## PRESBY. CONGREGATIONS PETITION LEGISLATURE

### Delegation of One Hundred and Fifty Wait On Members of House in Connection With Union Bill Now Before That Body.—Revs. G. C. Taylor and W. O. Mulligan Present Case.

At half-past one yesterday afternoon a very large and representative delegation consisting of about one hundred and fifty Presbyterian ministers waited on the members of the House in the Legislative Assembly chamber the spokesmen being Rev. G. C. Taylor and Rev. W. O. Mulligan.

Rev. Mr. Taylor, who spoke first, in appreciation of the graciousness and courtesy of the members in allowing it to present its case, which contained nothing of intimidation or coercion.

This was a time when the fate of the Union question which was in a perilous position, was to be decided. The members of the delegation had an appreciation of the desire, intention, and determination of the members of the House to carry out the functions of their office.

Rev. Mr. Taylor then read the following petition:

TO THE HONORABLE MEMBERS OF THE LEGISLATIVE ASSEMBLY

Gentlemen: In anticipation of the possibility of the re-introduction at the forthcoming Session, of the Bill introduced last Session regarding the proposed Union of the Presbyterian, Methodist and Congregational Churches of this Province, and in view of the very objectionable provisions contained in said Bill, and which now have become more clearly revealed during recess by the attempted application of the Federal Union Act, to which the proposed Bill was intended to be supplementary, we, the undersigned members and adherents of the Presbyterian congregation of—

in this Province, to be affected by the said Union Act and the proposed Provincial Legislation which may be passed by you at this Session, do hereby respectfully enter our solemn protest against many of the provisions as contained in the said proposed Bill for the following reasons:

1. Because the proposed legislation is anomalous, unprecedented and unjust.

(a) It is anomalous, as it is a plain deviation from the accepted rules of legislation as practised by all self governing communities.

(b) It is unprecedented as nowhere in the legislation in modern times of any civilized country is there an instance of a body of worshippers holding as a church to any system of Christian belief be legislated en masse into another denomination of a different religious belief or formula of practice.

(c) It is unjust as it disregards the civil rights of the people whose ancestors erected places of worship for themselves and their successors by abruptly severing them

from the church of their choice and inheritance and placing them forever irrevocably into a totally different church and denomination. The proposed Bill is unjust because people should not be compelled to take steps necessary to retain property already belonging to them, and because such retention is effected by a loose system of poll count that in a large measure disregards the rights of, and in fact denies any voice to, a great many people known as adherent members, who contributed largely to the creation of the places of worship and other properties at stake.

2. The Parliament of Canada, by enacting such legislation, containing as it does, provisions beyond its power to enact or enforce in effect presumes that it should compel and control the action of the Provincial Legislatures regarding civil rights.

3. In this Province many of the congregations have acts of incorporation especially drawn containing wise provisions to safeguard the church properties against any improper use or hasty alienation. These safeguards are disregarded and defeated by the proposed legislation and the individual and collective rights of the people, so intended to be protected, are swept away unless by an unreliable system of polling a majority vote can be shown against such confiscation, the onus of procuring which vote is thrown on the people owning the property and desiring its trusts of dedication to remain unbroken. This is a contravention of all principles of property rights.

4. The manner of taking the vote to decide the ownership of the property is too well known to require a full statement here. It should, however, be noted that the partisan feelings inevitably afforded and the opportunities afforded for the taking of unfair advantage by one party over the other have resulted in cases of injustice too manifest to be tolerated. These injustices are not, however, similar in their ultimate effect, because an injustice done to the Union party can later be corrected, while an injustice resulting in the transfer of a congregation or church from the Presbyterian to the United Church is irrevocable and final under the proposed legislation, for such congregation or church passes into a Dominion-wide corporation and is not thenceforth subject to a local vote.

5. While the foregoing is an incomplete statement of the many injustices imposed on the non-concurring Presbyterians, we trust they are sufficient to compel the serious consideration of every member of this honorable Legislature. The grievances of which we complain affect not only the Presbyterian part of our population; they go further, for no considerable body of our people can be left to suffer under wrongs and injustices without evil effects being felt by the whole community. We therefore come to you Honorable Members of our Legislature, who are not only the Guardians of the civil

and religious rights and privileges of every person in the community but the protectors of all, even to the humblest person in the land, to protect us and them in the full enjoyment of these sacred rights and privileges.

