CHARLOTTETOWN and QUEEN'S COUNTY

It pays to buy in this Province. There were no cases before the police court in this city yesterday.

Rev. Ewen MacDougall will preach Sabbath, 26th, at Murray River at 10.30, Peter's Road at 2.30 and Brooklyn at 6.30. Also Tuesday, 28th, at Iris; Wednesday, March 1st, at Belle River, and Thursday, 2nd, at Point Prim at 7 p. m.

Theophilus Moore, Deputy Collector of Inland Revenue has been promoted to the rank of Collector, vice Mr. Samuel C. Nash, retired. Mr. Moore has been in the service since 1874. He entered as Excise-man and has risen to the rank of Collector. This speaks well for his efficiency as an officer and the confidence reposed in him by the Department.

The following contains a bit of information regarding Canadians in Boston which is not generally known: Dr. Wilfred Harris, D. O., president of the Massachusetts College of Osteopathy, recently said: "There are 275,000 Canadians born people in and around Boston, of whom 66,000 from Nova Scotia, 24,000 from New Brunswick, and 13,000 from Prince Edward Island."

The celebration of the Tercentenary anniversary of the publication of the authorized version of the Scriptures, to be held in the First Methodist Church this evening, will be both profitable and interesting. Rev. Mr. Fullerton will address the meeting. A special musical program is being prepared. At the close of the service Prof. Wright will give several selections on the new Grand organ. Chair will be taken by Rev. H. E. Thomas at 8 o'clock.

From a private letter received by a friend in this City yesterday, under date of Sunday the 19th inst. The Guardian is pleased to learn that Dr. Crawford of Hunter River, who left here two weeks ago for special treatment in a Boston hospital, has been doing well since operated on. The letter says in part: "The doctor is comfortable today and out of pain now. He is very weak, of course, but I trust that he will soon begin to gain. His doctors say that if nothing unforeseen sets in they hope he will be able to leave the Hospital in three weeks time." The operation, it is understood was a very critical one and Dr. Crawford's many friends in this Province will hope for his speedy recovery.

A very pretty social event took place in this city yesterday at the home of Jas. A. Dewar, 208 Gt Geo St., when Miss Bella McPhee, daughter of Angus McPhee, Hestherdale, became the bride of John A. Stewart, Calsonic. The bride was very charmingly attired and was attended by Miss Annie Hume, city, while the bridegroom was ably supported by J. E. Dewar, City. The ceremony was performed by Rev. Z. L. Fash. The happy couple left on the afternoon train for Wood Island where they will make their home. The Guardian joins with the many acquaintances and friends of the newly wedded couple in extending best wishes for a long, happy and prosperous wedded life.

Death came to H. Clinton Davidson, one of Moncton's best known and most highly respected citizens, at his home on Bonaccord street on Feb. 18 after an illness of about eight months. Mr Davidson had been in very poor health for the past year owing to stomach trouble, which was the cause of death. He had been in the service of the Intercolonial for thirty-seven years and was chief time keeper in the clerk office for many years. About two years ago he retired under the Provident Fund Act. A man of sterling integrity, Mr Davidson took an active interest in civic affairs. Back in the eighties he was secretary of the schools in Moncton, a position which he filled with credit to himself and the city. Mr Davidson was born in Charlottetown, P. E. I., and was 74 years of age. His wife, who survives him, was Miss Cleveland, of Sussex, and they have been married more than fifty years. In the death of Mr Davidson, the Moncton First Baptist Church loses a valued active member. For some years he served on the Board of Deacons of the church, and was a leading member of Moncton Division Sons of Temperance, in which he had held nearly every office. Mr Davidson was also a charter member of the Moncton Y. M. C. A., and was the first secretary when the institution was in its first struggle for existence. Deceased is survived by a widow, three sons and three daughters. Two brothers and a sister also survive, the brothers being Charles C., of Moncton, and Gustavus, of California, and the sister Mrs Mary Shaw, of Nashua, N. H.

