterday. The Board maintains that for the proper administration of railway affairs at least 50 per cent of the directorate should be composed of western men, and ask that the chief operating offices be located in Winnipeg.

MANY ODDFELLOWS PRESENT—1200 delegates were registered yesterday at the I. O. O. F. convention for the Maritime Provinces and Newfoundland at the morning opening. There are several local Oddfellows in attendance.

Tignish 16. O'Leary 3

An interesting game of baseball was played on the Tignish Athletic Club grounds on Aug. 2nd, between the runners up in last year's West Prince League, the O'Leary Tigers, and the local Tignish team. This was the first of a series of games to be played between these teams, the next to be played in O'Leary in the near future. A great deal of interest was taken in the game, and many brilliant plays featured. In the 4th inning Tignish boys played "merry-go-round" and scored 10 runs, otherwise it was closely and keenly contested. Rev. Mr. Tarnan officiated in a splendid manner, and was called upon to give several decisions on narrow margins. The line up was as follows:—

TIGNISH	Catcher	O'LEARY
L. Murphy	Pitcher	E. Ellis
A. E. B. Murphy	1st. Base	McFadyen
E. Arnsault	2nd. Base	Matheson

HEROIC SECOND MATE LOSES LIFE TO SAVE SAILORS

MONTREAL, Aug. 8.—A thrilling story of heroism at sea was unfolded here, Sunday night, when the master of the steamer Corinaldo brought his ship into port and reported the loss of Second Officer Angus J. Glasgow. The officer was washed into the sea during a gale that struck the ship on August 4. Although unable to swim, he refused help and ordered the succoring boat to rescue two of the Corinaldo's sailors who were also thrown into the sea. Both these were saved while the second officer was drowned in the sight of the ship.
