SUPREME COURT.

WEDNESDAY, June 28th.

TO THE HONORABLE THE CHIEF JUSTICE AND JUSTICES OF THE SUPREME COURT.

We the Grand Jury of Queen's County having inspected the Hospital for the Insane, the Poor House, the Jail and the Charlottetown Market House beg to report as follows:

Hospital for the Insane.—We found this building very much overcrowded, to such an extent that ten patients were compelled to sleep in rooms originally intended to accommodate five. The ceilings and floors were in some places much out of repair, particularly was this the case in male wards Nos. 1, 2 and 3. The window sashes in at least some of the halls and rooms require to be repaired.

We were much surprised to learn that ever since the building was constructed, it has been customary to allow the fires to go down each night during the winter months between ten and eleven o'clock p. m. and not revived again until five or six o'clock a. m., thus exposing the inmates to an uncomfortably low temperature as well as causing the water to freeze in the pipes and on the floors. We would strongly recommend that the fire be kept up continuously during cold weather, and a uniform temperature be maintained and recorded daily in the different wards. The building throughout was as clean and tidy as its overcrowded state will permit.

We found that the flour, meal, milk and butter supplied to the Institution prior to May last were in some instances totally unsuitable; but this grievance we are assured has been removed. We would suggest however that in future the store keeper be required to use more caution when receiving supplies.

The Poor House appeared to be as clean and comfortable as its overcrowded and dilapidated condition permits.

The Jail may be briefly described as a disgrace to the province. No provision is made for the health or cleanliness of the prisoners. Upon inquiry it was learned that the general bath room has not been in working order for some years.

The Charlottetown Market House was also inspected and the jury would suggest that some of the chopping blocks and table tops be renewed.

We take this opportunity of expressing our regret at the loss this province has sustained in the death of Judge Alley.

On behalf of self and fellows,
HORACE HASZARD,
Foreman.

ORDERLY crowds and a pleasant time every evening at the Steam Riding Gallery, Upper Queen Street, 221v.

Rev. Dr. Carman. Despite the lowering skies a fairly large congregation attended and listened to a discourse, rhetorical in the highest degree, methodisms, old man eloquent, was in magnificent form. The discourse was based on the idea that God's infinite grace was communicable to man only by the narrow strait of faith. The wealth of illustration was overwhelming. The amplitude of nature's beauty could only be received through the narrow slit in the iris. The delight of music natural or artificial by the tiny orifice which leads to the tympanum. The rustenance which builds up the body by the conditions of mastication and digestion being filled-recovery from sickness by the dogmatism of the medico being accepted and yet quoth the learned speaker you accuse us of dogmatism, narrow dogmatism in saying you can only enjoy this grace through faith. The peroration was a masterly plea for man's acceptance of the truth and his reception of God's illimitable gift. Organist Watts presided at the instrument and a choir of twenty-five sang excellently two anthems and led the hearty congregational singing for which this church is famous.

Dominion Day Sports.

Today the Athletics will finish their training for the big race meet here on Saturday. All are in perfect condition for their several events and all that is needed to make records is fine weather and a calm day.

The formation of the New Athletic Club (the B. & A.) has given a remarkable stimulus to Athletics. The new club have some exceptionally fast men in their "String" among them being Newsome, Clarke and Gaudet, the speedy bicyclists and Jack Payne who has developed into a remarkable runner this year.

The contest for points between the B. & A. and the A. C. A. C. will be very close and exciting.
