LATER DETAILS OF WEDNESDAY'S NAVAL ENGAGEMENT AND COMMENTS OF ENGLISH PRESS

KING CONGRATULATES ADMIRAL JELlicoe

States that Germans Robbed British of Decisive Victory by Retiring on the Opening of a General Engagement.

(Special to the Guardian.)
LONDON, June 4.—It is impossible to get any coherent story of the great battle which lasted many hours with different units at times fighting scattered engagements. The British and German reports contradict each other flatly on the main facts. The British that the German fleet retired when the British battleships appeared, while the German official statement maintains that the German forces were in battle with the entire British fleet.
The British say they had only two divisions engaged and that all units of these were not able to participate in the fighting, and furthermore that Admiral Sir John Jellicoe, commander of the grand fleet remained in the area of battle after the Germans had retreated and swept it thoroughly in search of enemy ships and survivors.
The King's message to Admiral Jellicoe states that the German robbed the British of an opportunity of gaining a decisive victory by retiring immediately after the opening of the general engagement.

REPRESENTATIVE MEN HELPING

MONTREAL, May 30.—That the work of relief that is being done in Belgium is the work of the allies of Belgium is distinctly shown in the men who are heading the movement. And that Canada's part in the work is representative of the Dominion is evidenced by the character and calibre of the men who have now devoted a year and a half, without remuneration other than the knowledge of duty well done, to the work that centres around the Canadian Relief Committee offices, 59 St. Peter Street, Montreal.

A glance at the personnel of this committee which has handled millions of dollars worth of food and supplies for Belgium shows that the sound business men and the prominent financial men of Canada realize the duty and obligation that the Dominion has to meet in Belgium. They have given their best to the work and are appealing to the several millions of Canadians who can help to do their share.

His Royal Highness the Duke of Connaught is patron to this great work. Sir Robert Borden, Premier, and Sir Wilfred Laurier are the representatives of the two great parties of Canada, and the Grand Trunk are represented by their presidents, Lord Shaughnessy and Mr. E. J. Chamberlain, respectively while Mr. Guy Tomblin of the Canadian Northern Railways has lent valuable assistance to the work since its inception.

Four of Canada's big banking institutions are represented by their presidents. These are: Mr. H. V. Meredith of the bank of Montreal, Sir H. Montagu Allen of the Merchants Bank of Canada, Sir Herbert Holt of the Royal Bank of Canada and Mr. Chevalier of the Credit Foncier.

A great deal of work has been purchased and is being bought by this committee. This work has been carried on under the charge of such men as Mr. H. Dale an ex-president of the Montreal Board of Trade, Mr. R. Neilson assistant secretary of the Lake of the Woods Milling Company, Hon. G. A. Simard, Mr. A. N. Brodeur and Mr. W. A. Black managing director of the Orlivie Flour Mills.

Sir Alexandre Lacoste, Sir Herbert Ames, Mr. C. R. Hosmer, Hon. F. L. Belge, Hon. Raoul Dandurand, and Hon. Rodolphe Lemieux, ex-minister General are also active members of the committee.

The churches of all creeds have given much assistance in the relief work and among the ecclesiastical representatives in the organization are His Grace Archbishop Beaudry and His Lordship Bishop of Montreal.

Seventy hundred and fifty thousand laboring men and women are those confined in Belgium by the German invaders. These are all on the verge of starvation and it is only natural that the labor organizations of Canada should help. Mr. G. A. Simard, a laborer and a prominent labor unionist, is labor's representative and it is needless to say that his efforts have resulted in much being done for the working men of his afflicted country.

Transportation difficulties have been overcome and shipments made of relief goods facilitated greatly by the work of Mr. D. E. Galloway of the Grand Trunk, Mr. E. N. Rodd of the Canadian Pacific Railway and Mr. Tomblin of the Canadian Northern. The railways of Canada have given much and have assisted in every possible way Canada's part in the Belgian Relief Work. Naturally Mr. M. G. Gooz, Belgian Consul General, and Mr. Clarence I de Sola

MEETING OF FLORAL ASSOCIATION

Prize Winners in Spring Flowering Bulb Competition.

