**WHIST**—Don't forget the Whist tonight in St. Joseph's Sodality Hall.

**BY PAYING YOUR SUBSCRIPTION** now you get the choice of nine calendars from the Charlottetown Guardian.

**FUNERAL THURSDAY**—Funeral of late Francis Trainor will be held on Thursday morning, Jan. 24th, at 9 o'clock, from the home of Alphonse Trainor, Kinkora.

**CAME BY AUTO**—Messrs. Clarence Frizzel, Donald McFadyen and John Gass, of New Haven, motored to the city yesterday in Mr. Frizzel's car and reported the road in a good condition. This is a record breaker for January 22nd.

**THE MARKET**—The local market was very slimly attended yesterday, with little, if anything, being offered. The following prices were quoted: Beef (carcass) 12c; cut, 12c to 20c; pork (carcass) 12c to 15c; cut 15c to 25c; butter, 4c; lb. eggs, 60c per doz.; calf skins 10c; hides 10c; chicken \$1.00 to \$2.00. Produce—Hay, 65c; straw, 45c; oats, 68c to 60c per bus.; turnips 20c bus. No potatoes were offered.

**MISSIONARIES LEAVE**—Rev. and Mrs. D. M. MacDonald, who gave addresses in the Reformed Church in Moncton, Sunday, sailed from Halifax Monday morning on the steamer Astoria for Southampton, England, where they will remain for nine days, and then take passage on the Royal Mail steamer Ardel Castle for Durban, South Africa. Rev. Mr. MacDonald is a native of Springton, P. E. I. and is a graduate of Normal College, Wollaston, Mass. During the Great War he served for two years in England and France, and since then he studied for the ministry, being ordained at the Beulah Camp Ground in June, 1928. Mrs. MacDonald has spent twenty years in Africa, being the eldest daughter of Mr. and Mrs. H. C. Saunders, who established the missionary station in one of the stations at that place, Balmoral, now Hartland, being the central point. She came back to Canada on furlough, and meeting Mr. MacDonald, they were married on June 30th, 1928, at the Beulah Camp Ground. Mr. and Mrs. MacDonald will take up their work in Africa, and the prayers and good wishes of all will follow them in their work.—Moncton Times.

Allen-Godfrey Nuptials

A pretty home wedding took place at 5:30 this morning at the residence of Mr. and Mrs. John A. McLaren, 79 Hillsboro Street, when Miss Evelyn Gertrude Allen, daughter of Mrs. Catherine Allen, was united in marriage to Mr. Fred W. Godfrey, of the Dominion Seed Inspectors staff of the Experimental Farm.

The ceremony which took place in the drawing-room, prettily decorated with flowers and greenery, was performed by the Rev. Wm. Bruce Muir of St. James Presbyterian Church, and was witnessed by the immediate relatives and friends of the bride and groom, numbering about twenty-four. Mr. Wm. G. Bruce presided at the piano and played the wedding march as the bride party entered.

The bride, who was given in marriage by Mr. J. A. Webster, looked exceedingly nice in a becoming draped dress of cocoa-tan georgette, with contrasting flat crepe satin and fringe trimming. A close fitting brown straw and felt hat with an exquisite arm bouquet of bridal roses, completed the costume. Traveling attire was a walnut tea wagon of niger brown with Beaver collar and cuffs.

The bridesmaid, Miss Ina Gillan, carried an arm bouquet of pink carnations, which blended prettily with her imported French crepe dress and black picture hat. Mr. Malcolm McKinnon performed the duties of groomsmen.

After the ceremony the guests partook of a dainty wedding breakfast, at which toasts were drunk to the bride and groom. Mr. and Mrs. Godfrey left amid showers of confetti and good wishes on a honeymoon trip to Halifax, after which they will take up their residence at their pretty bungalow at Suffolk.

An exceptionally large number of valuable gifts testify to the popularity of the bride and groom. Included among them is a walnut tea wagon and four-piece silver service from the fellow-employees of the C. N. R. of which the bride was a very popular member for some years, and a dinner set from the Dominion Inspector staff of which the groom is a member.

The Guardian joins in happiest felicitations.

News Items Of National System

In 1929 there was a deficit of over three million dollars in the operating accounts of the Canadian National Railways. In 1922, the first year Sir Henry Thornton had been at the head of the organization, this deficit was converted into a surplus of nearly three million dollars, and for the full year 1928, when the figures have been issued, it is expected that the net earnings will amount to sixty million dollars. For eleven months of 1928, they had reached the huge sum of fifty-three millions.

