Poultry Feeds. A writer in the New York Sun tells us that there are many things about hens a great many of us would like to know. He asks: "Why are eggs cheap when my hens are laying and high when they are not laying?" "Why are hens cheap when I sell them, and high and tough when I buy?" After referring his questions to Mr. Hoover or to a graduate of some good reliable chicken college, he adds: "Why is a hen, anyway? A rooster is a very simple minded individual and after you have shaken hands with him two or three times he will speak to you anywhere he meets you, whether you are dressed up or not. But a hen—good night! You can't even approach her without getting a scolding, and when she does lay an egg even once a week she will hide the egg if she can, and then come out in the open and yell her head off just because she has laid something she knows you want and hopes you will never find." However the hens bring the eggs, the eggs bring the dollars. Just received—60,000 LBS. MIXED GRAIN. (Wheat, Barley and Oats) all sound, clean grain, \$4.00 per bag of 100 lbs.