Our La Grippe Waters will promptly relieve aching in the bones and joints, headaches, and all neuralgia pains. They will reduce almost instantly, feverish conditions of the system. No ringing in head will follow their administration—25c box. E. A. Foster, Central Drugstore, Sunnyside.

The Best Optical Service

Our ambition always has been to supply our patrons with the Best possible Optical Service. The importance of correctly measuring the slightest eye defects, has led to the invention of many scientific instruments and the practise of methods of examination absolutely to be depended on.

For years we have been using these best systems with pronounced success. Our prices are very low; for instance, our high grade gold filled spectacles fitted with first quality spherical lenses, including examination only, 3.00. Complicated lenses will cost extra.

It will pay you to patronize us.

Mrs. John R. Brown, Pownal, is suffering from a severe attack of la grippe.

The many friends of Police Sergeant Taylor will be glad to know that he has recovered sufficiently after his recent severe illness to be up and around again. He expects to be able to resume duty next week.

An employee of Bruce Stewart & Co., city, named John Connolly, met with a painful accident on Monday while at work on the Guldare. A large steel plate was strung up and Mr Connolly was underneath. The sling broke and fell on his arm breaking it badly. The injured limb was set by Dr McLaughlin and the patient is now resting as comfortably as possible.

A despatch from Shediac recently says: The death occurred here on Wednesday of Hyppolite Arsenault formerly of Prince Edward Island but who for the past year has made his home in this town with his son the well known carpenter, Phileas Arsenault. The deceased had reached the advanced age of sixty-eight, an is survived by his wife, his son Phileas and two daughters residing on Prince Edward Island. The funeral was held from his son's residence in termment being made in St Joseph's R. C. Cemetery.

The North Sydney Herald of recent date has the following: Two of the fastest cleanest trotters will meet for the second time on Cape Breton ice. The principals are Larry, owned by Charles Ballard, of Sydney Mines and Gracie Mae, the richly bred Charlottetown mare, purchased last fall by Contractor Robert King, of so of Sydney Mines. Both these speedy pacers met a few weeks ago, when after a four heat affair on the Pondsportway at Sydney Mines, the gam eye son of Sableton won out. It is believed by admirers of Gracie Mae that she can outfoot Larry, and a fifty money is wagered on the result. This race was to have been held the same day as the "Longboat-Billy" match but was postponed.

The patrons of the Star Skatin Rink, Pownal, held their annual ice skating and bean social in the Pownal Hall on Thursday night. Lock Jones, J.P., was voted to the chair and ably presided. The following program was efficiently and pleasingly rendered: Chorus by Eon body, "Put On Your Old Grey Bonnet"; reading, Miss Edna Yeo, Charlottetown; solo, Plus Richards; reading, Miss Edna Yeo, Charlottetown; solo, Miss Edna Smith; Miss Lizzie Jones ably and gracefully assisted at the organ. The ladies then spread an appetizing and bountiful supply of beans, Boston brown bread, cake coffee, etc., to all of which an pl justice was done. Everybody voted it a jolly good time.

The Singer Sewing Machine Co. City, of which I. Buote is the Provincial Manager, has removed from its old location in the London House to its new quarters in the Newscot Block, opposite the Post Office. The new store is decidedly bright and airy, is much larger than the old place and affords better opportunities for the advantageous display of goods. Besides the show room and office at the front there is a large storeroom and workshop at the rear. Both rooms are well lighted and the fittings are up-to-date throughout. The headquarters here have an efficient workman who is prepared to attend to all kinds of repair work on sewing machines. This branch of the business has grown wonderfully in the past. Speaking of the business Mr Buote said that the Singer Co. have quite a number of local agents throughout the country. Last year, he said, 400 machines were sold and delivered, thus making 1910 one of the very best years in the history of the Company in this Province. From all indications an equally prosperous year is in store in 1911, the work done in the two opening months pointing to even better things for the immediate future.

