SPARKLING EYES FOLLOW GOOD HEALTH

Toronto, Ont.—"From the time of my earliest girlhood I had always heard my mother speak in highest praise of Dr. Pierce's Favorite Prescription for women's ailments, so it is not at all strange that after I married and had backaches, nervous spells and other distresses that I should remember what my mother had always said of this Prescription, and I found it relieved me of my aches, pains and nervousness. It gave me renewed health and strength and so greatly benefited me that I have no hesitancy in saying that Doctor Pierce's Favorite Prescription is absolutely perfect as a tonic and nerve-giver for women who are ailing or nervous. —Mrs. Rose Craig, 287 Sackville St. You'll soon feel better if you obtain this Prescription of Dr. Pierce's at your nearest drug store, in tablets or liquid form, or send to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial package tablets. "Did that cure for deafness really help your brother?" "Sure enough; he hadn't heard a sound for years, and the day after he took that medicine he heard from a friend in America."

CLEVERLY TRICKED THIEF

LONDON, Nov. 3.—A thief who broke into the Jormyn-street flat of Brigadier-General W. Bromley, Liverpool a few nights ago and stole two pictures must be a disappointed man.

The general has a number of valuable pictures, the best of them being two small paintings in heavy frames, one of them, a Romney, valued at several thousand pounds. These hang on the dining room wall. The burglar went direct to the heavy frames, ripped out the canvases, and decamped without touching anything else. But the pictures he stole were comparatively worthless.

The general was about to leave town for a few days, and had taken his treasures from their frames, deposited them in a place of safety, and substituted other canvases.

VIOLENT DEBATES ENLIVEN JUGOSLAVIAN PARLIAMENT

BELGRADE, Nov. 7.—Summoned recently to consider minor taxation problems, the Yugoslavian Skupstina, or parliament, developed a stormy session far beyond the estimated period of only a few uneventful days.

The Skupstina, with its representation of all classes in the state, furnishes a good picture of the population of Yugoslavia. Among the most outspoken members are peasants in native costume who take a prominent part in the stormy discussions.

The Slavonian group had a lively passage at arms with the true, or "prav" Serbians, the other day, when the Slovenian deputy Vretchko, complaining of the measures of repression adopted by the radical government, got up and announced that life under Austria was much more livable than it is under Serbia. Yankovitch, the minister of communications, thereupon stirred up a storm by inviting Vretchko and his fellow Slovenians to emigrate to Austria if they did not like living in Serbia. The opposition greeted the government's invitation with catcalls and the slamming of desks, while the Serbian radicals cheered loudly. The scene reminded one observer of the old days in the Austrian legislature, when the same radical battles were fought.

Pots of yellow ochre were dug out of Pompeii and have stood the test of centuries.

—CELEBRATED HALLOWEEN —A very enjoyable "Halloween" party was given by the "Riverside Musical Club" by Mrs. E. J. Gaudet and family of Wellington. Great enjoyment prevailed in the various games indulged in. While refreshments were served the lights were extinguished and substituted with Halloween lanterns. The Club is very grateful to the Gaudet family for their kindness.

—A SPLENDID MOVE.—On October 24th a Musical Club known as the "Riverside Musical Club" was organized at Wellington by Miss Zelica Poirier, popular young music teacher, and her pupils. There are only ten members yet enrolled, but there are good prospects of a few more being enrolled before long. The following officers and committees have been elected: President, Miss Laura Day, Secretary, Miss Lucie Arsnauld, Treasurer, Miss Beenece Gaudet, Refreshment Committee, Misses Faustina Gaudet and Alta Gaudet, Programme Committee, Misses Irene Arsnauld and Alice Gallant, while Miss Poirier acts as the director. The other two members are Miss Mildred Capute and Melina Poirier. The Club's regular meetings are held twice a month at the teacher's home, half an hour is devoted to the study of music such as the origin of music its authors, and the lives of great musicians then an hour is devoted to musical games which afford a great deal of amusement and at the same time are very practical to the pupils. Besides the regular meetings the club meets to celebrate the different holidays of the season, and other parties. The Guardian wishes this new Club unbounded success.

A New Prophet Comes to Town

(By Dominion News Service.) LONDON, Nov. 6.—"Sun" is a Mohammedan cult which is quietly and rapidly gaining adherents in London and throughout England.

Inayat Khan, a picturesque Indian mystic, is a Sufi pope and poet. His headquarters are at present near Paris, but he hopes to lead a crusade in England shortly. The body which follows him in this country is known as the Sufi Order Society in England, and they have a special book department for the issue of Sufi literature and the writings of Inayat Khan, the prophet.

Some of the maxims of the Indian, who has acquired a hold over so many white people, are:—A truth that disturbs peace and harmony is worse than a lie. What is given in love is beyond price.

To repress desire is to suppress a Divine impulse. Heaven and hell are the material manifestations of agreeable and disagreeable thoughts.

BULGARIAN CITY RAISES MONEY FOR SCHOOLS BY SUBSCRIPTION

AITOS, Bulgaria, Nov. 7.—Because of the lack of funds on account of its heavy expenditures for reparations and other post-war purposes, this city is building the necessary additional school

accommodations by public subscription.

The subscriptions are being paid in the form of money and building materials of various kinds. Thus far more than 500,000 levas have been contributed in cash and material, and the subscription campaign is being actively pushed by the necessary additional school citizens' committees.

Recently the local board of education laid with an elaborate civic ceremony the foundation stone of a primary school in the "Strandja" quarter.

Both in the collection of funds and in the actual labor of erecting the school, children of both sexes are taking an active part.