6. While we hold it as unjust that any group or class of persons should be despoiled of their interest or share of anything properly belonging in part to them, and while we hold that full and sufficient compensation should be given when such interest must be given up for the general good, actual or mistaken, as determined by the majority, there may be cases in which compensation must of necessity be waived; accordingly where the majority for Union on any poll exceeds two-thirds of the total vote polled we would recommend that for the sake of peace and good will the minority abandon its rights but where the majority does not exceed two-thirds we respectfully and earnestly ask that no transfer of property be forced or allowed by the Act proposed. This will not entail any unreasonable hardship on the churches will still stand for the purposes and trusts intended in their erection; should conditions in the future warrant the taking of another vote provision is made therefor in the Act.

7. We further request that a like provision be embodied in the proposed Act, providing that at any time during at least twelve months after the tenth day of June next, upon requisition of ten per cent of the members in full communion and adherents of any Presbyterian congregation which shall have entered the United Church, a

and religious rights and privileges of every person in the community but the protectors of all, even to the humblest person in the land, to protect us and them in the full enjoyment of these sacred rights and privileges.

8. While we hold it as unjust that any group or class of persons should be despoiled of their interest or share of anything properly belonging in part to them, and while we hold that full and sufficient compensation should be given when such interest must be given up for the general good, actual or mistaken, as determined by the majority, there may be cases in which compensation must of necessity be waived; accordingly where the majority for Union on any poll exceeds two-thirds of the total vote polled we would recommend that for the sake of peace and good will the minority abandon its rights but where the majority does not exceed two-thirds we respectfully and earnestly ask that no transfer of property be forced or allowed by the Act proposed. This will not entail any unreasonable hardship on the churches will still stand for the purposes and trusts intended in their erection; should conditions in the future warrant the taking of another vote provision is made therefor in the Act.

9. We further request that a like provision be embodied in the proposed Act, providing that at any time during at least twelve months after the tenth day of June next, upon requisition of ten per cent of the members in full communion and adherents of any Presbyterian congregation which shall have entered the United Church, a

and religious rights and privileges of every person in the community but the protectors of all, even to the humblest person in the land, to protect us and them in the full enjoyment of these sacred rights and privileges.

10. We further request that a like provision be embodied in the proposed Act, providing that at any time during at least twelve months after the tenth day of June next, upon requisition of ten per cent of the members in full communion and adherents of any Presbyterian congregation which shall have entered the United Church, a

## \$400,000 Expected From Electric Tax

OTTAWA, Mar. 25.—“We estimate that the export duty on electricity will bring in an annual revenue of approximately \$400,000,” said Hon. J. A. Robb, acting minister of finance, tonight when questioned regarding the new export duty on power announced in the budget this afternoon. The \$400,000 is not included in the \$1,000,000 estimated increase in revenue which will result from the other tariff changes,” added Mr. Robb.

## Five Killed And Fifty Injured In Bad Train Wreck

(Canadian Press) PARIS, Mar. 25.—Five persons are known to have been killed and fifty others injured when the Bourdeaux-Paris express was wrecked near here early today.

## “Tapin” Won 1000 Pounds Handicap

(Canadian Press) LINCOLN, Mar. 25.—“Tapin” owned by Eknayan won the Lincolnshire Handicap of one thousand pounds over the straight mile course. Twenty six horses ran.

## Besco Official Voices Opinion

(Canadian Press) GLACE BAY, Mar. 25.—Had the Dominion Government allowed the Tariff on run-of-mine coal to remain at 58 cents a ton instead of reducing it to 50 and boosted the Tariff on slack to 53 cents to make it conform with that on run-of-mine, it would have been much better for the Nova Scotia trade than the new service of 50 cents all around said Vice President J. E. McLaughlin of the British Empire Steel Corporation this morning when asked what effect the raising of Tariff on slack coal from the United States from 14 cents to 50 would have on the Nova Scotia trade. Mr. McLaughlin said the Tariff revision on coal was not as good as had been expected.

## Property Loss is Twenty Millions

CHICAGO, March 27.—Southern Illinois and Indiana and other States in the path of last Wednesday's tornado hummed with industry today as the work of rebuilding and restoration progressed.

