\$9 a Month Pays for an Imperial Engine

\$19.50 cash and the balance in monthly payments of around \$9 brings you the hardy, trusty, Imperial 4 h. p. engine. If you don't require the extra complete equipment included, price may be even less.

The Imperial is an improved engine over all other marine gas engines and has advantage all its own that have put it in the forefront, not merely in the Maritimes, Quebec and Newfoundland, but as far away as New Zealand and the coastal waters of British Guiana.

For instance, Imperial Cylinders are GROUND on the latest model Head Grinder—not bored like other gas engines. As a result their bore is brilliantly hard and lasting, which prevents rapid wear with consequent loss of power, gas and oil. Other advantages? Scores. Send for the Imperial Catalogue.

CHARLES SANDERSON

One of the most highly esteemed citizens of Greenwick, passed away after a short illness on the 11th inst., in the person of Charles Sanderson, at the age of 65 years. He was a good citizen, an obliging friend, and for many years served on the Board of Managers of the Presbyterian church, St. Peter's Bay, of which he was a useful member. He is survived by a sorrowing widow, one son, Leith, and two daughters, Mrs. Frank McLaren, Greenwick, and Mrs. Bertram, Charlottetown.

The funeral services at the house and the grave were conducted by his pastor, Rev. J. M. McLeod, and the mortal remains were followed by a large number of sorrowing friends to the cemetery at Middel.

WHY NOT CREATE AN ESTATE THIS VERY DAY?

What is the lesson to be learned by the man in the street from the fact that a Canadian life insurance company has written a \$100,000 life annuity policy for Eli P. Clark, Los Angeles capitalist? It is that every man can create an estate at a small cost by means of life insurance. Mr. Clark has a number of financial interests and desired to make an investment which, in case others should fail, will secure and provide an ample income during his old age. It will be largely exempt from taxation and the annuity will yield a yearly return of \$17,895 for life. While all cannot afford such a substantial policy, there is one suited in price and terms to each individual's means. Evidently Mr. Clark is living up to the advice of the late John W. Wainwright, who carried three millions of life insurance. He said: "It is almost a crime to bring up a family in affluence and for its master or chief not to arrange his affairs so that they shall not be exposed to sudden and severe poverty in case of death, when, by forethought and the help of substantial insurance companies, he can put something aside out of his earnings for the mother and each child without being dishonest to his creditors."

NO OPERATION FOR HER

She Took Lydia E. Pinkham's Vegetable Compound and Escaped the Operation Doctor Advised

Louisville, Ky.—"I wish to thank you for what your medicine has done for me. I was in bed for eight or nine days every month and had a great deal of pain. The doctor said my only relief was an operation. I read of Lydia E. Pinkham's medicine and tried the Vegetable Compound and the Sanative Wash, and they surely did wonders for me. I feel fine all the time now, also am picking up in weight. I will tell any one that your medicines are wonderful, and you may publish my letter if you wish."—Mrs. Ed. BOENLEIN, 1130 Ash St., Louisville, Ky.
