To the Electors of the City of Charlottetown

LADIES AND GENTLEMEN.—At the solicitation of a large number of electors of the city to offer for the Mayoralty, I have decided to be a candidate for that honorable position, believing that the position should be best filled by a member of the council.

I have served at the council board as representative of Ward 4 for four years and for the past two years as chairman of the Street Committee, my record in that capacity is before you. I am in favor of still proceeding with permanent improvements as long as they can be made within our revenue without adding any more to our taxation. I am not in favor of selling debentures at less than Par, and may say, since I have been in the council it has never been done.

If I am elected I shall do all in my power to justify your confidence in me. While retiring from my position at the Council Board, I wish to heartily thank my friends and supporters in Ward 4 for their past kindness, and to ask them to again exercise that same hearty support in my election to the new position.

Always your servant,
B. C. PROWSE

THE QUESTION OF FLOUR.

Not the least of the many problems which puzzle the young housekeeper is the selection of the flour Cook books are often indefinite; one recommending a brand you cannot conveniently obtain; another neglecting the point or insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? If not use it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour, rises well, but absorbs much water and requires much kneading, the bugbear of all bread-makers. Blended flour, as milled by the Ontario millers, combines the strength of Manitoba wheat and the delicate flavor of Ontario wheat, and is a superior flour to either one alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flour for bread, cake and pastry, Blended flour solves the flour trouble of all the cooks who have the discernment to use them.