Warm sunny weather prevailed in most of the stricken territory as carpenters piled hammer and saw on hundreds of new buildings and relief workers continued to aid thousands of injured and homeless.

With three additional deaths at Griffin, Ind., the number of fatalities in five States was increased to 813, but this figure did not include a score of persons believed to have been incinerated at Murphysboro. The Red Cross announced that 2,939 persons were injured. Property loss was estimated in the neighborhood of \$20,000,000.

and religious rights and privileges of every person in the community but the protectors of all, even to the humblest person in the land, to protect us and them in the full enjoyment of these sacred rights and privileges.

6. While we hold it as unjust that any group or class of persons should be despoiled of their interest or share of anything properly belonging in part to them, and while we hold that full and sufficient compensation should be given when such interest must be given up for the general good, actual or mistaken, as determined by the majority, there may be cases in which compensation must of necessity be waived; accordingly where the majority for Union on any poll exceeds two-thirds of the total vote polled we would recommend that for the sake of peace and good will the minority abandon its rights but where the majority does not exceed two-thirds we respectfully and earnestly ask that no transfer of property be forced or allowed by the Act proposed. ## PROV. LEGISLATURE PETITIONS THE GOV. GEN. TO DO JUSTICE TO FRASER MITCHELL VICTIMS

### In a Resolution Submitted By Mr. J. A. McDonald, Ft. Augustus, the History of The Appointment And Fraudulent Conduct of A. Fraser Mitchell, Some Time Immigration Agent is Reviewed and the Gov. in Council Requested To See that Justice is Done in the Interests of the Dom., the Province and the Defrauded Ex-Officers.

At the evening sitting of the Legislature last night Mr. J. A. McDonald, Fort Augustus, proposed the following resolution, of which he had previously been given credit, dealing with the Fraser Mitchell case.

TO HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

We, His Majesty's dutiful and loyal subjects the Legislative Assembly of Prince Edward Island in General Assembly convened, approach Your Excellency and request—

(1) That in or about the month of January, 1923, the Honourable John E. Sinclair, a member without portfolio in Cabinet of the Dominion of Canada, introduced one Andrew Fraser Mitchell to the Honourable John H. Bell, Premier of this Province, and the members of the Government, and strongly urged the appointment of the said Andrew Fraser Mitchell as representative of Prince Edward Island for immigration purposes, at the same time assuring the Premier and the members of the Government that he, the said Honourable John E. Sinclair, had inquired into the standing of the said Andrew Fraser Mitchell and was satisfied that he was a suitable man for such an appointment.

(2) That after hearing the said Andrew Fraser Mitchell on this matter, the Government declined to make the appointment.

(3) That shortly afterwards the said Andrew Fraser Mitchell visited at the home of the said Honourable John E. Sinclair and there completed an option for the purchase of the farm of the said Honourable John E. Sinclair and three other farms at the same place.

(4) That shortly afterwards in the month of March in the same year the said Honourable John E. Sinclair introduced the said Andrew Fraser Mitchell to the Ministers of Immigration and an arrangement was effected whereby the Federal Department undertook to pay the said Andrew Fraser Mitchell a monthly sum of one hundred and fifty dollars providing the Provincial Government would appoint him as its agent for immigration purposes.

(5) That the Government of Prince Edward Island was again asked to appoint the said Andrew Fraser Mitchell as its agent and on being asked that no expenditure of money would be required, appointed the said Andrew Fraser Mitchell its agent, and the form of the appointment was dictated by the said Honourable John E. Sinclair who also requested that the Great Seal of the Province be affixed to said appointment.

(6) That the said Andrew Fraser Mitchell immediately left for England and entered into negotiations with several retired Indian Officers there and induced them to buy certain plots of land which he held under option as previously mentioned by misrepresenting to them that the said land which he was selling was owned by the Government of Prince Edward Island.

(7) That the said Andrew Fraser Mitchell in certain cases was paid by the said Officers the full amount of the purchase price of the said plots.

## LEGISLATIVE ASSEMBLY

His Honor the Lieutenant Governor received yesterday afternoon the Address in reply to his Speech at the opening of the Legislature. Hon. Mr. Prowse submitted a bill to incorporate the Little Sands Hall Company, and it was read a first time. Hon. Mr. Stewart presented a bill entitled An Act to incorporate the Prince Edward Island Dairying Association and it was read a first time.

