**New Fall Styles
In Dress Goods**

The Autumn season is right upon us. Many minds are already considering the fall gown. If you would know what is the latest and best in Fall dress goods you will need to come here. We're making a specially fine showing of smart and stylish weaves, in rough fabrics for tailor-made suitings and for walking skirts. The most popular seem to be:—Camel Hair, Zibelines, Cheviots Friezes, Tweeds, etc.

And then there are some smooth finish fabrics that are going to be favorites, such as Broadcloths, Covert Coatings and the like. As always we have a great stock of the lighter weight goods in serges, cashmeres, Henriettas, Biarritz, Voiles, Etamines and indeed every fabric that is new and good for this fall. As to prices, of course we can give you goods from 16c. per yard right up, but we would rather be known for the high quality of the goods we show than for any other consideration. But this much we will assure you, that no one in the country, or out of it will give you more real value for a dollar than we will.
