**Another Woman Who Has Found Health, Strength and Vigor in the Use of Dr. Chase's Nerve Food.**

To women especially Dr. Chase's Nerve Food is proving to be a very great blessing. So many women are weakened and debilitated by overwork, worries or diseases peculiar to their sex, and need the assistance of just such a restorative as this great food cure.

Mrs. M. A. McCrean, Tory Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and felt so tired and worn out that I could scarcely drag myself about the house. It seemed impossible for me to get rest or sleep at night, and I felt that I was gradually growing weaker and more nervous and irritable. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and built up my system wonderfully. I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmansons, Bates & Co., Toronto.

**A Temporary Famine.**  
Thousands of Consumers of Malt Breakfast Food Are Deprived of Their Favorite Breakfast Dish.

The Rush of Orders is Great and Pressing From Grocers in All Provinces.

The Malted Cereals Company Making Strenuous Efforts To Keep Up The Supply.

It can be truly said that, at the present time, no other breakfast grain food is as popular as Malt Breakfast Food in the Dominion of Canada. Wholesale and retail grocers and tens of thousands of delighted users declare without hesitation that Malt Breakfast Food is far ahead of all other known grain foods, and our best physicians pronounce it a true health food. A visit to the factory at Cowansville, Que., when all is delightful cleanliness, order, system and incessant production, and a look at the accumulating and unfilled orders at the head office, Montreal, is conclusive evidence that the public demand is phenomenal.

It is literally true when we state there is a temporary famine as far as the supply of Malt Breakfast Food is concerned. Letters from the wholesale and retail trade prove this statement. Many business houses have not a package in stock and consumers who do not quite comprehend the position of the overworked and over-rushed factory, are daily clamoring for supplies of their chosen breakfast food.

The Malt Cereal Company while sincerely thanking the wholesale and retail grocers of Canada for past favors and continued interest in the success of Malt Breakfast Food, can give the assurance that, with new and increased facilities, they will be able in a week or two to fill all back orders. To the tens of thousands of users of delicious Malt Breakfast Food, the Malted Cereals Company promise a strict continuance of that high standard of purity that has made Malt Breakfast Food such a fast friend with young and old.

**Is She Guessing at It? Not Much.**

Our grandmothers, and mothers too, used to guess at the heat of the oven by feeling it with the hand or by the number of sticks of wood burnt in such a time. Not so with this modern, up-to-date woman. She bakes with a Famous Active Range which has thermometer on oven door. This Thermometer tells exact heat of oven, also temperature necessary for pies, cakes, etc., and is perfectly reliable. The FAMOUS ACTIVE RANGE is not a guess or chance in any respect—has clinkerless duplex grates, heavy sectional cast-iron linings, sectional covers, and full nickel dress. 42 styles and sizes. Free Pamphlet telling all about these perfect Ranges from local agent or nearest house.
