IN the case of the little girl named Malone, knocked down and run over on Weymouth Street on Friday last, whose injuries are quite serious, it was stated in The Guardian that the bystanders attached no blame to the persons driving the team. The relatives of the little girl appear to think very differently, and assert that the team was being driven very rapidly down Weymouth and turned sharply on to Fitzroy, so close to the platform on which the little girl was that it knocked her down causing the injuries complained of.

THE Colonial Herald of November 23rd, 1839 contains a public notice from the commissioners to superintend the erection of the Colonial Building offering a premium of twenty pounds for the best and most approved plan and ten pounds currency for the second best plan of a brick or stone building to comprise suitable offices for the public departments. "In the plans to be submitted," says the advertisement, "the Commissioners request that particular attention be paid to ventilating and to the most approved methods of heating the building."

JOHN MCKANE, who has been visiting the Miramichi during the past week, has sent a cheque for $1,000 to the Bishop as a contribution towards the erection of the new Cathedral at Chatham. The Advocate also understands that Mr. McKane gave a contribution to at least one other Miramichi church. Mr. McKane has made a large fortune in mining. He was formerly manager of the Merchants' Bank of Halifax here, but quit the banking business, and went to try his hand at mining.—Newcastle N. B. Advocate. (Mr. McKane was for several years here in the Merchants' Bank of Halifax (now the Royal Bank) and has many friends in the city who will be pleased to hear of his success.)

DALHOUSIE College and St. Francis Xavier's football teams played in Halifax Friday. It was a good game, and the score at the end stood 11 to 0 in favor of Dalhousie. The game was snappy and swift from start to finish, but the Xavier's evidently lacked the skill in making the proper disposition of the pigskin that was necessary to meet the superior combination of the home players. Several times fine opportunities for gains by Xavier were missed, which might otherwise have brought a different ending to the match. These failures to make good when the advantage was clearly their's, caused St. Francis Xavier's to mar an otherwise almost faultless game. The visitors did excellent work in the serim, in kicking and in dropping on the ball. The score consisted of a goal in the first half and two tries in the second. S. Doyle formerly of the Abegweits, played wing half on St Francis.

The firm has its own freezers on the premises and is prepared to handle any quantity of fish at any time. Island dealers should write for quotations.

THE Halifax Mail says that a movement is now on foot to have revoked the death sentence passed on Hope Young, who last spring murdered two children. The reasons given are chiefly that the woman is a mental and moral degenerate, members of her family for three generations back having been criminals, and that her early surroundings were degrading in the extreme.
