## ABEGWEITS DEFEAT MONCTON HAWKS 6-2

### Winners Score Four Counters In Fast Third Period

#### Local Team Now In Second Place As Fate Of League Still Remains Undecided.

Dominating the play in the first and third periods Abegweits defeated Moncton Hawks 6-2 in a Maritime "Big Three" game at the Forum last night, the local victory sending the Abegs into undisputed second place in the league standing. Listless in spots, particularly in the second session when the visitors had a decided edge on the play, the game nevertheless produced some smart hockey. Particularly was this true of the final session when the teams opened out wide to score six goals, four of them going to the Gros team.

Kane, Currie and Nicholson were the pick of the local squad in last night's tilt, but while this trio were accounting for a majority of the goals the "rookies," Squarabriggs, Currie and Steele, turned in their best performance to date. They are improving with every game and last night accounted for two goals and might easily have had several more on their play, overzealousness plus Jimmy Foster nullifying the efforts. Gross and McKie are proving a tough barrier and the latter, like his last year's mates, is starting to be a tough man to get by. Sargent should also come in for plenty commendation on his work, at least five times during the game outgunning Hawk goalie Joe Mills were on the ice. Bill Miller, playing without relief, bore the brunt of the visitors' attack both on defence and up front and together with James was dangerous every minute. Two new faces in the persons of Kenny Carroll and Joe Mills were on the Moncton lineup last night. The former, although shy on condition, should be a big help once he rounds into shape, last night being highly effective at times.

The Abbies line of Kane, Currie and Nicholson showed some clever passing inside the Hawk line in the opening minutes but shots on Foster weren't dangerous. Kane and Irvine both missed chances to score when they shot wide from a few feet out. Hawks had another chance when Miller and Burrage broke clear but Gross and Burrage, the pair, the same player going right to Foster's citadel on a rush seconds later.

Frankie Currie's fifth goal in three games gave the Abbies a 1-0 lead at the 12 minute mark, the centre man slamming a fast one past Foster from the left boards on a pass from Kane. Two miraculous saves by Sargent from Carroll and James robbed the Hawks of the equalizer less than two minutes before the end of the session.

Two goals did all the forcing for nearly the entire second period, but Sargent was unbeatable, robbing Hawk raiders from right in close on several occasions. Combination efforts were failing to click and several likely scores were ruined after the teams had been on the receiving end of Kane, Currie and Steele's brilliant play.

The Abbies drew a penalty for illegal checking and Hawks broke the goose-egg when Burrage from a face-off thirty feet from the Abegs net worked his way in to slide one behind Sargent. Kane was robbed by Foster on two more occasions as he circled the Hawk defence, and the Hawks sending every man up at the ten minute mark missed a wonderful chance as James slipped the puck over past an empty cage. At 12:31 however, Kane again started the play for the 5th Abbie goal, his long pass to Nicholson parked at the line giving Hickey a clear path to Foster's cage.

One minute later the rookie line accounted for their second goal of the game. Forging inside the Hawk zone the water went from Currie to Squarabriggs to Steele, the latter atoning for a previous mistake by beating Foster cleanly. A typical Bill Miller play 30 seconds from the bell gave the visitors their second counter, the blonde speedster going through alone and having Sargent at his mercy.

### PHYLLIS DEWAR OUTSTANDING GIRL ATHLETE

#### Champion Canadian Swimmer Awarded the "Thelma Springstead Memorial Trophy."

(C. P. By Guardian's Special Wire) HALIFAX, Jan. 18.—Phyllis Dewar of Moose Jaw, Sask., who brought Canada honors from the British Empire Games, has been awarded the new trophy presented to the Women's Amateur Athletic Federation of Canada by Harry Hirsch of Berlin for the Dominion's outstanding woman athlete of 1934. Mrs. W. B. Stirling, of Halifax, Federation president, announced the award tonight following completion of a vote throughout the organization, which unanimously favored the brilliant young western swimmer.

Honorable Mention  
Other athletes considered by the various branches were Aileen Meagher, Halifax sprinter, and Betty Taylor, Hamilton's star hurdler, both of whom performed with distinction at the Empire Games.

The president also announced that the trophy, previously named the "Jean Wilson Memorial," had been changed because donors of another cup in honor of Toronto's speed-skating idol, whose death was mourned by a nation, had objected.

It would be called the "Thelma Springstead Memorial," Mrs. Stirling said, in honor of the Hamilton sprinter who was the first Canadian woman athlete to compete in official meets outside the Dominion. She was leader of the team at the international games at Stanford Bridge, London, in 1928.

