The "Ohio" Gasoline Engine

has been longer on the market than any other gasoline engine sold in the Maritime Provinces. It has all the good features of its own. Its vertical valves means in power and less fuel consumption. The fine finish shows that it has good workmanship throughout. Ohio Engines have been running nine years and are doing as well to day as when put in. Don't buy an inferior engine when you can get a good one at practically same price. The Ohio Horizontal Cooled Engine is complete in itself, requiring no outside gasoline tank or water tank, making it the best and most complete self-contained engine on the market.
