How To Save Work In The Home

Most of the dust in the modern home comes from the floor. It needs, if you would use Floorglaze right. And dust isn't merely a bother for the housewife and the maids. It's a danger.

Dust spells d-i-s-e-a-s-e. The germs of all infections dwell, mainly, in floor-dust. Floorglaze reduces floor-dust to a minimum.

When you coat a floor with any of the ten shades of Floorglaze you have a floor that is creviceless (resists harbor germs), washable (use an anti-septic in the mop-water), and nearly dust-proof.

You will get weary watching for it to wear off that floor. Floorglaze stands outdoor wear, even-terraces, porch steps, etc. And a gallon covers 500 square feet. Cheap!

Your dealer has it. You would find our Free Book interesting reading. May we send you a copy? Ask on a post-card. Imperial Varnish & Color Co., Limited, of Toronto.