Harry Hirsch, Donor  
The new trophy was donated by Harry Hirsch of Berlin last fall when he was in the United States making arrangements for the 1936 Olympic Games. At that time Hirsch announced it would be available for a 1934 award, and after formal acceptance the Federation asked provincial branches to nominate their candidates for the award.

"We have felt for some time that there should be some sort of award to honor Canada's outstanding athlete," said Mrs. Stirling. "The award is admirable in that it is not confined to one branch of sport but is for leadership in any or all different kinds of women's athletics."

Pretty Phyllis Dewar, crowned 1934 queen of Canadian sportswomen, made a place on the Canadian swimming team with ease, then performed with such brilliance at the Empire Games that she was hailed as the finest woman swimmer in the Empire. She won the free style 100 and 400 yards events and anchored two winning Canadian relay teams.

Now considered a likely candidate for Olympic honors, Miss Dewar plans to leave Moose Jaw on Feb. 2 for Vancouver, where she will begin training.

### Challenge

We, the Imperial House of Devils, do hereby challenge the Devils House Tacticians to a friendly series of hockey matches, best two out of three games, to be played at the Forum any time within the next two weeks.

We will play Mercantile hockey only, as owing to the trouble with President Kilroy over transfers there might be some difficulty in obtaining permission to play amateur.

### Commercial Loop Formed Between St. John & Hawks

#### Announcement Comes As Surprise To Mr. Ambrose Wheeler, Manager Of Hawks And To Abegweit Officials.

(C. P. By Guardian's Special Wire) SAINT JOHN, N. B., Jan. 18.—W. C. McQuade, secretary of the Saint John Beavers Hockey Club, announced tonight that a commercial loop succeeding the Maritime Hockey League would be confined to Beavers and All-Stars of Saint John, and Moncton Hawks, Charlottetown Abegweits, previously reported as probable members of the new circuit, were definitely out, McQuade said. The first game, he added, would be played by Beavers and Hawks at Moncton on Monday night.

The announcement followed a conference of Beaver officials with Bud A. Taylor, director of the Hawks club. Financial difficulties and the distance to Charlottetown were given as reasons for Abegweits' exclusion from the league. Hawks, Dominion champions for the past two years, broke up the Maritime League Wednesday night by dropping out owing to the loss of players who were either declared ineligible as simon-pure or who went to professional clubs. This left only Halifax and Abegweits in the league—not enough clubs to permit the circuit's continuance. Maritime hopes of retaining the Allan Cup held by the Hawks now seem to rest with Halifax Wolverines.

Beavers, Hawks, Wolverines and Abegweits began the season as the Maritime Hockey League. This changed to the Maritime Mercantile League, with the idea of getting rid of imported players when the Allan Cup playoffs came around. Competing with the Canadian Amateur Hockey Association.

### SHOOTS THREE GOALS IN TEAM'S WIN

#### Jimmie Kelly Prominent in Game At St. John Last Night.

(C. P. By Guardian's Special Wire) SAINT JOHN, N. B., Jan. 18.—Shooting six shots into the net behind "Steele" Kuhn during a third period scoring spree, All-Stars trimmed Beavers 5-3 tonight in the third game of an exhibition hockey series between the two local teams. Five of the All-Stars' third period goals were shot before the seven-minute mark. Beavers then sandwiched one and All-Stars almost immediately followed with another. The final eleven minutes were scoreless.

All-Stars are leading the series 2-1. Tonight's game was probably the last exhibition between the two teams before the start of a new Mercantile League schedule in the Maritimes.

Most of the present Beavers' team started the second with the now defunct Maritime "Big Four" hockey league. Hawes Marsh and Red Farrell returned here today after playing one game in Toronto and York Mercantile League. They were not in the Beavers' line-up tonight, however, and did not reveal their plans.

The All-Stars comprise players taken from the lineups of Hawks and Abegweits after those teams rejoined Halifax in the simon-pure ranks. Amateur officials had declared the present All-Stars, as well as most of the Beavers, to be ineligible for play owing to the Allan Cup because their transfer to the Maritimes had not been approved by the Canadian Amateur Hockey Association.

All-Stars had the only goal of the first period tonight. Play roughened in the second when both squads shot a brace, and Walter Monson and Ray Gelliffe drew five minute penalties for fighting. Very fast pace and wide open hockey characterized the goal-studded third period.

