

FATHER MURDERS

His Three Children While Insane

A TERRIBLE DEED.

Two are Dead and the Third is Fatally Wounded

A FATHER'S HORRIBLE DEATH.

LOCKPORT, N. S. July 8.—(Special).—Sydney Locke, of this town, while labouring under a fit of insanity this morning shot his three children, Ruby, aged 14; Howard, 11; Ermina, 8. Ruby and Ermina died almost instantly Howard is still living but fatally wounded. All three were shot with a large calibre revolver through the head while lying asleep in bed at 7 o'clock. Locke has been mentally deranged for months but is apparently improving.

A HANDSOME PRIZE.

MONTREAL, July, 8.—(Special).—Grand Recorder Patterson of A.O. U.W. was the recipient today of a cheque for \$2,700, the prize won by the Grand Lodge at Quebec for having a net gain of over 1,000 members during the past twelve months.

THE RECEPTION OF ROYALTY.

OTTAWA, July 8.—(Special).—The program for the state entertainment of the Duke and Duchess of York and Cornwall has not yet been completed. It is understood that the state functions will include evening receptions. Ladies participating in Royal entertainments in Canada will wear half mourning.

WONDERS OF THE HEART.

All the blood in the human body passes through the heart in about three minutes. The heart beats 70 times a second, 4200 times an hour, 100,800 times a day, throwing out 24 ounces of blood a second, 658 lbs. an hour, 7 3/4 tons a day. It is only when supplied with pure, rich blood that the heart, an organ 6 inches long by 4 wide can accomplish this enormous amount of work and rebuild its own wasted tissues. Dr. Chase's Nerve Food is the most effective treatment available for heart affections because it forms new red corpuscles in the blood and gives it that sustaining quality which is necessary to the health of every organ.

FATAL WORK OF MOSQUITOES.

Millions of mosquitoes are making life miserable for the farmers of Pike County Pa. They are so numerous that they have driven men from the fields and fishermen from the ponds. Leaving the Pike county woods, they have moved in clouds a number of times to Hawley in Wayne county, and broken up evening services in the churches of that village.

THE CITY COUNCIL

Regular Monthly Meeting Last Night.

FIREMEN GET A GRANT

And a Large Number of Improvements Suggested.

THE regular monthly meeting of the City Council was held last night. There were present His Worship Mayor Warburton, Couns. Lyons, Kelly, Tanton, McDonald, Whear, Brown and Taylor.

Coun. Whear presented a bill of \$70 from M. W. S. Stewart for services in connection with the defence of Policeman Harper. After setting forth the merits of the claim, Coun. Whear moved that the bill be paid. Coun. McDonald seconded the motion and it passed unanimously.

A petition was read from the Firemen asking for a grant of \$200 to assist in sending three teams to Halifax to take part in the tournament. The petition showed that private citizens had already subscribed \$375.

Coun. Whear thought the amount was rather large and moved that \$200 be granted.

His Worship suggested that as a committee were present Mr. D. A. McKinnon he heard. Mr. McKinnon pictured the expense of sending the men and the personal expense, loss of time, all of which was not considered.

Coun. Lyons then moved in amendment that the prayer of the petition be granted. Coun. Brown seconded it and it carried unanimously.

A letter was read from the P. E. Island Electric Light Co. stating that on and after the 2nd day of August the lighting of the city could not be continued at the present rates, one month's notice on both sides to terminate the contract.

A communication was read from the residents of St. Peter's Road asking that the name be changed to Longworth Avenue. The prayer of petition was granted.

A communication was read from the Mayor of Toronto asking that a representative of the city be sent to a meeting to be held in Toronto to arrange for the defense of municipalities on combines.

In view of the fact that a number of the Council board propose visiting Toronto at the time of the fair it was suggested that they set with full power of delegates.

His Worship Mayor Warburton stated that he had arranged with the Government to place a new sluice gate at Government pond, the city to do the clay work.

Dr. Kelly called the attention of the Council to the fact that the fence surrounding Queen Square was unnecessary, and suggested that Minister Tarve be communicated with, for its removal. He also called attention of the Council to the defective state of the weigh scales. Upon investigation today it was found that the scales have not been weighing accurately. He had been sent for as a member of the market committee and he had some temporary repairs made. He contended that the scales were not located in the proper place, and related the accident which nearly terminated fatally a few days ago by cattle running at large. The removal of the scales to the other end of the square he said would be a great advantage.

Coun. Tanton in speaking along the same lines said that there is not enough space in the market building. A wing built to the building could contain the weigh scales and be a source of revenue

as well. The wing would probably cost \$2,400.

Dr. Kelly called the attention of the Council to the fact that there is not a public urinal in the city. An iron one could be constructed at a small cost upon the market square.

Coun. Tanton enquired of the chairman of the street committee in regard to the poor side walk and bad macadamizing of Malpeque road. The chairman said the men were doing the work of repair as fast as possible.

Coun. Whear drew the attention of the Council to the non enforcement of the law prohibiting the use of tobacco by minors. He did not care whether the police were in sympathy with it or not, they should do their duty and enforce the law.

