

I Coughed Sixty years of cures have taught us what Ayer's Cherry Pectoral will do. We know it's the greatest cough remedy ever made. And you will say so after you try it. There's cure in every drop.

THE J. B. ORMULA GOLD CLOCKS

Cost a little more than some but the gilding is superior and the time keeping qualities much better. See them at

W. W. WELLNER,
SUNNYSIDE.

ALL NEWS OF LOCAL INTEREST

Reporters and Correspondents Everywhere.

Douglas Patterson, of this town, has been appointed instructor of the new Manual Training School in Sydney, C. B. He is at present in the employ of the McDonalds and has charge of their work in Georgetown and Montague, P. E. Island. Mr. J. C. Dawson, who succeeded Mr. Boate as assistant in the Truro MacDonald School, will go to Sydney with Mr. Patterson can be released from his duties in P. E. Island in the summer.—Truro Sun.

The following are additional prizes at the fruit show of the Fruit Growers Association awarded yesterday morning:—

- Wolf River—A Ramsay, Hamilton, 1st; A W Tanton, Southport, 2nd.
- Bishop Pippin, or Bellefleur—D E Clark, Orwell, 1st; E Bayfield, city, 2nd.
- Peewaukee—John Newson, city, 1st; J S Clark, Bay View, 2nd.
- Alexanders—Wm. R Taylor, Grandville, 1st; Wm Dunbar, Alma, 2nd.
- Wealthy—John T Weeks, Alberton, 1st; Layton McCabe, Alexandra, 2nd.

The date of the social and entertainment in Stanhope Hall is Monday 16th, inst. Be sure to attend.

At a meeting of the P. E. Island Sunday School Executive yesterday it was decided to start a Primary teacher's course of study in each county. Three sets of four books each, will be purchased and circulated among the primary union of each county. All the Primary teachers of the Province who would like to have the privilege of reading these books free of cost should send their names and address to Rev. G. P. Raymond, Charlottetown. The object is to give the village and country teachers the same privilege as the members of the Primary Unions in Charlottetown and Summerside where this course of study is taken up. It is hoped that all the Primary teachers will avail themselves of the privilege thus granted to them by the Association.

MAVPEQUE ITEMS.—Mrs. George Beattie, Miss Aune Ramsay and Mrs. Malcolm McGowan have gone to Brackley Point to visit Mrs. John McMillan. They will return in about a fortnight. Miss Janie Ramsay intends leaving today to visit friends in Bedoua.—A very interesting and profitable prayer meeting was held last evening at the home of Mr. Samuel Crozier, when the ordinance of baptism was administered to the child of Mr. John Craig, and also to the child of Mrs. James Hales. The service was conducted by the Pastor Rev. E. J. Ratten. —Owing to the careful and skillful treatment of Drs. McKay and Gillis, and the kind and excellent nursing of Mrs. W. A. Crozier of Kensington, Mrs. Wm. Abbott was able to return to her home last Monday. She is doing very well and her many friends hope that she may soon be restored to her usual health. Mrs. Abbott takes this opportunity of publicly thanking Mr. and Mrs. Crozier for their kindness to her while in Kensington.

EXPOSURE FROM NORTH TRURO.—Our farmers have finished hauling their wood and the cutting of it has now commenced. Although wood cutting has just commenced it is not to early to tell of a notable amount cut a few days ago. One of our aged sires, whose head is whitened by the snows of seventythree winters, began cutting with his ax shortly after sunrise and before the sun sank below the western horizon he conquered a pile of wood containing 20 cords. We wish to hear from some other correspondent. Miss Hattie Farrar is confined to her home by severe illness. We hope to see her genial face among her many friends soon. Mr. Hamilton Gamble is again able to resume his duties after a short sickness.—Messrs Frank and Hugh Creamer are installing the woodwork for a new roller process at Kelly's Cross.—Miss Mable Gamble is confined to her home by illness.—Mr. and Mrs. D. J. Thompson, of this village, are spending their vacation in the western part of the Province.—Mr. Thomas McNeill, our genial sleigh and carriage builder, has again satisfied the demands of the sporty residents for jaunting-sleighs and cutters. Mr. McNeill's work is second to none in the province, and is rapidly winning a foremost position in other provinces.

To do our testing work is equipped with the necessary apparatus to treat the most difficult cases.
It is your advantage to call, if you
G. F. Macpherson,
Charlottetown.

