

ARRANGEMENTS were completed Saturday for a hockey match between the 1st Abies. of Charlottetown, and the Stars of Summerside, to be played next Friday night, 17th inst., in Crystal Rink here.

It is probable the Anchors will also come up the same evening to play with the Britannias. In any case the meeting on that night will be a hot one.

S'IDE AND PRINCE CO.

The thermometer at the meteorological station registered 6 below Saturday morning.

WHAT about to-morrow evening? The biggest event of the year in Market Hall.—To-morrow evening.

PANTOMIMES, tableaux, character costumes, music—vocal and instrumental—will constitute the programme in Market Hall tomorrow evening. Admission to all parts of the hall 25 cts, children 15 cts.

To the man who spent the whole of last Friday night in his cellar shove'ling coal into a furnace—impelled by the idea that if he let up even for a few minutes to wipe the coal dust off his face, his wife and children would be frozen to death—it was extremely disappointing to find on coming down town Saturday morning that the government thermometer had registered only 6 below. His complaint that the government mercury was adulterated is not wholly unjustifiable—for many prophets arose on that same morning and testified that the official reading would be at least 15.

MR. L. B. HUNT, informs The GUARDIAN that he has completed arrangements for the world's renowned skaters—Miss Fannia Davidson, of Toronto, and Mr. John F. Davidson, to give an exhibition in Crystal Rink, on Tuesday, 21st inst. This is the first exhibition of the kind ever given on the Island and will be looked forward to with interest by all. The Davidsons have performed in crowded rinks on both sides of the Atlantic and have recently closed an engagement to skate at the Paris Exposition in 1900. Fuller particulars will be given later.

THE entertainment and social given Friday evening in Ludlow Hall under the auspices of Foresters Court of Summerside and St. Eleanor's was notwithstanding the very unfavorable weather, an unqualified success. There was a large number present, altho the friends at St. Eleanor's and in the country were prevented from attending, by the condition of the roads. The first part of the evening was spent in the ladies' parlor where with Rev. J. M. Withycombe in the chair. The following programme was rendered: Opening address, Chairman; Piano selections, Miss Maud Green (recalled); Reading, "The Stove pipe hole", Drummond, by A. C. Rogers. In response to an encore Mr. Rogers read "Les vieux temps" by the same author. Male quartette, Messrs Leard, Slackford McDonald and Birch; Reading, Saunders McGlasken, Miss May McDonald. This also was exceedingly well rendered, and Miss McDonald in response to an encore gave a second reading, "The Hindu," which literally brought down the house; Solo, Miss Frizzell; Cornet solo, Mr. H. Worth. After the rendition of the programme the audience adjourned to the Banquet Hall where an excellent lunch was in readiness, to which full Foresteric justice was done. Another intellectual treat followed when toasts were then proposed and responded to as follows: The Queen, National Anthem; The United States, T. C. Baker, Sheriff Gaffney, U. S. Consul for Summerside, and Dr. O. Brews had been invited to respond to this toast but were not able to be present. Their regrets were read at this stage by the chairman. Sister Societies—L. Morris, on behalf of Masonic Lodges; Charles Murphy, for C. M. B. A.; T. B. Grady, Oddfellows; Visiting Brethren, Lemuel Silliphant; The Ladies, Lemuel Fowler; Our High Court, L. U. Fowler; Our Chief, J. M. Clark. Closing, Auld, Lang Lyne.

Public Attention.

Is at present being directed to catarrh, and much interest has been aroused by its marvellous effect upon disease germs. Catarrh, bronchitis, irritable throat, and such maladies instantly disappear when this apparently mild pine-scented gas inhaled. It penetrates whenever air can go. Messrs. N. C. Polson & Co., Kingston Ont., have generously intimated that sample outfits of catarrhzone will be given our readers free, for a short time, if sent for immediately.

Reforming a Parson

A Pittsburger, who spent a part of last summer in England, tells an incident which sadly disturbed the religious peace of a parish in Pezance. A maiden lady of that town owned a parrot, which, somehow, acquired the disagreeable habit of observing at frequent intervals: "I wish the old lady would die." This annoyed the bird's owner, who spoke to her curate about it.

"I think we can rectify the matter," replied the good man. "I also have a parrot, and he is a righteous bird, having been brought up in the way he should go. I will lend you my parrot, and I trust his influence will reform that depraved bird of yours."

The curate's parrot was placed in the same room with the wicked one, and as soon as the two had become accustomed to each other, the bad bird remarked: "I wish the old lady would die." Whereupon the clergyman's bird rolled up his eyes and in solemn accents added: "We beseech thee to hear us good Lord!"

The story got out in the parish, and for several Sundays it was necessary to omit the litany at the church services.—Exchange.

CATARRH OF STOMACH.

A Pleasant Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are full or bloating sensation after eating accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, hickie appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher of 2710 Dearborn St. Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feelings. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals. Send for little book mailed free, on stomach troubles, by addressing Stuart's Co., Marshall, Mich. The tablets can be found at all drug stores.

MR. HOUSE, OF BERLIN.

Cured of Lambago by Dodd's Kidney Pills. Berlin, Feb. 13—Everyone in Berlin knows Andrew House. He is a respected and prosperous resident, who numbers his friends by hundreds. For over a year past, Mr. House was tormented by severe pains in his back, which increased in severity in spite of doctors and their medicines.

He was advised to try Dodd's Kidney Pills. He did so. That night he felt less pain. Daily the pains abated, and in less than two weeks, Dodd's Kidney Pills had cured him thoroughly. There is only one sure and unfailing cure for Backache. That cure is Dodd's Kidney Pills. Experience has proven this thousands of times.

ARE YOUR Artificial Teeth Giving Satisfaction?

Many persons who are compelled to wear Artificial Teeth on Plate, find that the Rubber or Vulcanite plate causes heating of the month, bad taste, shrinkage of the gum, etc, finally causing the plate to get loose. Some times sore lips, sore mouths and sore throats are caused directly from the wearing of a Rubber or Vulcanite plate. While it is true that a majority of persons can wear rubber or vulcanite plates with satisfaction, yet it is a fact that to a large percentage the same material is poisonous. We have seen many cases where people who had rubber or vulcanite plates were continually suffering from the above causes and came to us for relief. In case of that kind we always recommend a metal plate, either of Gold, Platinum or Aluminum. Our reason for recommending a metal plate is that it is a conductor of heat and cold, hereby keeping the mouth cool, and it is non irritating, and is thinner, lighter and stronger than any other plate. It is clean in every particular, and is enjoyment to the wearer. You can have your impression taken and have a Gold, Platinum or Aluminum plate made same day, fully guaranteed because we make them ourselves and know all about the material used. We also make the famous THURLO PLATE, noted for its thinness, coolness and durability. We would like you to call and see specimens of all our different lines of work including our Continuous Gum Plates—the very finest plate work known to Dental Science. Every piece of work done by us must give entire satisfaction to the patient else we will not allow it to leave our office. Examination free. BERLIN DENTAL PARLORS, CHARLOTTETOWN.
