—SMELT SEASON CLOSED — The smelt fishing season closed on Friday, February 15th and fishermen report one of the best seasons for years, especially on the north shore, where the fish were very large. Large shipments of smelts have gone to Montreal and Boston during the season.—S

—STUDY PICTURE—The junior W. A. of St. Mary's Church under the direction of Mrs. George Hogg had the privilege of seeing a number of slides dealing with their missionary study book, "Adventures in Canada," on Friday evening after their usual business meeting. A short Valentine program was also enjoyed by the young ladies.—S

—COMMERCIAL BOWLING LEAGUE — In Thursday night's games at the Capitol Bowling Alley the Journal defeated Holman's 2891—2508. Post Office defeated Sun Glo 2609—2097. Plumbers defeated MacFarlane Produce 2350—2322. The standing in the League up to date is as follows. Sinclair 8 points; Barbers 6; Crockett and Gallant Building 6; Bankers 6; Dominion Fur Sales 5; Post Office 4; MacFarlane Produce 2; Plumbers 2; Holmans 1; Doctors 1; Sun Glo 0.—S

—PRETTY WEDDING—A pretty wedding was solemnized in St. James Church, Egmont Bay, on Wednesday when Miss Louise Arsenault, daughter of Mr. and Mrs. Emanuel Arsenault was united in marriage to Mr. Ernest Gaudet, son of Mr. and Mrs. Clovis Gaudet, both of Egmont Bay. Rev. F. X. Gallant celebrated the Nuptial Mass. The ceremony was attended by a large number of relatives and friends of both parties. The bride looked very winsome in a dress of blue silk crepe with blue coat and hat. She was attended by Miss Hermine Arsenault. Mr. Udulie Gaudet, brother of the groom was best man. The bridal party had breakfast at the home of the bride and at twelve o'clock dinner was served to a number of invited guests. In the evening a reception was held at the groom's home, where nearly one hundred guests sat down to supper. Previous to the wedding the bride was a guest of honour at a shower when she was the recipient of some lovely gifts. Their many friends wish Mr. and Mrs. Gaudet every happiness.—S

—ANNUAL SOCIAL EVENING — The Women's Institute and Community Club of Travellers Rest held their social evening on Thursday last. Travellers Rest hall was filled to capacity for the occasion. Mrs. Gladys Gunning, president of the Institute presided. An excellent program of recitations, dialogues, and readings by members of the Institute and Club were much enjoyed. Special features were, a talk on Denmark by Miss Margaret Pillman, illustrated by Danish folk songs, and dances by some of Miss Pillman's pupils. Mrs. George Ramsay and Mr. Bert Poole sang "When you and I were young Maggie." Miss Emiline Marchbank gave the history of the song which was very interesting. While lunch was being served in the Club room, Mrs. Ramsay and Mrs. Urch played selections on the piano for a general sing song. Mr. Daniel MacDonald, president of the Community Club also contributed to the program.—S

—VALENTINE TEA—The Ladies Social Club of Trinity United Church held their annual Valentine Tea on Thursday. The tables were very dainty with Valentine favours and there were a large number of visitors who enjoyed the good things provided. There was a sale of fancy work and candy. The affair was voted a great success and a good sum was realized.—S

—VALENTINE PARTY — The Summerside C. M. B. A. Branch 15, held a very enjoyable social at their hall on Thursday evening. Cards were played from 8 to 10 p. m. The prize winners were, ladies, 1st, Miss Vivian Carver; consolation, Miss Mary H. Arsenault; gentlemen's, 1st Buddy Doucette, consolation, Earl Perry. After cards refreshments were served. A short program followed opening with a solo by Mr. T. Ahearn, "Allouette" was sung by the Harmony Trio, with Joseph F. Gaudet taking the solo part. A fine exhibition of tap dancing was given by Mr. Henry Perry. Dancing to music furnished by the Merry Makers' Orchestra wound up the entertainment.—S

—FAMILY OF TWENTY-TWO—It was reported recently that Mrs. Bernie Gillis, of Summerside, had given birth to 16 children in 18 years. This is quite a record; Mrs. Ernest Deighan has had 13 children in 13 years, all well. Discussing the matter with a local doctor, a Guardian representative was told that he had known quite a number of large families, but the largest he had ever seen was that of Mr. Wm. Gauthier, of L'Assomption, Quebec. Touring through Quebec some short time ago, his party stopped at a little wayside inn, near L'Assomption. The party chatted for awhile with Mr. Gauthier, the proprietor, and his wife. Presently, they saw numerous little heads peeping round the corner of the stairs. The doctor asked, "How many families live here?" Mr. Gauthier replied, "Oh, just me and my wife and my father." "But who are all these little people?" Oh, they are the children, we had twenty-three, but two died. The doctor looked rather surprised that so young looking a couple should have so many children and said, "How come!" To which Mr. Gauthier replied that there were six sets of twins. This may not be a record, but it must come very close to it.—S.