On motion of Hon. Mr. Stewart the bill entitled “An Act Respecting the Registration of Stock in Extra Provincial Corporations was read a second time and committed. Mr. Buntain in the chair. Premier Stewart explained that in respect to the Bank Stock of deceased persons residents here successive duties have heretofore been claimed by the Province in which the head offices were situated. This bill provides that such succession duties shall be paid here, and that no other Province will in future be enabled to come here and sue in our courts for succession duties. It is provided that after the coming into force of the Act “all persons, firms and corporations within this Province who own, possess or hold a share in the capital stock of any corporation incorporated or having its head office or chief place of business without this Province shall without any notice or demand therefor furnish to the Provincial Treasurer the following information: (1) The total number of shares of the capital stock in such corporation, or each of such corporations owned, held or possessed by him and the par value of each such share; (2) The serial or other distinguishing number or other mark of each certificate representing such share or shares; (3) The corporate name of each such corporation; (4) The date of each such share or stock certificate; (5) The name (as shown on such certificate or certificates) and address of the owner of each such certificate; (6) The number of shares expressed to be represented by each such certificate; (7) If the holder is not the original grantee or allottee of the shares or any of them, the date and other particulars of the transfer or several transfers of which such share or shares passed to the holder; (8) Whether the holder holds such share or shares as actual owner or in a representative, and if the latter, what character.

It is also provided that upon the death of the owner or holder of any such share or shares domiciled within this Province, his personal representative or representatives of such deceased shall immediately upon taking out probate or letters of administration furnish to the Provincial Treasurer particulars of the share or shares held by the deceased as nearly as may be and also an exemplification of the will and probate or letters of administration and a certified copy of the inventory of said estate. Progress was after some time reported.

The House then resumed further consideration of the Church Union Bill, Mr. M. F. McDonald in the chair. Hon. Mr. Kennedy spoke at some length in opposition to the bill, and progress was reported.

At the evening session, Mr. J. Augustus McDonald moved the resolution, asking the Dominion Government for the reimbursement of the Indian officials who had been defrauded and Fraser Mitchell Immigration scheme.

He moved this resolution, he said, for two reasons (1) The unenviable notoriety resulting from the action of Mitchell reflecting discreditably upon Canada and this Province; and (2) The justice of paying the officers the amounts of which they were defrauded. These amounts he contended, should be paid by the Dominion Government; and the Dominion Government only. He reviewed the evidence in the case showing that the Provincial Government declined to appoint Mitchell as its agent until after he was, on the recommendation of a member of the Dominion Government, paid his salary of \$150 per month. The Hon. John E. Sinclair made a great mistake in giving Mitchell, an option on his farm. It was on his responsibility that Mitchell was appointed; and through him the Dominion Government was responsible for the payment of the money the officers had lost through Mitchell's misrepresentations. He did not see how the resolution could be opposed by anyone. In all justice the Dominion Government should pay the officers.

Mr. McNeven seconded the resolution. He admitted that the Provincial Government was careless about the matter. But upon

and attended by the representatives of the Sovereign, the British Prime Minister, Cabinet members, leading statesmen and foreign Ambassadors. The Abbey was filled with representatives of all classes of the British public. The doors were closed a few minutes before the services began.

(Special to the Guardian) LONDON, Mar. 25.—The highest tribute possible for the British nation to offer to the memory of one of its statesmen was paid at noon today to the late Marquis Curzon when his funeral services were held in Westminster Abbey

and attended by the representatives of the Sovereign, the British Prime Minister, Cabinet members, leading statesmen and foreign Ambassadors. The Abbey was filled with representatives of all classes of the British public. The doors were closed a few minutes before the services began.

## Ontario Will Get Alberta Fuel in May

TORONTO, Mar. 25.—Announcement was made in the Ontario Legislature this afternoon by Premier Ferguson that in May the railways would commence to transport 100,000 tons of coal from Alberta to Ontario.

No provision was made in the agreement, he said, that the railways would carry the coal at cost. The Premier stated that the Alberta Government was seeing to it that the eastern provinces obtained a good quality of coal.

