TRAINING RECRUITS.

LONDON April 22.—The war office announces the appointment of a committee to consider the education of candidates for commissions in the army and the system of training at Woolwich and Sandhurst and to report whether changes are desirable.

LOSS OF APPETITE.

A person that has lost appetite has lost something besides—vitality, vigor, tone. The way to recover appetite and all that goes with it is to take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion and makes eating a pleasure. Thousands take it for spring loss of appetite and everybody says there's nothing else so good as Hood's.

DOCTOR'S BILL \$190,000.

PITTSBURG, Pa., April 22.—The Despatch says:—The estate of the late State Senator, Chris. L. Magee has received a bill from Dr. Walter C. Brown of Philadelphia for \$190,000 for professional services during the last illness of Senator. Magee.

RHEUMATIC WARPED LIMBS.

Mrs. H. W. Ills. Chesley, Ont; says:—"My boy was all crippled up with Rheumatism. Although we doctored, he was in this way for about one year, and then pain was terrible. Reading of many cases where Dr. Chase's Kidney-Liver Pills had cured rheumatism, we got a box. Before they were half gone he began to improve and is now quite well. I am very glad to recommend them to others." One pill a dose, 25 cents a box.

ILL-TREATMENT BY JAILERS.

PARIS, April 24.—A despatch to the Rappel from Rome says that Bresci the assassin of King Humbert has become mad in consequence of the ill treatment of his jailers.

ALMOST CONSUMPTION.

Mr. J. J. Dodds, of Pleasant Ave, Deer Park, Ont; writes:—"I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed of any avail. I began to think that my cold was developing into consumption, as very many have to my knowledge. I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure as I am now entirely free of the cold."

NOW I FEEL REAL WELL.

Mr. W. H. La Blance, Bonfield, Ont; writes:—"I was once a sufferer from catarrh, and while using Dr. Chase's Catarrh Cure I was recommended to use Dr. Chase's Nerve Food to build up the system. My nerves were exhausted and I was to weak to do a day's work when I began using it, and now am strong and healthy, and feel real well. I am perfectly sure that anyone who uses Dr. Chase's Nerve Food will believe as I do, that it is the best strengthener and restorative obtainable."

The Canadian Dressed Poultry Co'y, Limited.

CAPITAL STOCK - \$450,000

HEAD OFFICE, HAMILTON, ONTARIO.

PRESIDENT—Mr. GIBSON ARNOLDI, Barrister-at-Law, Toronto, Ont.

MANAGER—Mr. S WILLIAM GILMORE, Merchant, Hamilton, Ont.

OBJECT OF THE COMPANY.

This Company is formed to advance Canadian trade with England in dressed poultry, ducks, turkeys and geese, dressed meats and other farm produce that the company may deem it advisable to deal in. This is the great object of the Company. It will be no monopoly and it cannot be made one; its success means the Farmers' success. The farmer who wants to make money must first become a shareholder in this Company, which is the only company of its kind, and by so doing show that he means business, as his money being invested, his interests and the interests of the Company are the same, and then raise poultry, turkey, ducks and geese for the Company. This Company will buy on/ly from its own shareholders; therefore, with care and attention every farmer and every farmer's wife and every man, woman and child of ordinary intelligence in Canada who has fifty dollars can buy ten shares and become a shareholder, and by beginning in a small way and saving his profits make himself wealthy, like Mr. Taylor has done. Who Mr. Taylor is explained in the following extracts from a story told by Prof. Sir R. Robertson, the well-known Commissioner of Agriculture and Dairying for Canada, to the standing committee of the House of Commons.

"Well-to-do farmers fatten chickens. I learn also that there is money in the business. I had got the name of Mr. Samuel Taylor from one of the leading poultry dealers in London. When I got to his place I found Mr. Taylor was a successful farmer. He had begun life as a farm laborer without capital. When I visited him he had a fine farm Steading and was doing a prosperous business. I would not like to say how much money the chicken-fattening business brought him in, but I would not be surprised to learn that his annual net balance was over a thousand pounds (five thousand dollars a year). This man had begun life as a farm laborer and by sticking to this business had made money of it. The promoters are now arranging to establish not less than twelve receiving and shipping stations in Canada to be fitted with plants necessary to make the exported article as perfect as possible. The number of stations in each Province will be as nearly equal as possible, having regard for the size of the Province and the number of shareholders in each. The operations of the Company to be confined for the present to Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island. The Company is also engaging the most experienced help to be found in Canada and England and making arrangements to in England get the very highest price for its shipments.

The buyers of this Company will commence operations, it is expected, on or about the first of June, 1901, when they will call on the shareholders and arrange with them as to the continuous supply—that is, the number each shareholder will raise and supply each month to the nearest receiving station of the Company. It is therefore necessary that all intending shareholders send in their subscriptions for stock at once, as the Company will only buy from its shareholders and the lists will be closed.

This is a grand chance to make money for either farmers or their wives and those who either cannot afford to keep up a large farm or who, through some infirmity or poor health, are not able to attend to the heavy duties of heavy farming.