The Maritime Provinces are getting very widespread advertising in Holland these days, through the medium of a Dutch journalist, Mr. Kees Van Hoek, who was brought out to Canada under the auspices of the Canadian National Railways last September and October. His articles have been published in twenty-five daily newspapers, and fifteen weeklies in Holland, and run over a period of some weeks. His observations with regard to the Maritime Provinces are particularly gratifying. He stated that they offer to the "seller" with small capital wonderful opportunities, thus far not enough brought to the fore.

He speaks most favorably of the weather in comparison with other parts of the country "At the end of October, for instance, I do not need an over-coat here (speaking of the Maritime Provinces) while in Western Canada a winter coat feels very comfortable at this time of the year." He describes the Valley of the Annapolis as the most fertile orchard in the world, and says that to see the Maritime Provinces was "Love at first sight."

Mr. Kees Van Hoek describes New Brunswick as a country of "fine excellent rolling hills with a scenic picture in the distance" where the streams are so large and wide, so fine and have that one can imagine himself viewing the large rivers of the old Fatherland.

Prince Edward Island he describes as a "wealthy self-supporting province."

According to the Royal Bank of Canada's monthly news bulletin, the net income of Canadians during 1928 amounted to \$4,800,000,000. Between 1922-1928, according to this bulletin, there was an increase of 78% in Canadian exports.

"Greater aggression on the part of Canadians and the British West Indians alike is absolutely essential to further trade between these two parts of the Empire", was the opinion expressed by Howard T. Hunter, Vice-President of McLean's Magazine, Toronto, when he arrived at St. John on Monday last, having been on the "Lady Nelson" of the Canadian National Steamship during her inaugural tour of the British West Indies.

"The United States and Great Britain are heading us out in 'space' business," said Mr. Hunter, "The representatives are covering the ground much more frequently than we are. That we are getting business despite these facts is that the people prefer to trade with Canadians."

Cumard and White Star Lines operating out of Halifax under the auspices of the Canadian National Railways are carrying average cargoes of one thousand tons from that port on every sailing eastbound. This arrangement has done a great deal to stimulate business through the port of Halifax.

That there are opportunities for increasing the interchange of commerce between Canada and the Balkans and near East is the opinion of S. E. G. Bejanoff, of Constantinople, who was in conference with passenger officials of the National System. Mr. Bejanoff stated that the New Republic of Turkey was today making great strides towards prosperity and he believed that the Balkan States Turkey offered a market for many Canadian products, providing the manufacturers of Canada were prepared to make an energetic selling campaign in those markets.

There are prospects that a Turkish football team will visit Canada and play a series of games against Canadian teams from Montreal to Vancouver. Arrangements for this tour, it is stated, have been made with the Dominion Football Association, and the party to be brought over comprises approximately twenty people.

As mascot of the Turkish team, it is possible that there will be an old gentleman, whose certified aged by the Consuls-General of various countries, is stated to be 154 years. He is being induced to leave his native country for this tour to Canada by two of his sons, one whom is 120 years old and the other 90.

Land sales and collections in Western Canada last year showed a considerable increase over 1927, and were in fact the best for many years, according to the report presented at the annual meeting of the Land Department of the Canadian National Railways.

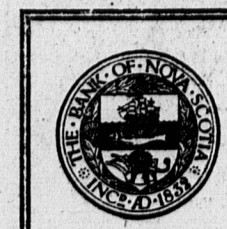

The New Brunswick Tourist Association has ceased to function as a body for the promotion of general Provincial tourist work, after thirty-two years of service.

At the annual meeting on January 4th at Saint John, a slate of officers of the Association, representative of the City of Saint John and vicinity only, were elected.

The action of disbanding the old system has evidently been taken in view of the New Brunswick Government tourist and Publicity Bureau having taken over the general tourist work for the Province.

Premier Baxter expressed great appreciation of the work the New Brunswick Tourist Association had done during its thirty-two years of existence.

One of the outstanding features of the Boston Sportsmen's Show to be held in Mechanics Hall, Mechanics Building, next week, will be the exhibit of the Canadian National Railways. The exhibit as in former years will portray the wide range of the Maritime Provinces as well as other

**LONG CREEK WOMEN'S INSTITUTE**

The regular monthly meeting of the Long Creek Women's Institute, met at the home of Mrs. Hugh MacKenzie on Thursday evening, Jan. 3rd, with an attendance of nine members and three visitors, two members enrolled. The meeting opened with the singing of the Institute Ode and repeating the Creed, followed by the reading of the minutes of last meeting and approval of same.