Couns. Brown and Taylor spoke strongly in favor of the enforcement. The latter thought it was the duty of the police to carry out every law and not arrest three or four as in the curfew law but arrest three or four hundred if necessary.

The matter of the police parading the streets singly instead of in pairs as at present was discussed.

The altering of the band stand was brought up. Definite action, however, was left with the committee having the music on the square in charge.

The engaging of the 4th. Reg. band was brought up and the band committee were instructed to have a definite arrangement with the band just what they would perform for a certain amount of money.

The street lighting tender was again dragged over the coals. It will be remembered that at a special meeting of the City Council a motion carried asking for a certified cheque of \$11,000. Last night Coun. Whear moved that the action of the Council in this regard be rescinded and that the tender of the Full Company be accepted.

The resolution called for the lot of crossing finally ending in Coun. Whear's motion carrying, with only Couns. Kelly and Lyons voting against it. The Full Co's tender is now accepted without the certified \$1000 cheque.

Those who opposed the resolution stated that the time (10 days) allowed for signing was not up until Thursday and it was time enough to act then. The promoters contended that by removing the \$1000 guarantee the Company would have no excuse.

Every housewife takes as much interest in her clothes closet as in her parlor or dining-room. It is only when its contents are dainty and white that she is satisfied. She knows this snowness can only be secured by means of a pure soap. She knows the greatest satisfaction comes from using **SURPRISE SOAP**. She is always pleased to display her linen and muslin to her woman callers, because they will stand the most critical inspection. Taking all in all, she is perfectly satisfied with the results of **Surprise Soap**.

BAPTISTS IN SESSION

The Circular Letter Presented Yesterday.

HISTORY OF CHURCHES

To Be Prepared by a Committee—Various Reports Received.

Saturday evening's session opened with devotional exercises led by Deacon W. B. Howatt. Address on our Institutions at Wolfville by Dr. E. V. Jones of the teaching staff of Acadia and a native of this Province. He showed clearly the advantages of the Institutions to our people. All over our land filling positions of trust in all the professions are found our college graduates, in the person of these men and women our college is among you.

The next address was by Rev. A. F. Browne, North River. His subject was the inter-relation between Education and Religion. He contended that religion in its highest sense is impossible without education. Religion and education are inseparable, religion is dependent on education. Education is necessary in order to find out just what holy men spoke and wrote as God inspired them. The only genuine moral code is found between the covers of the Bible, the very best things found in God's word are found only by the careful searcher. On the other hand education is equally dependent on religion. An education without religion is only a partial education. The highest study on earth is the life of Our Lord Jesus Christ, the best text book is the Bible, it contains history, poetry and science in its highest form and the best instructor is the Holy Spirit.

An address followed by Rev. W. H. Warren on "How our churches can help our Institutions." He showed that pastors and parents can do much for our Institutions they can talk them up and work them up. The best education to aim at is not how to secure the largest banknotes or the greatest amount of property. The education that best fits young people for right living here and for citizenship in heaven is the education that wise parents desire for their children.

SUNDAY'S SESSIONS.
Sunday morning Associational Sermon by Rev. G. P. Raymond, Charlottetown. His subject was justification by faith and his sermon was an able exposition of Bible truth.

Sunday afternoon was given to a platform missionary meeting addressed by Rev. A. F. Browne and our returned missionaries Rev. and Mrs. I. C. Archibald.

Sunday evening was a sermon by Rev. E. P. Calder of Summerside, on Jesus our Prophet-Priest and King followed by an evangelist service.

MONDAY MORNING'S SESSION.
The heavy and persistent rain prevented a large attendance. The moderator led in devotional exercises.

A resolution was presented by Rev. W. H. Warren looking toward the preparation of short histories of the churches of the Association. A committee was named to prepare a history of some one or two of

HUNDREDS OF LIVES

Lost in a Landslide at Ling Long

RESULT EARTHQUAKE

Returning from the Klondike With Boundless Treasure of Gold.

THREE HUNDRED LIVES LOST.

TACOMA, WASH., July 8.—(Special).—Canton mail advices give details of the loss of three hundred lives by a landslide and flood at Ling Long in June. The slide was caused by a tremendous earthquake. A great flood poured off the mountain sweeping away two hundred houses and baring fields of crops. A tidal wave followed making it impossible for those carried into the water to escape.

the churches for next year. Rev. A. F. Browne prepared and read the Circular Letter. The subject was "Soul Winning." The letter was listened to with much pleasure and profit. It was moved by Rev. G. P. Raymond and seconded by Rev. A. H. Whitman that this be adopted as the circular letter of the Association and the thanks of the body be tendered to the writer for his painstaking care in the preparation of such an excellent treatise on this important subject. The motion was spoken to by Wm. Scott (Lie) W. B. Howatt, Rev. J. C. Spurr, Rev. H. Carter, Wm. McLeod.

The report on Missions which was prepared by Rev. H. Carter and read at a previous meeting was adopted.

The report on Sunday schools prepared by Jacob Bain was adopted.

A committee on Resolutions was appointed as follows: Rev. G. P. Raymond, Wm. McLeod, Ritchie Elliott (Lie) and Rev. A. F. Browne.
