New Wonderland was filled to capacity every show last evening, and never has there been a better program or a more appreciative audience recorded for that popular house. The pictures were grand, the feature film "From Shadow to Sunshine" being one of the finest ever seen there, while the comedy supplied by "Caught at Last" and the extra reel, was acceptable. The Love Story of Old Mexico was begun, and Mrs Tufts certainly sustained her reputation as a singer in her beautiful rendered song. Her going will be regretted, but as she remains a day or two longer until the new singer arrives, all will be glad of the opportunity of hearing her beautiful voice again. The new singer is expected to arrive at any day now, and the popular pianist Mrs Trainor returns from a brief holiday tonight. Her place has been most capably filled during her absence by Miss Lillian Earle, who is most brilliant and pleasing pianist.

At the Bijou tonight the following is the program—The Leopard Queen, (a sensational drama); Camata, The Sioux, (Great Indian Story); Song Dublin Daisies. Entire change tomorrow night.

O. AMERICAN REBELS ARE STRONG FOR GOVERNMENT. BLUEFIELDS, Nicaragua, October 24—The tug Blanca, which has arrived here from Greytown, brings news of the first important battle of the revolution. General Chamero's forces fought an engagement on Friday with 1,000 of President Zelaya's troops at a point below Boca, San Carlos, on the Sanburn river. The revolutionists won a decisive victory, 100 of the government troops being killed and 200 wounded.

General Chamero's losses were slight. The insurgents captured two guns and 400 rifles. The defeat for President Zelaya will doubtless have a deterrent effect on recruiting for the government service at Managua, and is likely also to bring reinforcements to the standard of the insurgents. General Chamero is now advancing slowly. The steamer Yulu, belonging to the Emery company, also has reached here with the details of the capture by the revolutionists of Cape Graciasa. This port was early taken, not more than five or six men being killed and a small number wounded. This gives the revolutionists control of the entire Atlantic coast.