## Three Miners Lost Lives

(Canadian Press) MALONE CITY, Penn. Mar. 25.—Three miners were drowned when a blast in the Vulcan mine near here released thousands of gallons of water last night flooding a gateway. The water had accumulated behind a wall of rock unknown to the miners.

moral grounds the Dominion Government was evidently responsible for the action of its minister. The honour of Canada and of the Province are alike involved. He reviewed the evidence in the case, and contended that upon moral grounds the Dominion Government should repay the losses of its officers.

Mr. Saunders said that he suspected the sincerity of the mover of the resolution. “Everyone,” he contended, who knows the Hon. John E. Sinclair knows that he is a man of honour. If Mitchell's proposal had been carried out it would have been a grand thing for this Province. He was purchasing seven hundred acres of land in an excellent locality; and upon this land were to be placed immigrants of the very finest kind. Could there be anything more desirable than the settlement here of retired officers of the British Government. He quoted the evidence of the Hon. John E. Sinclair at length, and contended that there was an ulterior object behind the resolution. The Dominion Government is not bound to pay losses resulting from the act of a criminal. Mitchell was, he said, the agent of the Provincial Government and if there is any responsibility, where does it rest?

Hon. Mr. Stewart said that the one object of the Leader of the Opposition was to rush to the aid of his friend the member of the Dominion Government. He did not say whether or not he would support the resolution. The Government has had the refusal of the Prime Minister in this connection. He had interviewed ministers of the Canadian Government. The ministers did not give a final decision at that time. The summer went by and no decision was given. Very recently he had received the refusal of the Canadian Government. The object of the resolution, he pointed out, was not to attack any man. The acts of the Dominion Minister, speak for themselves. He moved the adjournment of the Debate and the House adjourned until 3 o'clock today.

It has cost Australia a loss of over a million dollars to operate the fleet during the past year. The ships are listed as assets of a total value of \$30,000,000.

Island Nurses Will Graduate

MONTREAL, Mar. 25.—The graduation exercises of the 1925 class of nurses in training at the Royal Victoria Hospital here, will take place on Thursday. The following Maritime nurses receive diplomas:

St. John—Mary Barnes and Mary Morison; Fredericton—Kathleen Sterling and Gladys Wainwright; Moncton—Margaret Linds; Miramichi—Mary Henderson; Aulac—Blanche Teed; Newcastle—Annie McCombe; Shediac—Gladys Smith.

Charlottetown—Jean Louzon; Summerside—Cassie Smallman. Halifax—Gertrude Ellis and Gertrude Johnston; Lockeport—Harriet Copeland; Waterville—Winnie Chute; Stellarton—Isabel Henderson; New Glasgow—Irene MacKay; Athol—Ruth Smith; Pictou—Frances Sutherland; St. John's, Nfld.—Stella Byrne.

## Canada May Come Under Quota Law

United States Moves to Place Canadians on Basis With Others

BUFFALO, March 25.—Plans to put Canada on the same basis with other countries under the Immigration law are being suggested in Government circles at Washington. James J. Davis, Secretary of Labor, stated in an interview last night.

As the situation now stands, Canada is not included, the Cabinet Member explained. “Canadian-born persons can come to this country without fear of exclusion by immigration quota limits.

“It is only fair to other North American countries and countries in South America that no difference be shown between Canadian and Mexican and other American countries.”

Another problem confronts the country in uniting the wives and children of American citizens and the resident aliens, who are in other countries, he asserted.

“It is a moral obligation and is economically right that these families should be reunited,” Secretary Davis said. “It is not right that a man should reside in this country and have his wife and children in some European or other nation. It is not right that they should earn money here and send it away to be spent in some other country.”

Will Try To Sell Ships To Canada

(Special to the Guardian) SYDNEY, Australia, Mar. 25.—Mr. Larkin, Chairman of the Commonwealth Shipping Board of Australia, has left on the Aorangi for Vancouver en route to Ottawa where he will try to sell five steamers of the Australian fleet to the Canadian Government.

Australians have been reading with interest the proposal of Canada to break the North Atlantic Shipping Combine. Five ships of the “Bay” class are especially suited for the North Atlantic trade and these will be sold if Canada wishes to buy them.

It has cost Australia a loss of over a million dollars to operate the fleet during the past year. The ships are listed as assets of a total value of \$30,000,000.