Badminton Champions Declared

(C. P. By Guardian's Special Wire)

AMHERST, N. S., Feb. 17.—With Saint John and Woodstock taking the honors, New Brunswick made a clean sweep of all events in the Maritime Badminton championships which finished here yesterday.

The smashing, speedy attack of John Porter, slim Saint John player, brought him victory in the two major events. He won the singles championship from Murray Carleton, also of Saint John, a former Maritime champion, in two straight games. Paired with R. Gocham in another all-Saint John championship match, Porter also won the men's doubles title in a brilliant display of court tactics against Murray Carleton and R. Wilson.

Other champions crowned yesterday were: Mrs. D. A. Lindsay, Woodstock, N.B., ladies' singles; Miss Isobel Jones and Miss Hazel Dick, Saint John, ladies' doubles; Mr. and Mrs. D. A. Lindsay, Woodstock, N.B., mixed doubles; R. Page, Woodstock, N.B., boys' singles; Miss Isobel Jones, Saint John, girls' singles.

WILL BE HOSTESS

(C. P. By Guardian's Special Wire)

OTTAWA, Feb. 17—Miss Lena McLure, daughter of Chester S. McLure, M. P. for Queens, P. E. I., will be hostess at luncheon at the University Club here next Saturday.

Dr. W. L. Johnstone, M. P. and Mrs. Johnstone, of Sydney, N. S. spent the weekend in Montreal with friends.

The Late Duncan D. MacDonald, Grand View

The death occurred on February 7, 1935, of Duncan D. MacDonald at the home of Duncan Angus MacDonald, Grand View. The late Mr. MacDonald, who was seventy-two years of age, had not been well for some time. For the last year or so he made his home with D. A. MacDonald. He was the son of Donald and Margaret MacDonald and was born at Grand View. As a young man he spent several years in Montana, returning later to Grand View to farm. He was a quiet, obliging neighbor, always ready and willing to help others. He will be much missed in the community.

He is survived by two sisters, Catherine, Mrs. Malcolm Gillis, Grand View, and Flora, Mrs. John H. MacLeod, Uigg. A sister, Christy, Mrs. Angus Martin, died in Calgary about two years ago. Three brothers are living, Donald Allan in British Columbia, John in the United States, and Lauchlan at Grand View. A brother, Hector, died in Pennsylvania about two years ago.

The funeral service which was held on Monday, Feb. 11th, was conducted by Rev. D. M. Sinclair. A great number of neighbours and friends gathered to pay their last respects to one whom they loved and honoured. Interment was in the Orwell Head Cemetery.

The pall bearers were Hugh MacPherson, Allan Finlayson, John MacBeth, Alex N. MacPherson, Martin Enman, and Dan M. Gillis.

C.G.I.T. Supper Meeting

On Friday evening Epworth Hall was very gay for a supper meeting given by the C. G. I. T. of Trinity Church. Their Leader, Miss Millicent Strong presided. Guests at the supper were Dr. and Mrs. Ryan, Mr. Robert Gordon, Sunday School Superintendent, and Mrs. Gordon and Mrs. Leigh, leader of one of the new groups. Valentine place cards were used and red and white decorations made the hall look very pretty.

After supper Dr. Ryan gave a short address. This was followed by a short program of music, songs and recitations.

A feature of the supper party was a lovely birthday cake in honour of Miss Connie Denny whose birthday it was. She was presented with a C. G. I. T. pin by the president, Miss Claudia Rogers and a little gift from her group.—S

RULES PLAYERS INELIGIBLE

(C. P. By Guardian's Specia Wire)

TORONTO, Feb. 17.—E. A. Gilroy, of Portage La Prairie, Man., President of the Canadian Amateur Hockey Association, ruled yesterday that players Art Whittaker, "Hawse" Marsh and "Red" Farrell, will not be allowed to play hockey in the Toronto and York Mercantile League.