NOTICE.—All Clubs desiring to hold the Annual Skating Championships of this Association are notified to communicate with the President of the Association Mr. R. T. MacIntyre, immediately.

SEARLESTOWN NOTES.—Farmers in this locality are busily engaged in drawing musselmud. The roads and ice being in excellent condition a large quantity of mud has already arrived at Albany Station by train and much more is expected. The switch accommodation being altogether inadequate for the amount of traffic carried on at Albany with the the produce, wood and musselmud and almost every week a stock car, it is not possible to find room to accommodate all. We very much hope that the railroad department will make a note of the fact and remedy the grievance that has existed all too long. In fact if the department would but give a thought to the requirements of the Cape Traverse branch which some of them are pleased to call a spur it could be made if indeed it is not already the best paying portion of the route for mile of the P. E. L. R. R. But until the people unite and demand a better service than we have at present and more especially that which exists under the summer time table which is virtually a mid-night service, the best results can never be obtained.—We expect to have J. H. Bell Esq. deliver his popular lecture in Searlestown Hall on Wednesday the 18th when a pie social will follow. The proceeds go to paying off a debt on the Hall. A full house is expected.—Aurora Dier is still to the front and doing good work endeavoring to rebut the diabolical influence of the several dens in the adjacent settlements who still persist in dealing out the devil's fire water in spite of temperance sentiment and officers appointed to enforce the Scott Act. In fact law and order are practically helpless so long as witnesses are allowed to get off free who deliberately prejure themselves.—The many friends of Mrs. H. Freeman and Mrs. D. Lowther (two of our elder inhabitants) will be glad to know that they are both recovering after their recent severe sickness.—We are sorry to know that Mr. and Mrs. Owen Sharkey are at present laid up with a bad attack of la grippe. An epidemic of sore eyes is going the rounds of this settlement at present.

RULERS OF THE WORLD.

Meat Eating Nations are the Leaders in Every Branch of Human Achievement.

The ruling nations of the world are meat eaters and history records that they always have been. Vegetarians and food cranks may explain this in any way they choose, but the facts remain that the Americans, English, French, Russians and Germans are meat eating nations, and they are also the most energetic and most progressive. The principal food of the heroic Boer soldier known as Billong, is a sort of dried beef, affording a great deal of nourishment in a highly concentrated form. The weak races of people are the rice eating Chinese, Hindus, and Siamese, regarded since the dawn of history as non-progressive, spiritless and inferior physically and mentally to the meat eating nations who dominate them. The structure of the teeth plainly indicates that human beings should subsist upon a variety of food, meat, fruit and grains, and it is unhygienic to confine one's diet to any one of those classes to the exclusion of another. Meat is the concentrated and most easily digested of foods, but our mania for it is often so unnatural that the digestive organs refuse to properly digest meat, eggs and similar nutritious and wholesome food, but it is not because such food is unwholesome, but the real reason is that the stomach irks, from disease or weakness, some necessary digestive element; hence arising indigestion and later on, chronic dyspepsia. Nervous people should eat plenty of meat, convalescents should make meat the principal food, hard working people have to do so, and brain workers and office men should eat, not so much meat but at least once a day and to insure its perfect digestion one or two of Stuart's Dyspepsia Tablets should be taken after each meal because they supply the pepsin, diastase and fruit acids, lacking in every case of stomach trouble. Nervous dyspepsia, catarrh of stomach, gastritis, sour stomach, gas and acidity are only different names for indigestion, the failure to digest wholesome food and the use of Stuart's Catarrh Tablets cures them all because by affording perfect digestion the stomach has a chance to rest and recover its natural tone and vigor. Stuart's Dyspepsia Tablets is the real household medicine; it is as safe and pleasant for the stomach as the baby as it is for the imperfect digestion of its grandfathers. They are not a cathartic, but a digestive and no pill habit can ever follow their use; the only habit Stuart's Tablets induce is the habit of good digestion and consequently good health.

MEET ME AT THE ALWAYS BUSY STORE.

The Pride of the Kitchen

In the older days was the shelf on shelf of plates, platters and pans. Well, there's no reason why the belle of the kitchen—to-day need be ashamed of the culinary department, if her utensils were purchased from us—for we have all the good old things, all the modern utensils, appliances, conveniences.

Stanley, Shaw & Poulton
