## FRIGHTFUL ACCIDENT YESTERDAY

Leonard McBride Instantly Killed

BY CHARGE FROM A GUN.

He Was Trying to take Out the Load from a Muzzle Loader.

A FRIGHTFULLY sad accident happened yesterday shortly after noon at Central Bedouque, by which Leonard McBride youngest son of Patrick McBride was instantly killed. The young fellow who was about fifteen years of age was trying to clear a charge out of a muzzle loading gun, when it went off, the charge entering about his nose and passing through the door of his own home at the time of the accident. His brother Walter heard the report and hastening to the scene, was horrified to find the lifeless body of the young man. It is needless to say that the sympathy of the community is extended to Mr. and Mrs. McBride and other members of the family in their sudden and sore bereavement. The funeral takes place at 3 p. m. today.

The steamer Polina from Montreal was in port yesterday. She left about 6 p. m. en route to St. John's, Nfld.

D. M. WAUGH spent Sunday in Albert on where Mrs. Waugh and Master Henry Waugh are spending a vacation.

Mrs. Florrie V. McKenzie, formerly of Charlottetown, now of New York, is visiting her father Alex. McKenzie, the guest of her aunt Mrs. Saunders, Summerside.

Rev. E. Staakford occupied the Methodist church at both services on Sunday. In the evening Miss Comstock favored a large congregation with a pretty and sweetly rendered.

Our trout fishers have little to say this season about big fish, probably the stories of previous years are too hard to beat. The lobster fishermen, however, occasionally tell a good story and tell it truthfully. Pascal Gallant is the authority for stating that among an excellent lot of

## Twitching of The Nerves

Mrs. Drinkwater, 5 W Street, Galt, Ont., states: "My great trouble has been with my nerves. I was very nervous, had twitching of the nerves and could not get to sleep at night. I seemed quite worn out and believing that I needed some medicine began to use Dr. Chase's Nerve Food. I can truthfully say that this preparation has proven surprisingly beneficial to me. It has strengthened and steadied my nerves, made me rest and sleep well, and in fact built up the system generally."

In Dr. Chase's Nerve Food is found the ideal tonic for blood and nerves, and through these two mediums every organ in the human system is benefited. The languid, depressing feelings disappear when this great restorative is used, and with renewed energy and vigor disease is overcome, the organs of the body perform their various duties and new flesh and sinews are added. 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

lobsters received at his factory on Saturday fished by Percy Affleck was one measuring 23 inches in length, 16 inches in circumference and weighing 5 1/2 pounds. We would like to have seen the carcass but were informed that it was too valuable to save, for it more than filled three one pound tins.

SOME person entered the tailor shop of Archibald Campbell, Clifton, Saturday night and took therefrom a quantity of goods and money, besides a cheque drawn by John Cousins on the Merchant's Bank of P. E. Island endorsed by Newton McLeod, and an express money order made payable to and endorsed by John Mark. The cheque and money order will be little good to the bearer if the people will look out for them, and the thief may be traced through the presentation of the same.

We often hear it remarked by strangers that the trip between Summerside and Point duChene is "the best part of the voyage" from all points to the Garden of the Gulf. After a railway run, be the distance long or short, the change for a trip on the blue wave for from two and a half to three hours is better than a night's rest. The run of less than 40 miles is just a nice distance and is heartily enjoyed by those who are fond of the water and not unpleasant to the few who prefer travelling on the dry earth. During the voyage across from the grey shores of New Brunswick to the red bordered green fields of fair Prince Edward Island, land is always in sight. Besides the pleasure of viewing the pretty dotted landscape appearing and disappearing as the good ship Northumberland speeds on, at a 16 knot rate or better, there are the comforts of one of the finest coasting steamers in these waters. The steamer Northumberland is the pride of the sailing craft of the Province and a credit to the Charlottetown Steam Navigation Co., to which she belongs. Foreigners speak in the highest terms of this steamer and many express their surprise to find such a magnificent boat plying on the route. But this is not all which charms the tourist, the stranger and the ordinary traveller here. To the careful and attentive officers of the steamer is much of the accommodation and pleasure of the voyage due. From the general Captain down to the pantry boy the courteous and obliging officials are ever looking after the comfort of passengers. The meals too provided here are far ahead of those served on the ordinary passenger steamboats and equal to many of the best ocean liners. The appetizing atmosphere which always goes with the trip, thrown in, makes this part of the travel one of extreme pleasure when such a high class bill of fare as that always provided is to be had. The smoothness with which Capt. Cameron and his gallant crew manage the transfer at either end of the crossing and the general despatch and accommodation without make a trip between these two points a happy, delightful and most pleasant passage.