Whittaker, who played last winter in Toronto and Marsh and Farrell who performed in Hamilton, went to the Maritimes this winter. When they were ruled ineligible there, they came to Toronto and played in the mercantile . . .

President Gilroy ruled that any players contesting against this trio would be suspended, and as a result the players have not performed since.

When the mercantile league made further efforts to have the players declared eligible for their loop, a meeting between Mr. Gilroy, O.H.A. and T. & Y. officials was called.

Queen's County W.C.T.U. Hold Meeting

The Queen's County W. C. T. U. held their quarterly meeting Saturday morning at 11.45 in Trinity United Church. The meeting opened by singing "Beautiful Hour", prayer by Mrs. (Rev.) J. M. MacLeod and doxology.

Luncheon was served by the Charlottetown Union.

Mrs. J. G. Bennett was in the chair, and the regular meeting opened by singing "Faith of Our Fathers" and remarks by the President, who stated the purpose of the meeting was to honor in some small way the life of Miss Frances Willard.

Bible readings and her favorite passages were then read, also the 146th Psalm and prayer was offered by Mrs. Campbell.

Then followed the reading by Mrs Frank Howatt of "Frances E. Willard's Love for Flowers and Folks" and a solo by Mrs. Leigh Warren "We Belong."

An inspiring message from Mrs. (Rev.) W. A. Thomson, who was absent on account of illness, was read.

Mrs. G. R. Bain, Cornwall, gave a reading on "Frances Willard and the Young People of today."

After singing "All Round the World the Ribbon White is Twined" the minutes of last Queen's County meeting were read by the secretary Mrs. Buston.

There was a good attendance, but owing to the weather, it was not as large as it might have been.

It was decided to give prizes to the winners in the Queen's County temperance examinations.

The secretary was also asked to write to Mrs. Pendleton, a former member, conveying to her the best wishes of the meeting.

The next meeting will be held in Charlottetown in June.

Meeting closed with the Temperance Doxology and Mispah Benediction.

Following are the greetings from the Provincial President, Mrs. W. A. Thomson.

58 Bayfield St.,
Charlottetown.

Dear Members of the White Ribbon Army

I regret being unable to take part with you in this Frances Willard Memorial Service, but you will know I am there in spirit. I hope you are gathering in large numbers but even if the numbers be small at this time, do not forget to what a great army we belong, and that each group has large responsibility.

Perhaps you will be singing "All Round the World the Ribbon White has Twined" remember this is literally true and that we are part of the great army of Christian Temperance Union who have adopted the principles of our sainted founder, and promised to labor for its success. That one leader is the King who never yet has lost a battle and that victory depends more upon our faithfulness than great ability. I am sure that our meeting will be helpful and inspiring and I pray that each member may take fresh courage. There is no place on our program for discouragement. For Right is Right since God is God.

And Right the day must win
To doubt would be disloyalty
To falter would be sin."

We are not in this cause for an easy job, we knew when we entered that it was an unpopular one that the liquor traffic is strongly entrenched, but we know also that "He Who is for us is more than all that can be against us," we are not trusting in our own strength. Anyone can do the easy things, and it takes the strong trustful soul to keep on at the hard and sometimes seemingly impossible tasks. Faith buoys us up—we know the "Better day is coming".

When this meeting is over I hope you are planning follow-up-work. This is the time to increase our membership. In the country unions plan a social or parlor meeting with a program along the lines of Temperance Education, and secure new members. Let it be the aim of every member town and country, to bring in at least one new member this year. Be present at every meeting and always be willing to help in any way you can and never forget the noontide prayer.

If we are true to Christ our leader as He calls us to this gigantic Temperance effort, we shall be building a worthy memorial to Frances E. Willard who formed our great society and unselfishly gave her life to promote Temperance and Purity and Righteousness.

She knew the power of banded ill
But felt that love was stronger still
And organized for doing good
The world's united womanhood.

With my loving greetings to every member of Queen's County Union.

Sincerely yours,
EDITH M. THOMSON
Provincial President.

HOCKEY

Huskies vs. Maple Leafs

On Feb. 14th, the Winsloe Huskies met the Glasgow Road Maple Leafs at Milton rink and defeated them by a 1-0 score. In the first period, no scoring was done, although both teams sent some very good shots nearly into the nets. Just before the end of the second period, Earl Rodd scored a goal for the Huskies. The third period was scoreless, the game ending 1-0.