Monson, Crossley Sherwood and Jack Draper tallied the Beaver goals. Jim Kelly had three for the All-Stars, "Dixie" Deslattes two, and the East overtook the lead on a Marshall one and McCabe one.

### Death Of Former Tennis Champion

(C. P. By Guardian's Special Wire) VANCOUVER, Jan. 18.—Joseph Richardson, 72, many years ago tennis champion of South Africa and an active cricketer there, collapsed and died on a street here today. He had lived here since 1912.

Born in Leicester, England, he settled in South Africa and for some years was managing secretary of the "amous Ramblers, a sports and social club at Bloemfontein. During that time he was manager of the National Bank of

### DOWN THE BACK STRETCH

As this is the season for coughs and colds, we are reminded of a little story which our friend "Rouie" would occasionally tell with reference to a well known short elderly gentleman who years ago used to stand at Hughes's corner on market days, the fall and winter months, where he would be on the look out for loads of pork and produce. Rouie met him one day after he had been absent from his usual haunts for a few days and said, "Have you been sick, Mr. C?" "Yes, I had a little 'col' and a bad 'calf' and I'm a little 'horse' yet."

We are in receipt of the Walnut Hall Farm catalogue for 1935 giving the list of stallions in service at this world famous breeding farm, Donnalra, Kentucky. They are Peter Volo 2:02, Chestnut Peter 2:03 1-2, Protector 1:59 1-2, Volomite 2:05, High Noon 2:02 2-4, Guy Day (3) 2:04 1-4, Tiltworthy (3) 2:11, Guy Abbey (3) 2:06 3-4 and Lord Jim (3) 2:00 3-4. The most magnificent hand of stallions ever brought together by any standard bred farm in the world.

Walnut Hall Farm was established by Mr. L. V. Harkness who died in 1915. His daughter Mrs. Ogden M. Edwards, Jr., purchased complete control in 1919, since which time Dr. Ogden M. Edwards, Jr., has directed the policies of the farm.

Guy Axworthy was purchased in 1916 and died in 1923. San Francisco died in 1924. Peter Volo 2:02 was purchased in 1920. Chestnut Peter the Great was purchased in 1923 and died in 1932. Chestnut Peter was purchased in 1925. Tiltworthy was foaled the property of Walnut Hall Farm in 1877. Volomite was purchased in 1929. High Noon and Guy Day in 1930. Protector in 1931. Guy Abbey and Lord Jim in 1934. The last seven stallions are all products of Walnut Hall Farm.

Over twenty years ago Walnut Hall Farm established the custom of selling its entire crop of yearlings at auction each year. During that time their total receipts from that source have averaged over the million mark. We know of no breeding venture of modern times that has had such sustained success as Walnut Hall Farm. It is an evidence of very careful management, and the result of high principled business ethics. To Dr. Ogden M. Edwards, Jr., we extend our compliments for this year's catalogue and our hope that he and Mrs. Edwards may for twenty or more years continue to be connected with this great treasury of the trotting breed.

Ray Honeley (4) 2:01 3-4 is the star pacer over half-mile tracks during the past season, having to his credit a total of thirteen miles in 2:06 or better for the year. Twelve of these in actual races, and one a trip against the watch at London, Ohio, where he stopped in 2:02 1-2.

At the Ohio State Fair, Columbus, he won his race and paced in 2:02 1-4 and 2:03 3-4. These two miles and the one at London, Ohio, are the three fastest miles of 1934 over a half-mile track.

The Horse and Mule Association of America held one of its largest and most enthusiastic meetings in its fifteen years of active history at the Palmer House, Chicago, December 5th.

Will Hudson, rated the best tamer in the Bay State Circuit, and Squires Bros., the well known harness horse dealer, have formed a partnership and will deal both in harness and in stock. The firm will be known as Hudson and Squires, Inc., and will have stables at Hartford, Conn.

Frank Walker, one of the most efficient starters that ever handled the bell on the Grand Circuit, is dead. He had reached the eighty mark. It is only a few years since he relinquished his position as starter at some of the biggest meetings in the U. S. A. He and the late Frank J. Power of Halifax had much in common. Both were master men in their profession and both were known wherever harness horses were raced.

Notice of Mr. Walker's death brought back memories of our friend, the late Mr. Power, who was in our opinion the greatest starter that the Maritime Provinces ever had. It seems just like yesterday that we would hear his "pull up," and you could bet your life that no "Go" would be given after those words were spoken.