At a meeting of the Floral Association on Saturday evening it was decided to hold the annual flower show on August 30th and 31st.

Mr. A. F. Houston was appointed superintendent of the show and the different committees necessary for the management of the show were also appointed. Pottery vases will be secured this year to hold the exhibit of cut flowers.

It was decided unanimously that the prize winners in the lawn competition and the spring flowering bulb competition should withdraw from future competition and leave the field open for others.

The Association commended the citizens of Charlottetown for the work which they have done in improving and beautifying the City by pulling down old fences, painting, cleaning up yards, setting out flowers and in other ways.

A vote of thanks to the Secretary of the Association, Mr. J. Leslie Tennant was passed. The Association also placed on record their appreciation of the services which the Rev. Mr. Trivett had rendered to the Association during his connection with it.

Appreciation was expressed of the help given by Messrs Carter & Co. and Mr. James Tait in procuring a plentiful supply of bulbs and seeds for lovers of flowers.

The following awards were made in the spring flowering bulb competition: 1st Prize.—W. S. Louison (Diploma.) 2nd Prize.—Penton R. Newson. 3rd Prize.—Judge Hazard.

Worthy of special mention 3 beautiful beds at P. E. I. Hospital; also the following: Prof. Barlow, W. A. Stewart, C. G. Duffy, Chester Cox, Geo. E. Full, Mrs. G. W. Hodgson, E. T. Higgs, Wilfrid Taylor, The Charlottetown Hospital, and a number of others.

Belgian Consul at Montreal have worked long and hard for the cause. It is probable that no collection of men more representative of Canada and all her interests more capable and more business like has ever been assembled in one cause before. With these men at the head Canadians are assured that the most benefit will be gotten from their gifts to the deserving and long suffering little country or our allies the Belgians.

THE WEATHER
TEMPERATURE, TIDE MOON ETC

The tide will be high this afternoon at 12.51 and tomorrow at 1.31; it rises tomorrow morning at 2.42 and Wednesday at 3.18.

The first quarter of the moon will be on Tuesday, June 6th at 7.59 p. m.
The length of today will be fourteen hours and thirty-seven minutes.

Minard's Liniment cures Distemper.

British Losses in Ships Much Less than at First Reported Being Three British Cruisers and Eight Destroyers. The German Losses were about the Same Number of Ships Though Less Aggregate Tonnage. The British Squadron Though Inferior in Number and Tonnage Engaged what was Practically the whole German North Sea Fleet and the Latter Saved Itself from Annihilation by Flight.

(Special to the Guardian.)
EDINBURGH, June 4.—According to information received here the British battle cruiser squadron engaged the whole German fleet which was further favored by the protection of a mine field and with the advantage of light, as the Germans hugged Jutland and the coast. At a critical stage of the fight four British ships of the grand fleet appeared on the horizon, the Valiant, the Barham, Malay and Warspite. The battle then assumed a different complexion. The Warspite attacked by five German ships fought gloriously, sinking or at least seriously damaging three of her assailants. The Valiant rammed and sank an enemy submarine. Eventually the German ships retreated to the great disappointment of the men of the British fleet.

NEW YORK, June 4.—An agency despatch from London says: "The super dreadnought Hindenburg, Germany's newest battleship is reported to have been sunk."
LONDON, June 4.—At the British Admiralty today made the following statement to the Canadian press: "We were out within enemy waters seeking a fight. Our inferior fleet damaged by gunfire, the Admiralty advised them to return to harbor and to give up any plan of action they may have contemplated." It was added that the latest reports received from Admiral Jellicoe and Vice Admiral Beatty had caused a feeling of elation among naval officers.