LORD BLEDISLOE

Formerly governor-general of New Zealand, and called by many as England's foremost farmer, Lord Bledisloe is mentioned as successor to Lord Bessborough as governor-general of Canada.

ATTRACTIVE PROGRAM FOR FARMERS' WEEK

"Farmers' Week" has always been looked upon as an exceedingly important period in the year's activities of this province. The meetings, to be held in Queen Square School Hall from Tuesday, February 19th, to Friday, February 22nd, include programs of such a nature as to make this year's meetings particularly attractive.

On Tuesday, two full sessions are to be given over to the Farmers' Institutes of the Island. Institutes have played a prominent part in the agricultural development of the province, and still serve a useful purpose in this respect. Many discussions which are outside the jurisdiction of other associations come within the purview of Farmers' Institute. In other words, they offer an excellent medium through which practically every phase of rural development may be discussed and promoted. A list of topics that is full of interest has been arranged for the afternoon session, while the evening meeting, which is open to the public will be addressed by Dr. J. A Sinclair of Cannington, Ontario, on Horse Production. This is a timely topic, and no man in Canada is better fitted to handle it than the genial doctor, who is well known in this province. Mr. J. J. Trainor will also give a short address at this session in connection with the marketing of potatoes.

The Sheep Breeders and Dairymen of the province convene on Wednesday, the 20th. These are two important gatherings. At the evening session of the Dairymen's Association an address on "Production Costs from a Farmer's Standpoint" will be delivered by Mr. Hector Cutten of Truro. This address and discussions which will follow should be highly instructive.

The P. E. I. Co-Operative Egg and Poultry Association which holds its annual meeting on the morning and afternoon of Thursday, February 21st, will have much of interest to the farm men and women of the province. The poultry meetings have always been well attended and have developed a very great measure of enthusiasm in this particular branch of farm production.

The evening meeting on Thursday is taken up with matters pertaining to the swine industry. The lowly hog is very much in the limelight today owing to favourable market quotations and this meeting which will deal with swine development should be well attended.

On Friday morning, February 22nd, the strawberry growers of Queen's County intend to gather for the purpose of discussing problems peculiar to this phase of production, while the afternoon session is given over to an organization meeting of the horse breeders of the province. Dr. Sinclair will deliver an address at this particular meeting.

In addition to the above, a Poultry Show will be held during the week in the Lyceum Theatre, Prince Street. An effort should be made by the farmers of the province to attend a number if not all of these gatherings to take part in the discussions and to work out for themselves solutions to problems which are common in their application.

Interesting Talk By Rev. Mr. Grant At Crescent Club

Interesting experiences of work in the misison field in India were related to the boys of the Crescent Club of the Y. M. C. A. at their regular monthly supper on Saturday night, by Rev. C. F. Grant, who is Maritime Secretary of the S. C. M.

The speaker told that he was the only Christian minister in a native state approximately the size of Prince Edward Island, and was at first met with suspicion and antagonism by the Maharajah, who was opposed to the work of missionaries in his province. He explained how the attitude of the native ruler had been changed to one of friendliness when the "padre", as Mr. Grant was called by the natives, defeated a number of the Maharajah's men in a sports competition.

Mr. Grant related how a club had been formed among the boys of the district and how the fine sportsmanship displayed by these boys had the effect of raising the prestige of the Christian community in the eyes of the native town.

The speaker described several of the native boys of the community; in particular, one who had been changed, from a thief and outcast, to an honest and trusted boy through a Christian appeal on the part of the missionary.

Prof. W. J. Duchemin, of Prince of Wales College, was also guest of the club at their supper, which was presided over by Mr. Roy Hennessey, president of the Society.

The supper was served by the Ladies Auxiliary of the Y. M. C. A.

Interesting Meeting Of Debating Club

On Friday evening February 15, a very interesting debate was held in Kelly's Cross Hall. These debates are held weekly and are very interesting and entertaining as well as instructive. The meeting was called to order by the chairman, Mr. T. McAvinn after which the minutes of the previous meeting were read and adopted. A nicely arranged program was then carried out, which consisted of instrumental music by Miss Freda Peters; song by Marian Campbell; step dance by Miss A. Sampson; vocal duet by Rev. Father Peters and Miss Freda Peters; reading by Mr. Wilfred Bradley.