FORTUNES LOST IN COLD STORAGE EGGS.

A despatch from New York tells low wholesale prices of butter, eggs and cheese have dropped in the last year:

	1910	1911	Decline.
Fresh butter	37c	29c	8c
Storage eggs	27c	12½c	14½c
Fresh butter	37c	29c	8c
Storage butter	34c	24-25c	10c
Cheese	17½c	12c	5½c

Produce merchants announced yesterday that a sad fate was in store for the poor cold storage egg. Fresh aid eggs are coming into New York from Illinois, Indiana, Tennessee and points further west in enormous quantities. It is owing to the mild winter that the fresh eggs are arriving a month ahead of the usual time. As a result the best eggs were selling in the Mercantile Exchange yesterday at twenty cents a dozen, while the price of the cold storage product had fallen to twelve and one-half cents. These are the lowest prices that have prevailed in years.

Mr Martin of the general commission house of George W. Martin & brother, No. 5 Harrison street, said: "We would now like to see the retailers get their prices down to a more even basis with the wholesale rates. The merchants shouldn't be blamed for the high prices longer. If the retailers hold up they will simply create confusion in the trade. We are now facing an unusual condition. There has been no real winter, and new laid eggs are moving in enormous quantities a month earlier than usual. The present price for them is twenty cents. The quantities moving from the west are very heavy. One block of them was offered on public call today for nearly next week's delivery at 7,000 cases or 20½c. These eggs ought to retail at 25 cents a dozen.

"Cold storage eggs have broken from 26 to 12½ cents a dozen. These eggs stand the persons who stored them from 23 to 25 cents a dozen. The butter trade is no so tragically situated, but the report of the associated Warehouses shows that here is an excess of cold storage butter in this country of 20,000,000 pounds. That means that we have had much more cold storage butter in hand than we had last year at this time."

"The truth of the matter is that the speculative packers have made a tremendous miscalculation. They put out away at 28 to 30 cents. This as at winter prices and storing has cost them so much as to bring the price to them up to 31 to 32 cents a pound."

Last June and July the Chicago net packers took 450,000 tubs of butter of the market to store in freezers, and yet there was a scarcity in the market at the time. Another speculator took 100,000 tubs off the market and individual Eastern and Western men took 75,000. They should have placed it on the market instead of producing the scarcity they did. Now they'll have to carry into next year an excess of 20,000,000 pounds. "Poultry was selling at three cents a pound lower last year for the simple reason that there was no place to store it because the warehouses were filled with butter. Carload after carload of poultry had to be slaughtered because butter hadn't moved and there was no room for poultry in the warehouses.

"The high price wholesale for butter last year was thirty-seven cents, and the best grade is now selling at 29 cents. Cold storage butter sold at 14 cents and is now quoted at 24 to 25 cents. Cheese sold for 17½. Now it is 15 cents asked, although one can get all the cheese one wants for 12 cents.

"I expect to see eggs go down one to two cents a dozen next week although butter may hold steady for a week or two. The Associated Warehouse Report, which does not include many of the largest houses, shows that there are 19,000 cases of eggs in storage on Feb. 1, as against 176,000 cases the same date last year. On the same date there was 29,116,000 pounds of butter, as against 13,684,000 pounds last year.

"They talk of a law to limit the time of storage. It limits itself." Meat prices have stiffened again, according to the wholesalers. Beef has advanced half a cent in the last ten days, while mutton, lamb and pork have advanced a cent a pound.

Only Exclusive Optical Parlors

Our establishment is the only exclusive optical parlor in the Province. We don't dabble into optical work—we make it our lifework and our constant aim to give very best satisfaction at small prices.

A pair of high-grade eyeglasses or spectacles, gold filled frames, and expert examination costs only 2.50. Try us—you'll enjoy better sight.
