

# PANDORA RANGE

A convenience much appreciated by every owner of a Pandora is the towel rod attached to the range. As one-third of the rod is made of emery, it makes a splendid knife sharpener, too.

It's always there handy for you. You need waste no time hunting around for the easily misplaced "steel." Bright idea, eh?

\*\*\*\*\*

An accurate thermomometer is a reliable guide to successful baking, while an inaccurate one is a "cheat" of the worst kind.

Every Pandora thermomometer is carefully adjusted and undergoes a practical test by heat—is proven correct before being sent out.

The figures, which show the required degree of heat necessary for the successful baking of bread, cakes, pies, etc., are plainly inscribed in black on a white enamel surface, so that they are easily readable, even when the day is dull.

If your local dealer does not sell the Pandora, write direct for free booklet.

## THE GUARDIAN COVERS THE FIELD AWAY WITH WEARINESS! BRACE UP—GET STRONG—GET FAT. THE CURE IS SIMPLE

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlotte has a population of 12,000 and Prince Edward Island has 100,000. The Guardian's daily circulation is therefore 1 to 14 of population in the city which it is published, or 1 to 13 of the population of the Province. This is the management believes, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among

## Liver and Kidneys

It is highly important that these organs should properly perform their functions. When they don't, what lameness of the nose and back, what yellowness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story. The great alternative and tonic

## Hood's Sarsaparilla

Gives less organs vigor and tone for the proper performance of their functions, and cures all their ordinary ailments. Take it.

These The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say 1 to 5 of the population of that city and 1 to 10 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,250,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 20,000. That is as 1 to 5 of the population of Toronto and 1 to 4 of the population of Ontario.

The point is this: The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city and over three times as well, taking the population of the Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons

50,000,000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspape dome."

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in publicity will never accumulate a fortune.

Five or six and two thousand (two thousand) have already been received at this office, but thousands more are wanted. Will all Guardian readers kindly interest themselves in this matter, collect the coupons and forward to this office as rapid as possible.

You're nervous and uneasy. Appetite is poor. Sleep is hard to get. Still worse, you are thin and fagged. You must be done, but while is the struggle to a fine finish!

Make your blood nutritious and you'll have lots of strength. Your only hope is Ferrozone, an instant blood-maker, blood purifier, blood enricher. It brings keen appetite, digests food and supplies nutrition for building up the body tissues.

Ferrozone makes muscle and nerve fibre, increases your weight, builds a reserve of energy into the body that defies weariness or exhaustion from any cause.

For men who toil and labor, for the office man, the minister, the teacher, the student, Ferrozone brings a new life of spirit and robust health.

For growing girls, women of all ages—no tonic is more certain. Sold in 50c boxes by all dealers.

Any boy wanting to learn the printing, or who has had some experience, should call at The Guardian at once. An exceptional chance for the right boy.

Guardian readers can have all their job printing done quickly and neatly at this office. Orders left at the subscription counter will have prompt attention.

Persons sending advertising me to The Guardian are requested to state whether name is to appear among Classified ads, Business locals, Announcements or among regular display advertisements. When no such information is furnished the management will not be held responsible if it does not appear here desired.