An interesting five minute speech on Salt was delivered by Mr. Benet Trainor. The question box was then opened and the different questions answered. The debate was then called, the subject being, resolved that men and women can do more good for the home and community by remaining at home at night than by attending and taking part in debates. The speakers on the pro side were Mr. Gerald Nantes, Miss Mary Bradley and Mr. Maurice Curley, and on the con side, Mr. Walter Cusack, Mr. Maurice Bradley and Mr. John W. Bradley. Some idea of the linguistic battle waged by the speakers, especially by those on the pro side may be inferred by the decision of the judges who after counting the points announced that the con side had won by a majority of only one point. The critic Mrs. Joseph Kelly made reference to the high order of the speeches and cited instances where they might be improved upon. Rev. Father Peters then addressed the audience briefly and the meeting closed with God Save the King.

TUBER MARKET PROBLEMS ARE DISCUSSED

FREDERICTON, Feb. 17.—In order to develop export markets for the Maritime Provinces, not only producers of natural products but manufacturers as well must co-operate to assemble less-than-cargo lots at their home ports so that boats might be chartered to carry complete cargoes to distant ports, G. C. Cunningham, agent in New Brunswick for the Eastern Canada Potato Marketing Board, told the Fredericton Board of Trade.

In this way, he pointed out, chartered rates might be obtained, thus eliminating the charges occasioned by long freight hauls to United States ports for the less-than-cargo lots shipped separately. The suggestion was made that such shipping from these provinces might be centralized through a few ports and through a few men. The whole matter would be a problem which boards of trade might suitably tackle, Mr. Cunningham thought.

He was speaking at a special supper meeting of the Fredericton board, at which Hon. L. P. D. Tilley, premier and minister of lands and mines, and Hon. A. A. Dystart, opposition leader, spoke briefly. The president, W. W. Hubbard, was in the chair, Alderman C. Hedley Forbes, deputy mayor, represented the city.

Prefacing his remarks with what he considered the requirement in order to establish export markets and dealing with the Maritime Provinces as a whole, Mr. Cunningham declared that a quantity of products to supply the demand and a continued market were essential; that the products must be produced at a cost to compete with those of other countries exporting to the same markets, and that the markets available must have a large consuming population capable of paying a price.

It was difficult now to find such markets, he remarked, but there must be vision to look ahead to see where they might be developed. Markets to be permanent and extensive for the products of countries in temperate climates should be in tropical or sub-tropical countries, he submitted, citing Mexico and the Central and South American countries, which had large populations. The United States and Great Britain had realized this, he pointed out.

While the West Indies and Cuban markets were valuable, they were little more than sample markets, because of their small populations Mr. Cunningham thought.

The countries further south might be traded with when financial conditions become better, if the Maritimes were prepared to ship in ocean steamer lots, he submitted. While he would not recommend forgetting the central Canadian and British markets, he affirmed that producers of natural products in the Maritimes never could build up continued, profitable or large markets in Central Canada. At the same time, opportunities for export trade were "extremely great," but it would be essential to bring the tonnage to ocean ports where the cargoes might be assembled.

Potatoes Key

Mr. Cunningham said he felt potatoes could be the key to opening those markets and these with apples, turnips, lumber and fish, could be used as the basis of cargoes to ship at regular intervals.

Before the war, he said, these markets were available, but since then the people of this country had failed to attempt to recover them. They should be prepared to open them up again as soon as financial conditions justified.

The speaker continued, that starch can be manufactured from potatoes, as well as from corn, and, in turn, dextrose and glucose, which, together with potatoes, are exported in large quantities from the European potato producing countries, are manufactured from starch. There was no reason why the people of this province could not make an effort to manufacture such by-products, and boards of trade might investigate and encourage this. A trade for certified seed as well as table potatoes and by-products might be developed.

In order to open up export markets, less-than-cargo lots must be delivered, but at regular intervals, Mr. Cunningham continued. It was because of this that he was of the opinion the time had come when not only the egg, potato and apple producers must co-operate but the various manufacturers as well in assembling full cargoes of less-than-cargo lots and in determining the time of sales and shipments.

It would be possible to determine the importance of that by studying why it could not be done in the past when such small shipments had to be made to New York or Boston, necessitating the payment of heavy freight rates.