DEMAND RETURN OF LORD FISHER.
(Special to the Guardian.)
LONDON, June 4.—Daily News calls for return of Lord Fisher, formerly First Sea Lord of Admiralty to head of the navy. "No single event" says newspaper "would more effectively counter danger of diminution of confidence in the navy, if it exists than the return of Lord Fisher who in time of peace brought the navy to a state of unexampled efficiency. The Country needs him in this urgent hour."
Newspaper calls the result of this action the gravest disaster sustained by British navy since the outbreak of the war.

OFFICERS AND MEN WHO PERISHED
LONDON, June 4.—The official statement given out today shows that with few exceptions all the officers on the Invincible, Queen Mary, Indefatigable, Defence and Black Prince were lost. All the officers of the Warrior except one were saved. The Admiralty reports the four midshipmen were saved from the Queen Mary, Commander Dannerruther and one other officer being rescued from the Invincible. All the other officers aboard these battle cruisers and all the officers on the Indefatigable, Defence and Black Prince were lost.

HUNDREDS OF BODIES MARK SCENE OF BATTLE
(Special to the Guardian.)
LONDON, June 4.—A Copenhagen correspondent of the Exchange Telegraph Company sends word that fishermen who arrived at Esbjerg, Denmark, reported they had seen outside Blaavandsskud several hundred bodies of British and German sailors. On the water were large quantities of oil apparently from submarines.

NOT DISASTER BUT GLORIOUS VICTORY

Total British Loss in Ships was Three Battle Cruisers and Eight Destroyers and Britain Still Commands the Sea.

(Special to the Guardian.)
LONDON, June 4.—Latest reports from the British fleet from neutral vessels which witnessed parts of the great naval battle in the North Sea and from survivors cause the British public to believe that the engagement was not so near a defeat as at first appeared and in nowise a disaster. The British losses, with all craft engaged accounted for, were three battle cruisers, and eight destroyers. The German losses are believed to have been about the same number of ships although of much less aggregate tonnage.
British naval experts maintain that Great Britain continues to hold the supremacy of the sea by a safe margin and that her enormous navy could more afford the losses it suffered than could the Germans. The first report of the heavy loss of life, unhappily has not been revised. Great Britain mourns for more than 4,000 of her seamen while the German loss is variously estimated at between 3,000 and 5,000.

CANADIANS NOW IN THICK OF FIGHT

(Special to the Guardian.)
(From Our Own Correspondent.)
OTTAWA, June 4.—The Department of Militia is expecting a special report on Friday's battle in the Ypres salient in which the Canadian trenches were taken under a heavy shell fire by the Germans and subsequently retaken in a vigorous counter attack by our troops. Up to a late hour tonight this report had not been received and the Department is so far dependent upon the press cables for its information.

DEAD AND WOUNDED ARRIVE IN HOLLAND

LONDON, June 2.—A despatch from Rotterdam to the Reuters Telegram Company reported the tugboat Scheel entering the new waterway with dead and wounded men from the naval battle. A steam trawler was also reported on the way to Ymuiden with fifteen rescued Germans including three officers.

SATISFACTORY RESULTS

The Guardian has received from the efficient manager of the Dunstaffnage Central Creamery, Mr. J. P. Simmonds, the following figures in regard to their April business:—
Three local patrons sending in largest quantity of butter fat, Andrew McRae & Son, East Royalty, 373.42 lbs.; John R. Munn Marshfield, 308.55 lbs.; Chas. Robertson, Marshfield, 277.35 lbs.
Three patrons sending largest quantity of butter fat by rail Geo. W. Hooper, Milton, Station, 165.07 lbs.; James Cairns, Freetown Station, 164.35 lbs.; C. M. Howatt, Kensington Station, 149.54 lbs.
The butter fat net the farmers 33.1 cents per pound equal to \$1.28 25 per 100 pounds of milk testing 3.8 per cent butter fat.
Co-operation and centralization will good business management is the key-note to successful dairying.