The receipts from the Bazaar were read by the Secretary, which amounted to \$51.65. It was ordered that the Secretary give the chairman of the hall \$50.00. It was moved, seconded that all bills in connection with the bazaar be paid. Mrs. Fred Stretch and Mrs. Dan MacEwen were appointed on the sick committee for the month of January. It was moved, seconded that a calendar be paid for that was got for the school. It was moved, seconded, that Mrs. Dan MacEwen and Mrs. Alex MacLeod purchase the following for the hall: easel lamp, two window blinds, two window curtains and two door curtains. A letter in connection with the Sanitorium was read by the Secretary, and committees were appointed for canvassing.

The following program was well rendered: Reading, Miss Della MacLeod; Reading, Miss Margaret MacArthur; Reading, Miss Myrtle MacLeod; Reading, Mrs. Dan MacEwen; Reading, Mrs. Nell Stewart.

Total number of points scored, 125. Fifty refreshments were served by the hostess and the meeting closed with singing. A hearty vote of thanks was extended to the hostess for her kindness. Mrs. Norman MacLean kindly invited the members to her home for the next meeting.

**Insidious Eye Strain**

We use this adjective advisedly.

Sufferers from Eye-strain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy but when Eye-strain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

HAVE YOUR EYES EXAMINED

parts of Canada, stressing particularly the attractions of the Maritimes as a sportsmen's country, for hunting and fishing.

The exhibit of the New Brunswick Government will be a feature also. There will be one or two moose, three or more deer, several black bear, and a couple of Canadian lynx or wild cats, as well as a dozen varieties of salmon trout, bass, and other live game fish. The moose were caught in Albert County, and were shipped from there to Boston via the Canadian National Railways.

Pushing through the snow of Japan this winter is a railway snow fighting machine bearing the sturdy Canadian name of "McLay" and once again is the fame of Canada carried into the far-reached end of the earth.

When K. Hashima, Superintendent of Rolling Stock and Machinery of the Sagami District Japanese Government Railways was in Canada recently, studying the operating of the National System for the benefit of the people of his own country, he was particularly interested in the methods used for clearing snow from the track. In a letter received today by W. A. Kingsland, General Manager, Western Region, Mr. Hashima expressed his thanks for the co-operation given him by the railway officers, particularly by A. H. Eager, General Superintendent, Motive Power and Car Equipment, Winnipeg, and A. McGowan, Assistant Superintendent Car Equipment. He went on to describe a new type of snow-fighting machine which he had devised from ideas given him by K. D. McLay, Bridge and Building Master, Calgary Division. The machine, which is the most successful of all the types tried by the Japanese Railways, Mr. Hashima has named in gratitude "McLay".

**HALTSTVILLE SCHOOL EXAMINATION**

The semi-annual examination of Haltstville School was held on Dec. 21st, with quite a number of ratepayers and visitors present. The school was tastefully decorated with spruce and Christmas trimmings while a tree, well-laden with gifts for both teacher and pupils occupied a very prominent place in the class room.

The classes were examined in the different subjects by their teacher, Miss Florence Ward, and showed by their prompt answers that they had been carefully instructed during the term.

Mr. Douglas MacPherson very capably acted as chairman, and the following program was very well rendered:

Welcome, Mary Callaghan.  
Chorus—"What's the Meaning?"  
Recitation—Alexander MacKenzie.  
Dialogue—"A Sudden Discovery."  
Duet—Mary MacKenzie, and Marie Nicholson.  
Recitation—Lillian MacLeod.  
Dialogue—"Christmas with Ruggles" (Act I).  
Recitation—Dorothy MacKenzie.  
Dialogue—"Christmas With Ruggles" (Act II).  
Recitation—Spurgeon MacLennan.  
Recitation—Mary MacKenzie.  
Dialogue—"The Train to Mauro."  
Recitation—Margaret MacLeod.  
Recitation—Jenette Murray.  
Chorus—"Santa Claus Is Coming."  
At the conclusion of the program Santa arrived and distributed many presents among those present, then after wishing all a Merry Christmas, he hastened on his way.

Complimentary remarks were then made by many present. All spoke very highly of the good work done by the teacher and pupils.

The teacher then thanked the parents for the interest they were taking in the school, also the pupils for their suitable gifts. The examination was brought to a close by the singing of the National Anthem.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.