Prices to be Paid.—This Company will pay the very highest prices to its shareholders, so as to encourage the raising of first class poultry, and, as it will year in and year out be selling at the high prices to be obtained in England, it cannot afford to pay more than the best price now paid for birds now sold on the Canadian market.

Great Prices in England.—Chickens shipped to Liverpool, England, met with a ready sale at eight pence (sixteen cents) per pound. As they weighed eleven pounds per pair, they sold for one dollar and seventy-six cents per pair. Just think for one moment—one dollar and seventy-six cents for a pair of chickens in England, and yet it is only a fair market price there, and the profits are equally as good, if not better, on turkeys, ducks and geese. The consignee wrote as follows about the shipment: "I was agreeably surprised at the all-round excellence of your small experimental shipment of Canadian capons (chickens.) On opening the cases the birds were found to be in a beautiful condition, and presented a most saleable appearance. After the birds were uncased I hung one to find out how long it would retain its bright appearance, and found that it became milky white as soon as it had dried out of the chilled state; to-day, five days later, it is as nice looking as a fresh killed bird. I think the price obtained will both please and pay you. It is a fair market price."

Three Firms Alone Intimated Their Ability and Willingness to Handle About Two Thousand Cases Per Week at Good Prices.

Raising Poultry Pays.—It pays better to fatten them, and it pays best to ship them to England. The shipment sent to Liverpool, England, above described brought one dollar and seventy-six cents per pair; the farmer sold them to the shipper for fifty-four cents per pair, which is above the average price, as often as he does not get more than thirty cents per pair; can anything be clearer than that the farmer is failing to make enormous profits? By becoming a shareholder you will commence putting the money in your own pocket.

Success.—This Company is a natural outgrowth of the great and wonderful cold storage system. Before "cold storage" became known it would have been an impossibility to carry on this great business, but now the great success of cold or chilled storage is the maker of this enormous business, which will prove a money-maker for its shareholders. Space will not permit giving a description of the great arrangements to be made of the many receiving and shipping stations, abattoirs, cold storage plants, offices and agencies this Company will establish in the different Provinces of Canada and in England, or of the numerous employees it will engage to do the buying, killing, plucking, packing and shipping; the instructors the Company will engage will give to the working shareholders such directions and assistance as they may desire.

The Head Office will be at Hamilton, Ontario, and from MR. WILLIAM S GILMORE, THE EXPERIENCED MANAGER, will direct its affairs. Mr. Gilmore is already well known to many Canadians, but for those who do not know him and who would naturally like to know something of the man who is to direct the affairs of the Company in which they intend to invest their money the following extract from a letter written by the celebrated firm F. W. FEARMAN CO., LIMITED, the greatest pork packers and provision merchants, and probably the oldest established firm of its kind in Canada, to the proposed bank of this Company, will be of interest:

Gentlemen.—At the request of Mr. W. S. Gilmore I write to advise you that we have known him for years, and have had during that time continuous dealings with him as one of our customers. He is a practical provision dealer and butcher of many years experience. He is about fifty-five years of age, but active and progressive, and as a judge of poultry, live or dressed, he is certainly the equal of the best in Hamilton. As to his personal character, respectability and integrity, we believe he is fully to be relied on for anything he will undertake.

SPECIAL NOTICE.

Every shareholder in this Company is not obliged to raise poultry simply because he is a shareholder—anybody can buy stock in the Company, and the net profit or dividends will be divided between all shareholders alike, and it is safe to say they will get large dividends for their money.

Exclusive privilege.—The Company extend an exclusive privilege to those who hold ten shares or more of the Company's stock to raise poultry, turkeys, ducks, geese, etc., for the Company, to supply the great demand, and to this class of shareholders the Company will pay the very highest prices for their birds. They will be given the great advantage of careful instruction, free of charge, in the art of raising and fattening poultry, as well as receiving their share of all the profits of the Company, and, as the promoter wish to make this a Company by the farmers and for the farmers, all the servants and employees of the Company will be chosen from among the shareholders and their families.

The Capital Stock of this Company is divided into shares worth five dollars each, and of this only a limited number of shares are offered for public subscription, but no subscription will be accepted for less than ten shares (\$50). If you wish to become a shareholder lose no time, but send in your subscription at once, as the stock will be allotted in the order which the applications are received, and no stock will be held open for anyone. Fill out the APPLICATION FORM given below, be careful to state how many shares you want and the amount of money you enclose, sign your name to it and then fill in your address and send it by registered letter to Mr. Gibson Arnoldi, the President of the Company, 9 Toronto Street, Toronto, Ontario, accompanied by a marked cheque, postoffice order or express order for the full amount of subscription, payable to the order of Mr. Gibson Arnoldi, President of the Company.

The promoters reserve the right to change the name of the Company if the Government requests them to do so as a condition to the granting of Letters Patent under the Great Seal incorporating the proposed Company, and also at the same time to ask incorporation with any other amount of capital stock than named in their discretion.
