BRITISH GENERAL'S LIFE SAVED.

Suffered for Years From Kidney Disease—Was Cured by Warner's Safe Cure.

"Many years ago I recommended your Safe Cure to my old friend, Gen. William Frost Nuttall, of the British Army, who was a great sufferer from kidney troubles as a result of long service in India. He took my advice, and, after using your remedy, he was completely cured, and was a hale and hearty man when I saw him last, and must have been nearly eighty years of age. He has assured me again and again that he earnestly believed Warner's Safe Cure saved his life, and he swore by it.

"I, myself, have used your remedy with the greatest benefits, as I was refused by the Equitable Insurance Co. years since for indications of Bright's Disease, but after taking Safe Cure for some time I was able to obtain insurance. This speaks for itself. In my roving career I have been greatly benefited by using Safe Cure, not only in the hot climates of Egypt and India, but also in the Arctic regions of Alaska."

G. P. ARMSTRONG, New York City.

More suffering and deaths result from affections of the kidneys than from all other diseases, and principally because they are not discovered in time.

If you have the slightest doubt about your condition without delay

TEST YOUR KIDNEYS AT HOME:

Let some morning urine stand 24 hours; if a reddish-brown sediment forms, or if particles float about in it, or it is the least cloudy or smoky, your kidneys are seriously affected and utterly unable to carry the waste matter out of the body; and if allowed to run on without treatment the uric acid will clog the blood and poison the whole system, causing inflammation of the bladder and urinary organs, headache, backache, especially in the loins; indigestion, dyspepsia, constipation, rheumatic pains and swellings, torpid liver, nervousness, all manner of blood and skin eruptions, and, finally a complete breakdown of the general health, with Bright's disease or diabetes and death. If you are already suffering from any of these dieeases your life is in grave danger, as the kidneys rarely put forth such outward symptoms until the disease has secured a firm hold.

DISEASES OF WOMEN. Bearing-down sensations, fainting spells, painful periods and other so-called female troubles are all unfailing symptoms of kidney disease.

Warner's Safe Cure is absolutely the only complete, permanent and safe home cure for Bright's Disease, diabetes, gall stones, gout, uric acid, rheumatism and all diseases of kidney's, liver and bladder. It soothes inflammation and irritation; repairs the delicate tissues; heals the organs, restores energy and vigor, and builds up a strong, healthy body.

Safe Cure is made entirely of herbs, contains no harmful drugs, is free from sediment, and pleasant to take. Prescribed by doctors and used successfully in leading hospitals for fifty years. Sold at all drug stores or direct; $1 A BOTTLE.

REFUSE SUBSTITUTES. They are worthless and very often exceedingly dangerous. Ask for Warner's Safe Cure; it will cure you.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

COLOMBIAN SOLDIERS ARE MARCHING ON THE ISTHMUS

United States will Prevent The Landing of Troops from the Sea—Loss of the Isthmus Causing Bitter Feeling.

PANAMA, November 15—President Marroquin's statement as conveyed in a cablegram to General Plaza, President of Ecuador, that Generals Reyes, Caballero Ospina and Holguin, are now marching on the Isthmus to "Suppress the Isthmian traitors" has set the entire population of the Isthmus laughing. Protected by the impenetrability of the land and the many leagues of coast line separating the Isthmus from Colombia and confident land-that the U. S. intends to prevent the ing of Colombian soldiers from the sea, the Isthmians feel that their security is absolute. The loss of the Isthmian territory is, of course, a tragedy for Colombia. The Government at Bogota is probably ignorant of the attitude taken by the Government of the U. S. in the last two weeks.

In a frenzy to appease an angry and disappointed populace, and to satisfy the public demand for some appearance of activity, and an attempt to save the honor and the territorial integrity of Colombia, the Government is no doubt promising and threatening to send forces to the coast and to take other aggressive steps. The realization by the Colombian Government of the impossibility of sending troops to the Isthmus would not necessarily deter it from taking these steps which are intended merely to satisfy the people. Well informed people on the Isthmus believed that the Colombian Government is going through all these forms of organizing expeditions not merely for the foregoing reasons, but owing to the necessity of forestalling or of weakening the threatened revolutionary outbreak in Bogota.

The growing feelings against President Marroquin is believed to be due to the fact that he did not show sufficient determination to effect the ratification of the Canal treaty which would have saved the Isthmus to Colombia, and because he appointed General Obaldia, Governor of the Department of Panama, after Obaldia had decided that he would remain a Colombian if the treaty were ratified, but that other ways he would only be a Panamayan. General Obaldia was born in Chiriqui, the state of Panama. The revenues of the new Republic if economically administered promises to meet all expenses.

General Obaldia appeared on the streets of Panama yesterday for the first time since Nov. 4. when the independence of the Isthmus was proclaimed. He was greeted cordially by friends and acquaintances. It is generally asserted that the Isthmians will eventually insist upon the separation of church and state. This was one of the measures demanded by the Liberal party in the last revolution and the population of the Isthmus is largely Liberal.

The question of admission of Chinese is being seriously discussed by the Press and in other quareersi the concensus of opinion appearing to be opposed to such admission. The Junta has invited a design for a Panamanian coat of arms.

Miners and others familiar with the coast on both sides of the Isthmus declare that any attempt to march an expeditionary army from any part of Colombia to the Isthmus would be futile. Both coasts consist of impassable jungles and swamps and rivers, without towns or roads or any means for the provisioning of an army.

Salisbury's Fine Contempt.

The note in Lord Salisbury's character which appeals most to us, the quality the country will miss, though it may not regret, the most, is his fine contempt for popularity. Lord Salisbury troubled himself little with what people thought of him. What he was, was much to him; what he was thought to be, nothing. This may have been a fault in the politician, but it was a splendid, and extremely rare, virtue in the man. It was the key to his finely tempered irony. It distinguished it wholly from cynicism. There was no contempt for man, no indifference to things, but a complete contempt for pretended things. This great man was not afraid to neglect the art of success, while lesser men neglected every other art. Maybe not every man can afford to take Lord Salisbury's view of life; but it is a great thing that one who has been on all men's lips should leave this salutary lesson of care for truth rather than for show. After all, it was what we ought to expect from so deeply religious a man as Lord Salisbury.—Saturday Review.

THE FEAR OF HUMBUG

Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach trouble because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That's all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headaches, palpitation of the heart, loss flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50c per package.
